Masochist Patrol April 2018.

PRESIDENT'S FOREWORD

While season 2017-18 was one of the more challenging seasons we've had to endure, it certainly ended on a high with Portsea being named the 2018 Victorian Surf Life Saving Club of the Year at the LSV Awards of Excellence in August. This is a fabulous accolade and the first time Portsea has won it. We now go onto the SLSA Awards of Excellence in October as Victoria's nominee for Australian Club of the Year! A fabulous achievement with everything we currently have going on and a great team effort. Congratulations to you all.

With our old Clubhouse finally coming down at the end of November, we had to enact plans to ensure our operations weren't impacted, from Bronze Camp and all of our other education programs, to our social and major events, to equipment storage and maintenance and of course patrol operations and first aid. It was a complex logistical exercise that involved coordinating with numerous stakeholders including Parks Victoria, our builder IB Projects and their various sub-contractors, LSV, Mornington Peninsula Shire and of course YOU, our members.

Pleasingly, everything seemed to go off without a hitch, so to all of you I say, well done and thank you! Well done for getting the job done despite the logistical challenges and thank you for your understanding, patience, hard work and support. While it was an "away" Christmas for me this year with the in-laws, what I did see, along with the news and reports that flowed back, was nothing but positive. I'd like to make very special mention of our Club Captain, Matt Perrott and his amazing Operations Sub-Committee for all of their hard work conducting our Summer Symphony!

With regards to our Clubhouse, as most of you are no doubt aware, we are now well and truly into the rebuild phase. While building in a sand dune has thrown up several anticipated challenges, our new facility is slowly but surely coming out of the ground. Will we be in by Christmas 2018? Only time will tell, but everyone is focused on achieving that milestone, particularly our Building Sub-Committee. A special thanks to Ash Murdoch and his team as they continue to drive the project forward, jumping hurdles as they go. You can read more on the rebuild project through periodic updates via eBoomer and the fixed site camera on the Club's website.

The Committee has also convened a new Facility Sub-Committee under the leadership of Deputy President, Andrew Hewitt, to manage the planning to "operationalise" our new Clubhouse. This group will look at all aspects of the new facility from the commissioning of services and utilities, to the fit out, accommodation model, access and security, cleaning, food and beverage offerings, equipment storage and member usage. Our new facility will involve new ways of doing things and the Facility Sub-Committee has been tasked with optimising our use of this exciting new building. There'll be more to come on this as the build progresses and plans develop.

One of the big pieces of work that has been going on behind the scenes over the last two years is the development of the Club's strategy. Nipper parent and former Accenture Managing Director, Anthony Willmott, has been generously donating his time and expertise to take the Committee and others who volunteered their time, through a series of workshops to more clearly articulate where we aspire to be as a club and how we're going to get there. It's been a fascinating exploration of what our Club truly represents, which has offered up some different ways of thinking.

The Committee expects to finalise the draft strategy document in the coming weeks. The plan is to then circulate this draft to the membership for review and consultation. As part of that process, we will be seeking to hold some member discussion forums to ensure everyone can have their say prior to formalising this important living document, ideally ahead of next summer. The Committee is excited at the prospect of sharing this significant piece of work with you all.

I'd like to congratulate all our award winners who were recognised at our Presentation Night in May. It was a fabulous celebration of everything that's great about our Club and it was heartening to see such a large turnout to recognise the achievements of an ever-expanding group. In particular, I congratulate Hamish McKendrick, this year's John Wishart Award recipient as the Club's best all-rounder. In addition to his role on the Committee as Equipment Director, Hamish led the execution of our operational plan in the absence of a Clubhouse this season, he has been actively involved in competition with the Portsea IRB team, he regularly travels the State to fulfil our Clubs water safety requirements at LSV carnivals and is Portsea's delegate on LSV's Lifesaving Operations Council. Well done to Hamish and all of our other very deserving award winners, including Simon Knight who was recognised as the first person to achieve 10 consecutive years of 100% patrol attendance, a truly impressive display of commitment.

I'd also like to pay tribute to all those committed members who have served our Club this season in an official capacity, whether it be as a member of one of our important sub-committees or as a delegate representing our Clubs interests at a State or National level. A special thank you to my fellow Committee members who all work tirelessly to ensure the smooth operation of our Club. You have all done a fabulous job this season and it's been a pleasure working with you all. I'd particularly like to thank Tim Clark and Hunter Judge. Due to work commitments, Tim stepped down from the Committee earlier this year. We hope to see him back involved once life rebalances! Hunter's role as Education Director has moved to the Operations Sub-Committee, with Hunter taking over as Chair of the Education Sub-Committee. I wish Hunter every success in his new role and we will still see plenty of him at Committee meetings as he brings regular updates on all of our junior development programs. Emily Mellor filled the casual vacancy created by Tim's departure earlier this year, moving onto the Committee in the newly formed Membership &

Nippers 2018 U12 girls swim team GOLD medal.

PRESIDENT'S FOREWORD CONT

Leadership Development Director role, responsible for helping our younger members chart their pathway to future leaders of the Club. I'd also like to welcome Sue Traynor, Life Member and recently appointed Member Protection Officer, who joins Sam Paynter to bolster this important Club function.

Finally, thanks again to all of you, our members for getting it done in what has been one of our more challenging periods. I look forward to celebrating our Clubs exciting next chapter with you all as we excitedly await the completion of our new home. Until then, stay warm, keep fit and remain actively engaged in the activities of the worlds greatest surf live saving club!

Stuart Rayner
President

CLUB CAPTAIN'S REPORT

Taking over the Club Captain role in a time of transition was an exciting challenge. The fact that we executed all our usual activities without a Clubhouse is a credit to the fantastic Operations team, the Committee, many Sub-Committees and our membership.

Figuring out the logistics of the pack-up and the transition to running patrols out of shipping containers was no small feat. A big thank you goes to Hamish McKendrick, our deserving John Wishart Award winner, who coordinated the pack-up, organised the shipping containers and portable "clubhouse", constantly ferried things between the Back Beach and our Quarantine Station storage unit and fitted out our temporary base. Jesse Faulkhead and Nick Tissot were also heavily involved in the process and I can't thank this crew enough.

At the start of the season, I mentioned a few goals: Member Retention, Transition and Competition. I'd like to reflect on these as we review the season just passed.

Annually, the Operational Committee conducts a debriefing and a review of who might become the next generation of leaders of our Club. This years discussion was longer than ever due to the growth in number of engaged younger members. It was amazing to see all the applications for instructors on Silver Camp in 2017, and the number of younger members who completed part-time Bronze this year. While our retention of younger members after Bronze Camp is growing, it is a goal that we will continue to pursue and improve on.

The transition into our new Clubhouse has certainly started. We're forming a team of people to work on what the operations in the new Clubhouse might look like, and we will be seeking feedback from the membership as we embark on this new chapter.

And what a season for competition! I'll leave the details to our Competition Director, but it's safe to say our competition team is firing on all cylinders. The competition management team has been

innovating and driving change over the last few years and we certainly saw the results this season. Well done to all the hard working athletes, officials, managers and coaches. I see our competition team as a key pillar in the Clubs future success and I can't wait to watch and support the current wave of momentum.

With each season comes many learnings and new ideas. Patrolling the beach is our number one priority and over the winter months we'll be looking at strategies to revitalise patrols, ensuring each patrol is skilled, committed and engaged. We'll also be looking to implement a new communications strategy that will allow open and consistent communication across our organisation. As always, the Committee and I are open to new suggestions and feedback, we'd be silly not to leverage the experience and intellect of our diverse and engaged membership!

Thank you to everyone for your continued commitment to Portsea SLSC, especially in a tough season. An exciting future awaits, and I can't wait to experience it with you all.

Matt Perrott
Club Captain

SECRETARY'S REPORT

While our presence on the beach was restricted by the absence of a clubhouse this season, our focus on continuing to improve the running of the club continued unabated and we took advantage of the pre-clubhouse period to make several important changes.

One of the most apparent changes was the new membership fee schedule, which was approved at last years AGM and implemented for the 2017-2018 membership year. This change was important for our ongoing management of the clubs finances and we thank all members for your support of the new fee schedule.

Our move towards electronic record-keeping continued, with all Committee documentation now stored electronically and all the clubs payments are approved online. We have been pushing our website provider to complete a technology upgrade to the clubs website which will make it easier for us to make updates to the content and although their progress has been disappointingly slow, we hope to be able to release the updates soon.

Our Treasurer, Angelo Biviano, has driven a range of improvements in our financial management, including a push for the important decision to move all the clubs banking arrangements over to Westpac, who have been very supportive of our needs, especially in relation to the rebuild project. Our updated budget procedures are now locked in place and will continue to be refined over time. Angelo has also improved the clubs financial reporting procedures and again were able to confidently pass the year end accounts to our auditors within a few weeks of the end of our financial year in preparation for presenting fully audited accounts at the AGM.

SC 2018
Club Members
Helping Out.

SECRETARY'S REPORT CONT

The Committee has continued to function well and has valued input from all sources. This year we welcomed Hamish McKendrick to the role of Equipment Director and he has taken to the role with gusto and loads of new ideas. Hunter Judge took on the substantial role of Education Director and has continued the great work of his predecessors.

During the year, Tim Clark resigned his position as general director on the Committee due to professional commitments and the resulting casual vacancy was filled by Em Mellor in the role of Membership and Leadership Development Director. We thank Tim for his professionalism, commitment and wise counsel over the past three years and welcome Em back to the Committee.

This year the Committee has continued to emphasise succession planning of Committee roles to help us keep the group fresh and dynamic. We expect a number of Committee roles to transition out over the next two years, so I would encourage anyone with interest in serving in any of the clubs highly rewarding Committee roles to contact Stu Rayner, Andrew Hewitt or me.

I would like to again recognise Ian Campbell for his contribution as Club Historian. His persistence in locating and assembling the clubs historical records has been incredible.

Thanks also goes to our club administrator Emmaline Paterson, whose tireless work behind the scenes keeps our records and administration in order.

Our focus for next year will be to continue to improve and expand our management and administration procedures, continue to improve our use of technology and respond to the new requirements that are bound to spring up as we make the transition into our new clubhouse.

Rob Mellor
Secretary

HISTORIAN'S REPORT

Boomer

Work on cataloguing back copies of the Boomer was completed at the end of the 2016 - 2017 season however I have continued to seek copies of Boomers held in the private collections of our senior members. Searching the State Library of Victoria catalogue has resulted in the discovery of a Boomer dated July 1956, a copy that we did not have in the archive and now the earliest Boomer in our collection. A further gem was discovered in a box of documents presented to the archive by Life Member Gus Milligan. This was an original of a Boomer dated April 1963, also an edition we did not have.

Minutes of Club Committee Meetings

The focus for the second year of my involvement in managing the club archive has been the consolidation of club committee minutes and committee reports in paper form. The club now has a complete set of

meeting minutes and committee reports from January 1983 through to December 2015, filed in binders by month and year, along with electronic copies on CD's. Committee minutes post June 2010 to the present date are stored on Google Drive.

Photographic Records.

The collection of pictures on the clubs web-based archive was created by Portsea member the late Rick Berry. Over the last year I have worked with our senior Life Members to name the subjects in many pictures stored in the 1950's and 1960's eras.

Curated Collections

The archive provided copies of past Boomers for display at the Last Drinks function held on Saturday 17th January 2018 which was organised as a farewell to the old clubhouse. Boomers and photographs were also provided for display at the function held on Saturday 31st March 2018 to celebrate the induction of the clubs latest Life Member, Sophie Riddell.

A Boomer article was prepared for the 50th anniversary of the death by drowning of Australian Prime Minister and Portsea club patron Harold Holt while swimming at Cheviot Beach in the Pt Nepean Park. The article used first person reports by club members Ian McEachern, Norm Adams and Gus Milligan and centred on the activities on the beach at Point Nepean, and at a carnival that the club attended on the day Holt disappeared. The club was also invited to send representatives to the commemorative ceremony conducted at Cheviot Beach on Sunday 17th December 2017, the 50th anniversary of Holt's death. The delegates were current President Stu Rayner and past active members Ian McEachern and Julian Hunt.

Ian Campbell
Portsea SLSC Historian

LIFE SAVING DIRECTOR'S REPORT

Going into this season without a clubhouse, we all knew it was going to be challenging summer ahead for everyone. The season had its ups and downs, as most summers do, largely due to having no shelter from the elements, but I am thrilled with how the season panned out in the end.

This season we saw many of the U/14 Nipper age group start their journey through patrolling, leading into our fabulous cadets and Bronzies. It is always great to see so many new faces on the beach and despite having no LSV inspections this year, I'm sure we would have done amazingly well if they had gone ahead.

Everyone's hard work and dedication to patrolling at Portsea really makes the wonderful club that we are. Without you all putting up your hands to help patrol the beach week in week out we wouldn't be where we are today as a club.

I would like to recognise Simon Knight, who this year has achieved 10 consecutive years of 100% Patrol Attendance since the introduction of the 100% award.

Vic Titles 2018 Nick Tissott Gold Open Flags.

LIFE SAVING DIRECTOR'S REPORT CONT

This is no easy feat and I'm sure I speak on behalf of everyone at the club to say congratulations and thank you!

Congratulations to all the patrol award winners this season:

Patroller of the year	Oli Scalzo
Red Towel award winning patrol	Usual Suspects
50+ Patrol Hours	

This season we had 11 members achieve over 50 patrol hours. Congratulations to:

Bec Gould	144hrs
Hamish McKendrick	81.5hrs
Oli Scalzo	78.3hrs
Andrew Kiss	74.3hrs
Simon Knight	69.5hrs
Sas McNamara	68.3hrs
Jimmy Unkles	64.5hrs
Darren Kerr	57.8hrs
Jesse Faulkhead	57.3hrs
Nick Tissot	56.8hrs
Steph Mahon	51hrs

Patrolling Excellence awards

The 100% Patrolling Awards are a series of awards for rostered patrolling excellence. To be eligible for the Bronze Award, an Active Member must be financial, have re-qualified and attend all rostered patrols in a season. Patrol Captains and Vice Captains are awarded the Silver Award for 100% attendance. The Gold Award is presented to an active member who has achieved Bronze or Silver awards for five consecutive years. My congratulations to all the 100% patrol attendance award recipients.

10 Years Award:	Simon Knight (C)
Gold Award:	Greg Toland
Silver Award:	Dwight Harrison (C)
	Sas McNamara (C)
Bronze Award:	Tim Adams
	Julian Byrne
	Ian Campbell
	Janet Theodosi
	Craig Evans
	Darren Kerr
	Simon Traynor
	Charlie Traynor
	Lyndall Willis
	Bec Gould
	Tyrone Smoger
	Jimmy Unkles
	Henry Kiss
	Rebecca Kiss
	Simon Wilson
	Oli Scalzo

Patrol MVP:

Legends	Oscar Peddle
Leroys Masochists	Paul Hunter
Unkle Tye's	Hugo Taylor
Usual Suspects	Henry Kiss
Mighty Ducks	Andrew May
The Green Room	Jess Bradshaw
Cruisers	Oli Scalzo
Moe's Tavern	Jess Lamb

Thank you for everything that you all do. Without you we would not be the lifesaving club that we are today. It's not always easy work patrolling but your work does not go unnoticed. I look forward to patrolling with you all next season, hopefully with our new clubhouse.

Bec Gould
Lifesaving Director

EDUCATION DIRECTOR'S REPORT

With new camp management at the helm and an unfamiliar location, our first Bronze camp at the local Portsea Camp was nevertheless a huge success! Our experienced Chief Instructor Chris Perrott, alongside the newly-appointed Andrew Theodosi, led the tightly-knit group of instructors seamlessly throughout the week. Additionally, alongside our usual 90-strong cohort of Bronzies, this year we had the honour of taking on board a number of candidates from our partner club, Mildura Lifesaving Club. We hope they enjoyed their Peninsula surf experience and look forward to seeing more make the trek down next year!

Thanks to our Chiefs, Senior instructors and camp organisers once again for their help, in addition to Portsea Camp, who took us on board with open arms!

Seniors Competition Team Lorne Penrynats

Silver Camp 2018. Pick it up and walk.

Masters 2018 Lyndall Willis, Bev Thomas

Nippers 2018 U14 boys 2 km Beach Run Bronze Lou McDonald.

EDUCATION DIRECTOR'S REPORT CONT Part-Time Bronze

This year saw a group of 17 candidates achieve their Bronze Medallion on our part-time program. The wide variety of participants on this year's program was really encouraging, with a number of longer-term members finally getting around to obtaining their qualification to patrol alongside their son, daughter, brother, and even parents!

The part-time Bronze program was gifted with the experienced Jim Unkles to take charge of this somewhat less stressful Bronze Medallion program, alongside the terrific assistance of the likes of Jesse Faulkhead and Henry Kiss. Our thanks goes to them and we look forward to their participation again next year.

Silver Camp

This year our Silver Camp saw yet another increase in candidate numbers. The selective nature of the camp really brings out the best of the young and upcoming talent throughout the club, with the Back Beach once again being inundated with IRBs swarming around the surf to the delight of the candidates. The camp also saw great engagement from our instructing cohort, with many of the camps current instructors having attended the camp themselves the year prior.

Our thanks goes out to the tremendous Rebecca Morris, who, after running the camp consecutively from its inception, has decided to step down as Chief following last year's camp. We wish her luck in the future and hope to see her around on our fast approaching 2018/19 programs.

Cadet Camp

The challenge of running our Cadet Program without a clubhouse was enthusiastically accepted by this year's Chiefs, Hamish McIlroy and Jess Lamb. The camp, which was largely based within Point Nepean, saw a strong cohort of 81 candidates fine-tuning their surf rescue skills. Although many of the activities were fitness and skill based, we were excited to process a number of new Surf Rescue Certificate holders, all of whom we hope to see continue on to our Bronze Camp next year!

Thanks must be given to the experienced board legends who took time out of their summer to help with the camp, alongside our talented up-and-coming instructors and of course, our Chiefs Jess & Hamish.

U/14 SRC

This year's camp was headed by Nik Rathmayr and Tim Brend, two young and exciting instructors making their way up the ranks within our education program. Working alongside the Nipper program and with the help of their instructors, they were able to pull off yet another successful program for 74 participants. The camp's tight schedule does not leave much room for error, but that was not a problem for our excellent instructor group who ran the camp seamlessly.

JUNIOR DEVELOPMENT DIRECTOR'S REPORT

What an outstanding season! Our U7 Little Nippers helped drive our numbers to over 650. The action-packed program saw three Ripper Nipper days where all age groups headed to the Back Beach. Every age group had highlight moments, from the little ones, where a duck dive is a big deal, to the life time memory of a swim and board paddle around Hueys for many of the U/12s and U/13s. The experience of Surf Swimming at a young age cannot be underestimated. Confidence and education is everything!

Our huge team of over 100 parent helpers and bronziees was flat out for the entire program. The added challenge of running the program at the Back Beach from the Nipper Trailer, without a club house, was not an issue. The only mild inconvenience for the kids was not having boards to take out into the surf after the program finished.

Seeing the Back Beach buzzing on those perfect Ripper Nipper days was the most satisfying memory of the season.

The buzz around the club was evident in the lead up to the two marquee events for the summer.

The Nipper Disco held at Quarantine Station for the kids and the Cocktail Party at the Portsea Golf Club for the big kids.

Without doubt, a great night was had by the 400 plus nippers rocking the house down at the disco, definitely the highlight of the kids social calendar.

Over 350 parents and friends of the club attended the annual Cocktail Party, which is always the traditional night to say thank you to everyone involved in the program. Our Cocktail Party committee put on a

Masters 2018 Darren Kerr, Henry Kiss, Brett Croft.

JUNIOR DEVELOPMENT DIRECTOR'S REPORT CONT

wonderful event. It's great to watch the kids grow up to be fine young adults, giving up their time to the club they all love.

See you on the Beach for the 2018/19 season.

Sam Paynter
Junior Development Director

EQUIPMENT DIRECTOR'S REPORT

Stepping into the role of equipment Director this season has been challenging and rewarding and would not have been possible without the amazing team of members and mentors I had behind me! With the knockdown of our building, this season was never going to be an easy one.

The season snuck up on us, with the shipping containers that would house all our equipment for the season, arriving on the first day of patrols.

The containers required some modifications, such as the fitting of racks, which took place throughout the first few weeks of patrol. Although the arrangements were not perfect and patrolling logistics were challenging throughout the season, it was fantastic to see our members dealing with the limitations, not complaining and making the most of a challenging season. With the season in full swing it was fantastic to receive constant ideas for improvements, whether it be different layouts of containers or fencing, different engine tanks, solar panels to charge the radios and every other idea that came.

The operational team and I thank those members who offered these suggestions and helped implement them. It is great to see the problem solvers of our Club in action, striving to make things as simple and efficient as possible for everyone.

The logistics of the season took a lot of preparation and planning. With the weather dependent daily transport of gear between our storage facilities at Point Nepean and the Back Beach, or gear being sent away for repairs, there was a massive amount of movement, not only with equipment but also the contents of our beloved old building. I would like to thank Jesse Faulkhead for his guidance and assistance with this. He is the person who I would call at all hours of the day with an idea (good and bad) and hear his years of experience shine through. I couldn't have done it without him. Furthermore, I would also like to thank our new rescue board officer Henry Edwards. Henry put his hand up at a time when he was really needed. Moving boards around the day after receiving his car licence, organising repairs, and purchasing new boards were just some of the day to day activities which Henry undertook. Thank you for your initiative, Henry. Finally, to everyone else, including Simon Knight, Nick Tissot, Stu Rayner, Kelsey Hill, Matt Perrott, Laura Cantwell and all our members who made my job easier. Whether it be moving out of the old building or helping fit out containers, moving equipment, Swim Classic, P2P or the day to day stuff, these people made it so much easier.

As we edge closer to moving into our new building, we are also preparing our fleet of equipment to fill it with! As some may be aware we welcomed a new IRB this season, the "Darren Spot Kerr", which was unveiled at the Swim Classic Celebrations. The club has also taken delivery of two new outboard engines and we have plans for more equipment to support our patrolling requirements, Nipper program and our growing competition team. Portsea has ordered a new ATV and a new patrol trailer which will speed up patrol setup and pack up significantly.

Thank you to everyone for your support in a challenging but rewarding season!

Hamish McKendrick
Equipment Director

CLUB HOUSE REBUILD UPDATE REPORT

The Clubhouse rebuild project continues to make progress, despite a few setbacks. As anyone who has ever built a two-storey sandcastle will tell you, working with sand can be hard work! Unlike "normal" builds, our clubhouse literally sits on a bed of sand, with a rock platform some six to seven metres below.

Our delays have been caused by a number of dune collapses, the discovery of asbestos, which had been buried under the foundations of the old building, and a range of engineering challenges which arose in the construction of the sheet pile wall.

Pleasingly, the sheet pile wall on the water side of the site which will protect the club from a 1-in-100 year storm is now in place and on the northern side, we have a solid retaining wall in place. With the ground floor slab now laid, the scale of our new home is clearly evident. Suddenly, our Clubhouse is rising out of the dunes, with the ground floor walls quickly going up. Before we know it the first floor suspended slab will be poured. You can stay up to date with progress via the website and eBoomers.

While we are all focused on the actual build, it is timely to remind everyone that we are still seeking to raise \$600k to cover all of the costs of the Clubhouse. Without further support, the Club will be required to borrow to fund the project, something we all would like to avoid.

While acknowledging supporters, it is timely to again thank the State Government of Victoria, the Mornington Peninsula Shire Council, and the many local community members and club members who have contributed to the rebuild. If you have not yet done so, please consider how you can support it.

Matt Mahon
Building Sub Committee

SOCIAL DIRECTOR'S REPORT

With an exciting clubhouse redevelopment in the works and an ever-growing social scene at Portsea SLSC, it has been an absolute pleasure to organise the social calendar for another year. With the help of the various committees that form the backbone of Portsea's operations, we managed to maintain a jam-packed season of social events, even without a clubhouse. With four President's Clubs, a Swim Classic After-Party, Captain's Barrel, Nipper Cocktail party and Presentation Night, all at different venues across Portsea, Sorrento and Melbourne, this season will certainly be one for the history books.

Many thanks to Matt Perrott and the Operational Committee for their amazing support helping to put together these events. It has been an exciting time for the club and to see the buzz around the new clubhouse at our social events is thrilling to say the least.

The formalities began with the Portsea Barefoot Cinema Night held in early January. The Portsea Barefoot Cinema kindly offered Portsea members discounted tickets to attend a surf-themed movie night in the outdoor cinema located in Point Nepean National Park. With a strong Portsea crowd of all ages under our own Red and White marquee, it was a great way to get the season started. Thanks to those who came along, and the Barefoot Cinema, for a fun night!

The scenic tour of venues across Sorrento and Portsea continued at our first Presidents Club of the season. The Sorrento-Portsea RSL welcomed us for our first President's Club and we enjoyed delicious Thai nibbles from Sorrento Thai next door. There were a few red cheeks after some pumping surf and hot weather on the day, with most (including myself) coming straight from the beach to enjoy a few cold beverages.

This year we made the decision to move the Club Championships from its traditional date of Australia Day to the second Saturday of January to encourage attendance from all age groups and to celebrate the winners with a Club Championships After Party. Although the weather was wild and woolly, attendance was far higher than we've seen in recent years. The competitive banter followed through to the After Party held at the Sorrento Bowls Club. Despite patchy rain and overcast skies there were still many trying their best to gain redemption in barefoot bowls and we congratulated the club champions with drinks and a good old-fashioned BBQ dinner.

The 2018 Swim Classic After Party was held at the Commanding Officers House and Grounds in Point Nepean National Park. Looking out across stunning views from the Commanding Officers House we relaxed and celebrated another incredible Portsea Swim Classic. We thanked the members for their efforts at the Swim Classic and unveiled the boat named after Darren "Spot" Kerr. Thanks to Peninsula Paella for feeding the 150 hungry Swim Classic helpers, Chris Perrott for DJ-ing, our four bar staff and special mention to Nick Tissot for helping me with the

clean up the next day! It was a fantastic night that will be a memorable one for many of us.

Our last President's Club in late January was held at the relatively new venue, Home and Hosed Sorrento. We used their beautiful outdoor and indoor space to finish up the peak summer season. With live music, BBQ and cold drinks it was a great way to wind down before most of us headed back to work or study. Many thanks to the helpers on the night and to our friends at H&H for their hospitality.

Captain's Barrel this year was held at All Smiles Sorrento, another amazing venue with ocean views, usually used for wedding receptions. Thanks to Matt Perrott for putting the night together despite the difficulties of finding a local venue available on Easter Sunday! It was an awesome night with plenty of classics bursting through the speakers (Horses, Drops of Jupiter, Rain, etc). All Smiles really looked after us on the night with delicious nibbles and amazing service, so thank you All Smiles!

To cap off the season, Presentation Night was held at the Baker's Wife Cafe in Camberwell. It was another new venue for the club and it worked extremely well, with over 130 attendees eagerly celebrating the year's achievements. Special mention to Hamish McKendrick for winning a handful of awards, including the John Wishart Award and the Golden Shovel! Club Historian Ian Campbell brought along a photo album from the Rick Berry collection that covered the 1992-1997 period with many shots of current members still contributing and patrolling on our beach, sparking lots of good memories.

Thanks again to everyone who has helped make this season such a memorable one! Remember to like Portsea SLSC on Facebook and Instagram for updates!

Max Mellor
Social Director

COMPETITION DIRECTOR'S REPORT

The 2018 competition season saw increased competitor involvement and commitment across all areas of Portsea's competition team. Strong foundations laid by team managers, coaches, supporters and parents created an avenue for a vibrant competition culture and future growth. Portsea's 2017/2018 Competition Season was run and managed by the following members:

The predominant change for our Senior team from the 2016/17 to 2017/18 season was focusing on assisting and guiding transitioning members from the Nipper to the Senior Competition team. Planning for this transition group began in early 2017, with managers identifying this as the first group to transition from Nippers to Seniors in many years. Ten members in total from the U14 Nipper age group successfully transitioned with the implementation of new training, team managers and parental support. These members would join existing Portsea athletes and new recruits from our Frankston High School affiliate program, run by Rowan Cameron.

P23P 2018 Twenty Year Awards.

COMPETITION DIRECTOR'S REPORT CONT

Senior Competition Team Report

Our senior team attend 2 local target carnivals and the Victorian State Titles, held in Apollo Bay.

The first target carnival, Lorne, was a double header weekend with our Masters competing on the Saturday, followed by a senior carnival on the Sunday.

This provided a fantastic opportunity for our newest U15 members to ease themselves into the senior competition program with flat surf and beach conditions. A total of 23 Portsea athletes attended the Lorne carnival, made up of 8 Surfboat rowers and 15 senior competitors. All members tried their hand at a range of events, from the beach sprints to flags, iron women's to board rescues and most events in between. Point Leo, our second target carnival, senior team members built on teams established at Lorne, primarily beach sprint relays, board relays and tube rescues. The weekend was a great success with over 30 senior athletes competing, bringing home a total of five podium medals.

The 2018 Senior Victorian State Titles at Apollo Bay saw Portsea's largest contingent of competitors in more than five years. A team of 23 Portsea Senior competitors, a mixture of beach, water and surfboat rowers, headed to Apollo Bay to take on the state's best in what was forecast to be exciting and interesting conditions. This season's team comprised a wide range of athletes, including two Nippers, two Cadets, an Open male, twelve Open Female rowers, four Open Males rowers and supporting Surfboat sweeps. A diverse bunch, but all members were focused on strong racing and giving each event their all, proudly wearing the Red and White Portsea competition caps. The outstanding efforts and results from all members of the Portsea Competition Team saw our club placing equal 15th out of 29 clubs.

Portsea SLSC Surfboat Competition Team Report

Our Surf Boat rowers achieved pleasing results given the number of obstacles faced by each crew. Injury and work commitments severely affected the Open Women who started the season with a convincing win over the Lorne "Edge" crew, which finished second at the Aussies. The Open Women rowed back into form for the Victorian and Australian Championships, narrowly missing out on a silver or bronze at the State Champs. The Under 23 and Reserve women were, essentially, novice crews and the Open Men's crew was a late season amalgam of two Under 23 rowers and two Open rowers.

For the future we have a very promising group of athletes who, I hope, will form the core of an even stronger Portsea Boat Section into the future.

Equipment wise, we are reasonably well resourced, however we will need to complement the present inventory with new gear in the foreseeable future. At present we have four boats: two race boats and two older training boats, together with three and a half sets of rowing oars and one (recently purchased) sweep oar. We are well placed for trailers (including a double decker which we have committed to purchase

from Mornington LSC). Our two best boats will be placed in "cotton wool" until next seasons competition program. In the interim we will be using the two older boats for winter preparation and surf sessions. We have an urgent need for two more boat covers.

We would expect that next season's preparation will commence very shortly with ad hoc surf sessions followed by a more structured pre-season preparation commencing early July, or sooner, as crew members become available.

IRB Team

Portsea's IRB Team continues to race well despite the chilling winter conditions. They have competed strongly over the last three carnivals with a very young and inexperienced team. Our team is planning to compete at the World championships that will be held in Adelaide, this will certainly be a terrific experience for all attending.

Nick Tissot

Competition Director

Note: Our Competition Director was too modest to include it in his article, but Nick Tissot won a gold medal in the Open Flags event at the Victorian State Titles. Well done mate!

PORTSEA MASTERS TEAM CAPTAIN

Victorian Masters Titles

It was another great, large team that represented Portsea at the Masters this year, with a healthy mix of long-term members and newbies. Lorne turned it on again with the weather, and although the surf was typically small, the shore break was testing, making wades and starts competitive. There were 26 clubs competing and over 400 competitors racing in water, craft and beach events.

Our women's contingent was the largest for over a decade with Lyndall Willis, Bev Thomas and Fiona McLean representing the club. They raced in the women's surf race, board race and tube race and Bev, who only recently joined the club, won gold in the 2km women's beach run. Bev was so fast she smashed the men in same age bracket with only one beating her across the line. It was great to see our Portsea Masters women race and we can only hope to build on their numbers over the next year.

Our men's team was well represented in water and beach events. Our Red and White colours were dominant in nearly every event with 33 gold, silver and bronze medals won in individual and team races. Our surf skills and tactics were evident both in the water and on the beach, with our runners flying across the sand. The team raced for over nine hours in multiple events but the team morale and strength was electric, so everyone was running on a high - pushing and encouraging each other. The banter was hilarious and the competitiveness was fierce but fun, adding to higher results.

PORTSEA MASTERS TEAM CAPTAIN CONT

At the close of the carnival, after racing in multiple water and beach events the team was spent, but the medal count was huge and the beers at Lorne Surf Club and after party and dinner at Lorne Hotel made it all worthwhile. The only injury on the day was Simon Traynor doing his shoulder: The word was that he had over-trained the week prior!

Our Masters Team is made up of dedicated core of individuals who come together to race as one. Our club should be extremely proud of the team. To see the medals achieved and passion shown is everything in a great club. Our opponents fear us, watch us closely, try to listen to our tactics, are envious of us and of our beach and admire our patrols and the surf that we have.

Well done team - 33 medals achieved! Thank you all for your commitment, team effort and support. I look forward to racing again next year and convincing more of our new or existing master members to race, male and female.

Dwight Harrison Portsea Masters Team Captain

Nipper Competition Team Report

Portsea's Nipper Competition Team again went from strength to strength, with almost 100 nippers representing Portsea over the duration of the season.

As an extension of the broader Portsea Nipper program, the competition team provides an opportunity for Nippers of all abilities and their families to engage in training, competition and social events over a five or six month period.

Portsea had members at every carnival across the season, from the State Endurance Titles at Half Moon Bay in November, through to the State Titles at Warrnambool on the March long weekend, where we had a team of 61.

At the Victorian State Titles, Portsea finished a best-ever 6th overall amongst the 57 lifesaving clubs in Victoria, winning 13 medals in team events and 13 medals in individual events.

While there were many individual and age group team highlights over the weekend, the number one highlight was the fantastic spirit and sense of team play shown across the group over the weekend. We are lucky to have such a wonderful group of people involved in this team, great Nippers, amazingly supportive parents who make a massive contribution, great coaches, age managers and others from around the Club who contribute to the overall result. It is also a reflection on Portsea's general Nipper program, which rightly has a reputation as one of the finest in the State.

Our team Captains were: Alex Croft, Steph Hunter, Georgie Kerr, Mimi Stoupas and Tom Regan

A number of our Nippers should also be singled out for their achievements over the season:

Steph Hunter and Tom Regan on their selection for the second successive year in the Victorian State Team;

Portsea performers at the State Endurance Titles (Half Moon Bay):

Tom Regan gold U14 2 km swim, bronze 4 km board race
Harvey Larke silver U13 1 km swim, 7th 2 km board race
Miles Regan silver U12 1 km swim, 4th 2 km board race
Xavier Purcell bronze U13 2 km board race, 4th 1 km swim
Steph Hunter silver U14 2 km swim, 10th 4 km board race

I would like to thank the many people who made all this possible. Firstly, the great committee who have worked hard to advance the Nipper competition team, specifically Sam Kerr, Brett Croft, Nat Hood, Darren Kerr, Meg Dowling, Anthony Purcell, Julian Grainger and Nick Tissot.

Our coaching panel, who have worked with our nippers to further their skills, enabling our best ever results, Nat Hood, Julian Grainger, Henry Kiss, Meg Dowling, Anthony Purcell, Stu Larke and the dozen or so others who have dropped in to assist for a session here and there. Thank you also to John Vains who provided professional coaching services to the Portsea team and ongoing support to many of our nippers.

To our selection panel, who took on the task of implementing our policies and did a great job, Nat Hood, Kate Richardson, Meg Dowling, Anthony Purcell and parent observer Simon Wilson.

I would also like to thank others such as Suzie Betts (entries and uniform), Matt Allen (countless logistics and storage provision, and Jason Winnett and Nick Tissot for tent transport, and sponsors EY and Winnett for their ongoing financial support, ensuring we compete on the best possible equipment.

Finally, I'd like to thank the Club Committee, and specifically Nipper director Sam Paynter, and Competition Director Nick Tissot (who also drove to Warrnambool to do a water safety shift driving an IRB!) for all their support over the season.

Matt Mahon Team Manager Portsea SLSC Nipper Competition Team

MAJOR EVENTS

Portsea Swim Classic

The 2018 Portsea Swim Classic was another huge success. With over 4,500 people descending on Point Nepean National Park for everyone's favorite open water race on Saturday 20th January, the weather gods turned it on, delivering near perfect conditions. We're pleased to report that this year's Swim was a complete sell out! We enjoyed a record number of online registrations and saw a record number of on-day entries taking us to our cap of 1,800 swimmers, an amazing turn out!

The Portsea Swim Classic Gold, our 2.5km swim course for those competitors looking for a greater challenge, was capped at 300 entrants and sold out very quickly this year.

Congratulations to Georgia Stott and Sam Sheppard on winning the 2.5km Portsea Swim Classic Gold, we hope to see you back in 2019 to defend your titles! The main event, the Open 1.5km Portsea Swim Classic, was taken out by Kelly Stubbins and Sam Sheppard.

In the highly anticipated and hotly contested Hahn SuperDry Dash 4 Cash, a large crowd watched Matt Gronow swim a commanding race to get his hands on the \$1000 first prize. The women's race was also hotly contested, however unfortunately both the first and second place getters were deemed ineligible to claim the prize money due to the age restrictions on the over-18 event. That left Georgia Stott and Kelly Stubbins, who were going stroke for stroke in third place when the proverbial music stopped, to claim the cash!! New registration processes will be implemented next year to avoid such confusion.

We simply could not run the event without the support of our generous sponsors and partners. We'd like to say a BIG THANK YOU to our 2018 team - Major Sponsor Blazer Clothing; Gold Sponsor and Dash 4 Cash sponsor Hahn SuperDry; Silver Sponsors Australian Skin Cancer Clinics and Mornington BMW; Event Sponsors and Partners Splitrock Tiro, Australian Bananas, Orca, Bulla Family Dairy, Simone P'r'le, Minor Figures Cold Brew Coffee, Funky Trunks/Funkita, Swete clothing, World Series Swims, Engine, Swim Seal, Portsea General Store, Carman's Kitchen, Harvest Box and Body Glove.

A big thank you to the Portsea Swim Classic sub-committee: Deb Grooby, Mark Grooby, Christine Walton, Craig Evans and Dick Fisher for their countless hours and many months of hard work.

Thanks must also be given to the many Portsea volunteers who gave their time not only on the day, but also in the days, weeks and months leading up to the event. Their hard work makes the day possible and is greatly appreciated!

We look forward to an even bigger and better 2019 Portsea Swim Classic to be held on Saturday 19th January 2019. Until then, keep training and see you next year.

Darren Kerr
Swim Classic Director

Pier to Perignon

The 30th year of running this highly popular long course event was always going to be special.

The 30th time our Humble Founders were going head-to-head, the return of the spectacular war-bird fly-over and participation by the reigning Rio Olympic 1,500m freestyle champion Gregorio Paltrinieri, out visiting from Italy.

Our sponsors were there to support us in person, Kay and Burton real estate for the 14th time as Major Sponsor, and returning supporters Moet Hennessy, Baked in Portsea, Scicluna's of Sorrento, Emma & Tom's and new sponsor Natatio Swimwear. Thank you for your support.

What was not so well known was that Humble Founder Ted was going to be a late withdrawal. Severe back pain was going to put an end to his 30-year participation, although we believe this news was kept from fellow Humble Founder Robbie until he waded out at Portsea!

The forecast was spot-on with flat conditions and an off-shore breeze, we just needed to wait for the 11am ferry to pull away from the pier and then out of the skies appeared pilot Jim Wickam flying a 1995 Russian Yak out of Tyabb Airfield and doing Derry Turns, Half Cuban Eights and Victory Rolls and before you could yell "let's get going" the hooter hooted and off we went.

First to hit the beach at Portsea was Gregorio Paltrinieri in a time of 35:57. He was always going to be tough to beat although the world record of 32:46 set by Zac Charlton in 2011 remains as the target for future winners. First female to complete the course, and 10th overall, was Tracy Weimar in a time of 41:37.

The presentation went smoothly as usual with Graham Wells handling the trophies and Robbie doing a mighty job of MC-ing the event. Ted took the microphone and reminisced for a while before the trophies were presented to the winners by Liz Jensen, representing Kay and Burton.

P2P Event Director Peter Wilson expresses his gratitude to the leaders of the main areas on the day: Craig Evans in the registration tent, Hamish McKendrick and Jesse Faulkhead heading up the water safety team, Andrew Regan with Lloyd Perrin managing the finish area and the team of Paul Hunter and Mark Pizzi staffing the BBQ. These managers were supported by a horde of members, most of whom have given of their time year after year to ensure the P2P remains the premier open water swim in Victoria.

Ian Campbell
P2P Committee

P2P 2018 Robbie, First 30 Year Award with Ted.

RECOGNITION AND CONTRIBUTORS

Victorian Surf Lifesaver of the Year

The Wishart Medal is named in memory of Portsea Club Captain John Wishart who tragically lost his life at the Portsea Back Beach in 1956 and is awarded to Victoria's Surf Lifesaver of the Year. Portsea members who have been recipients of the Wishart Medal:

1959	Peter Glenn
1974	Brian Hall
1979	Steve Reid
1988	Tim Hart
1990	Natalie Hood

Australian Surf Lifesaver of the Year

The Australian Surf Lifesaver of the Year award is presented annually at the Australian Surf Life Saving Championships.

1990	Natalie Hood
------	--------------

Life Saving Victoria Presidents Commendation

This award is made by the President of Life Saving Victoria to recognise outstanding service by a club member over an extended period of time.

2011	Ian Campbell
2016	Tim Hart

Life Saving Victoria Life Members

The following members of Portsea SLSC have also been awarded Life Membership of Life Saving Victoria for services to surf lifesaving in this state.

Mil Napthine (Dec'd)	1962
Roy Boyce (Dec'd)	1981
Natalie Hood	2018

Surf Life Saving Australia

National Medical Advisor and Portsea Life Member Dr Natalie Hood continues to serve Surf Life Saving through her involvement with our peak body and as SLSA delegate on the Australian Resuscitation Council.

SPONSORS

The Portsea Surf Life Saving Club is supported by a large and diverse group of sponsors who contribute funds and equipment to the Club. We depend greatly on this support to ensure the community service we provide to the public using the beach is first class. Portsea SLSC gratefully acknowledges the generous support of our loyal partners and sponsors, most of whom have faithfully supported the club, its operations and events for many years.

Rebuild Appeal

The club acknowledges our Cornerstone Donors and all those who have contributed to the Rebuild project.

Cadet	81	78	76
TOTAL(4)	2,447	2,489	2,567

Notes:

The club's membership database has undergone extensive updating over the past 2-3 years to improve its accuracy. The following notes accompany the membership table shown above:

1. Associate Life Membership - is a category of that was reserved for a group of members who materially assisted with the formation of the club in 1949. All these members have now passed away.
2. Family Memberships, the number of family groups who are members of the club. In previous years this group has been reported as "Family Members".
3. Additional Family Members, members who belong to a family membership other than the primary family member. This group has been created over the past 2-3 years to ensure that we have adequately recorded all family members who are members of the club.
4. TOTAL: the membership numbers in the table include a degree of double-counting due to members being part of more than one group (e.g. Nippers are also Additional Family Members; some life members are Active patrolling members). The Total figure reported at the foot of the table excludes double-counting and represents the total number of current members of the Club.
5. Active Members: includes all members who are rostered to patrol or who have patrolled this season.

**AUDITOR'S INDEPENDENCE DECLARATION
UNDER SECTION 60-40 OF AUSTRALIAN CHARITIES AND NOT-FOR-PROFITS ACT
TO THE DIRECTORS OF PORTSEA SURF LIFE SAVING CLUB INC**

As auditor for the audit of Portsea Surf Life Saving Club Inc for the year ended 30 April 2018, I declare that, to the best of my knowledge and belief, there have been:

- (i) no contraventions of the independence requirements of the Australian Charities and Not-for-profits Commission Act 2012 in relation to the audit; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the audit

The accompanying notes form part of these financial statements.

The financial report is for Portsea Surf Life Saving Club Inc as an individual entity. Portsea Surf Life Saving Club Inc is an association incorporated in Victoria and operating pursuant to the Associations Incorporation Reform Act 2012.

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation

The financial report is a general purpose financial report that has been prepared in accordance with the Associations Incorporation Reform Act 2012, Australian Charities and Not-for-Profits Act 2012 and Australian Accounting Standards, Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board. The association is a not for profit entity.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in a financial report containing relevant and reliable information about transactions, events and conditions to which they apply. Material accounting policies adopted in the preparation of this financial report are presented below. They have been consistently applied unless otherwise stated.

The financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Accounting Policies

a. Revenue

Revenue from the sale of goods is recognised upon the delivery of goods to customers.

Grant revenue is recognised in the statement of comprehensive income when the association obtains control of the grant and it is probable that the economic benefits gained from the grant will flow to the association and the amount of the grant can be measured reliably.

If conditions are attached to the grant which must be satisfied before it is eligible to receive the contribution, the recognition of the grant as revenue will be deferred until those conditions are satisfied.

When grant revenue is received whereby the association incurs an obligation to deliver economic value directly back to the contributor, this is considered a reciprocal transaction and the grant revenue is recognised in the statement of financial position as a liability until the service has been delivered to the contributor, otherwise the grant is recognised as income on receipt.

Portsea Surf Life Saving Club Inc receives non-reciprocal contributions of assets from the government and other parties for zero or a nominal value. These assets are recognised at fair value on the date of acquisition in the statement of financial position, with a corresponding amount of income recognised in the statement of comprehensive income.

Donations and bequests are recognised as revenue when received.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

b. Inventories

Inventories are measured at the lower of cost and net realisable value.

Inventories acquired at no cost, or for nominal consideration are valued at the current replacement cost as at the date of acquisition.

c. Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair values as indicated, less, where applicable, accumulated depreciation and impairment losses.

Property, Plant and Equipment

Property, Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by Committee to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net

cash flows have been discounted to their present values in determining recoverable amounts.

Plant and equipment that have been contributed at no cost or for nominal cost are valued and recognised at the fair value of the asset at the date it is acquired.

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a straight line basis over the asset's useful life to the association commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Buildings	10%
Plant and equipment	33%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each statement of financial position date.

Asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains/losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

d. Financial Instruments

Recognition and Initial measurement

Financial assets and financial liabilities are recognised when the association becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the association commits itself to either purchase or sell the asset (ie trade date accounting is adopted). Financial instruments are initially measured at fair value plus transactions costs except where the instrument is classified 'at fair value through profit or loss' in which case transaction costs are expensed to profit or loss immediately.

Classification and subsequent measurement

Finance instruments are subsequently measured at either fair value, amortised cost using the effective interest rate method or cost. *Fair value* represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as:

- i. the amount at which the financial asset or financial liability is measured at initial recognition;
- ii. less principal repayments;
- iii. plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the *effective interest method*; and
- iv. less any reduction for impairment.

The *effective interest method* is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

(i) *Financial assets at fair value through profit or loss*

Financial assets are classified at 'fair value through profit or loss' when they are held for trading for the purpose of short-term profit taking, or where they are derivatives not held for hedging purposes, or where they are designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in

accordance with a documented risk management or investment strategy. Such assets are subsequently measured at fair value with changes in carrying value being included in profit or loss.

(ii) *Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.

(iii) *Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the association's intention to hold these investments to maturity. They are subsequently measured at amortised cost.

(iv) *Available-for-sale financial assets*

Available-for-sale financial assets are non-derivative financial assets that are either not capable of being classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

(v) *Financial liabilities*

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Fair Value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

Impairment

At each reporting date, the association assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the statement of comprehensive income.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the association no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expired. The difference between the carrying value of the financial liability, which is extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

e. Impairment of Assets

At each reporting date, the association reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of comprehensive income.

Where the future economic benefits of the asset are not primarily dependent upon the asset's ability to generate net cash inflows and when the association would, if deprived of the asset, replace its remaining future economic benefits, value in use is determined as the depreciated replacement cost of an asset.

Where it is not possible to estimate the recoverable amount of an assets class, the association estimates the recoverable amount of the cash-generating unit to which the class of assets belong.

Where an impairment loss on a revalued asset is identified, this is debited against the revaluation reserve in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation reserve for that same class of asset.

Portsea Surf Life Saving Club Inc

ABN 69 006114 727

f. **Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

g. **Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the cashflow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

h. **Income Tax**

No provision for income tax has been raised as the association is exempt from income tax under Division 50 of the *Income Tax Assessment Act 1997*.

i. **Provisions**

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at reporting date.

j. **Comparative Figures**

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

k. **Critical Accounting Estimates and Judgments**

The Committee evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the association.

Key Estimates

Impairment

The association assesses impairment at each reporting date by evaluation of conditions and events specific to the association that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

The buildings are on Crown land. The Portsea Surf life Saving Club Inc has entered into a lease for an initial 3 year term expiring 31 December 2019. The clubhouse has been used for over 60 years with no dispute of ownership over the building and in this time the clubhouse has been controlled, insured, modified and maintained by the club as if it were owned by the club. The Committee are of the opinion that the lease will be continued after this initial term expires and that the club will have a continuing right to use of the land and have applied this assumption in assessing the values of assets.

l. **Adoption of New and Revised Accounting Standards**

During the current year, the association has adopted all of the new and revised Australian Accounting Standards and Interpretations applicable to its operations which became mandatory.

The adoption of these standards has impacted the recognition, measurement and disclosure of certain transactions.

Application of these standards has not resulted in a material impact on the preparation and presentation of the financial statements of the association.

m. New Accounting Standards for Application in Future Periods

A number of Australian Accounting Standards and Interpretations are in issue but are not effective for the current year end. The reported results and position of the association will not change on adoption of these pronouncements as they do not result in any changes to the association's existing accounting policies. Adoption will, however, result in changes to information currently disclosed in the financial statements. The association does not intend to adopt any of these pronouncements before their effective dates.

Accounting Standards and Interpretations issued by the AASB that are not yet mandatorily applicable to the Company, together with an assessment of the potential impact of such pronouncements on the Company when adopted in future periods, are discussed below:

- AASB 15: Revenue from Contracts with Customers (applicable to annual reporting periods commencing on or after 1 January 2019).

When effective, this Standard will replace the current accounting requirements applicable to revenue with a single, principles-based model. Except for a limited number of exceptions, including leases, the new revenue model in AASB 15 will apply to all contracts with customers as well as non-monetary exchanges between entities in the same line of business to facilitate sales to customers and potential customers.

The core principle of the Standard is that an entity will recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for the goods or services. To achieve this objective, AASB 15 provides the following five-step process:

- identify the contract(s) with a customer;
- identify the performance obligations in the contract(s);
- determine the transaction price;
- allocate the transaction price to the performance obligations in the contract(s); and
- recognise revenue when (or as) the performance obligations are satisfied.

This Standard will require retrospective restatement, as well as enhanced disclosures regarding revenue.

The directors do not anticipate that the adoption of AASB 15 may have an impact on the company's financial statements.

Portsea Surf Life Saving Club Inc

ABN 69 006114 727

- **AASB 16: Leases** (applicable to annual reporting periods beginning on or after 1 January 2019).

When effective, this Standard will replace the current accounting requirements applicable to leases in AASB 117: Leases and related Interpretations. AASB 16 introduces a single lessee accounting model that eliminates the requirement for leases to be classified as operating or finance leases.

The main changes introduced by the new Standard are as follows:

- recognition of a right-of-use asset and liability for all leases (excluding short-term leases with less than 12 months of tenure and leases relating to low-value assets);
- depreciation of right-of-use assets in line with AASB 116: Property, Plant and Equipment in profit or loss and unwinding of the liability in principal and interest components;
- inclusion of variable lease payments that depend on an index or a rate in the initial measurement of the lease liability using the index or rate at the commencement date;
- application of a practical expedient to permit a lessee to elect not to separate non-lease components and instead account for all components as a lease; and
- inclusion of additional disclosure requirements.

The transitional provisions of AASB 16 allow a lessee to either retrospectively apply the Standard to comparatives in line with AASB 108: Accounting Policies, Changes in Accounting Estimates and Errors or recognise the cumulative effect of retrospective application as an adjustment to opening equity on the date of initial application.

Although the directors anticipate that the adoption of AASB 16 will impact the company's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

- **AASB 1058: Income of Not-for-Profit Entities** (applicable to annual reporting periods beginning on or after 1 January 2019).

This Standard is applicable to transactions that do not arise from enforceable contracts with customers involving performance obligations.

The significant accounting requirements of AASB 1058 are as follows:

- Income arising from an excess of the initial carrying amount of an asset over the related contributions by owners, increases in liabilities, decreases in assets and revenue should be immediately recognised in profit or loss. For this purpose, the assets, liabilities and revenue are to be measured in accordance with other applicable Standards.

- Liabilities should be recognised for the excess of the initial carrying amount of a financial asset (received in a transfer to enable the entity to acquire or construct a recognisable non-financial asset that is to be controlled by the entity) over any related amounts recognised in accordance with the applicable Standards. The liabilities must be amortised to profit or loss as income when the entity satisfies its obligations under the transfer.

An entity may elect to recognise volunteer services or a class of volunteer services as an accounting policy choice if the fair value of those services can be measured reliably, whether or not the services would have been purchased if they had not been donated. Recognised volunteer services should be measured at fair value and any excess over the related amounts (such as contributions by owners or revenue) immediately recognised as income in profit or loss.

The transitional provisions of this Standard permit an entity to either: restate the contracts that existed in each prior period presented in accordance with AASB 108 (subject to certain practical expedients); or recognise the cumulative effect of retrospective application to incomplete contracts on the date of initial application. For this purpose, a completed contract is a contract or transaction for which the entity has recognised all of the income in accordance with AASB 1004: Contributions.

Although the directors anticipate that the adoption of AASB 1058 may have an impact on the company's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

The accompanying notes form part of these financial statements.

b) Credit risk

The Association has no significant concentration of credit risk with respect to any single counterparty or group of counterparties other than those trade debtors specifically provided for and mentioned within Note 7. The main source of credit risk to the association is considered to relate to the class of assets described as trade debtors.

The following table details the association's trade debtors exposed to credit risk with ageing analysis and impairment provided for thereon. Amounts are considered as 'past due' when the debt has not been settled within the terms and conditions agreed between the association and the member or counterparty to the transaction. Trade debtors that are past due are assessed for impairment by ascertaining their willingness to pay and are provided for where there are specific circumstances indicating that the debt may not be fully repaid to the Association.

The balances of trade debtors that remain within initial terms (as detailed in the table) are considered to be of high credit quality.

	Gross Amount	Past Due and Impaired	Past Due but Not Impaired (Days Overdue)				Within Initial Trade Terms

Trade debtors that are past due are assessed for impairment by ascertaining their willingness to pay and are provided for where there are specific circumstances indicating that the debt may not be fully repaid to the Association.

The balances of trade debtors that remain within initial terms (as detailed in the table) are considered to be of high credit quality.

	Gross Amount	Past Due and Impaired	Past Due but Not Impaired (Days Overdue)				Within Initial Trade Terms
			<30	31-60	61-90	>90	
	\$	\$	\$	\$	\$	\$	\$

Total	16,938	-	-	-	-	-	16,938

The accompanying notes form part of these financial statements

NOTE 9: FINANCIAL RISK MANAGEMENT

Financial Risk Management Policies

The Association's financial instruments consist mainly of deposits with banks, local money market instruments, short-term investments, accounts receivable and payable, and leases.

The totals for each category of financial instruments, measured in accordance with AASB 139 as detailed in the accounting policies to these financial statements, are as follows:

	Note	2018 \$	2017 \$
Financial assets			
Cash and cash equivalents	8	4,536,733	3,468,592
Trade and other receivables	6	49,454	2,456
		4,586,187	3,471,048
Financial liabilities			
Financial liabilities at amortised cost:			
- trade and other payables	7	386,501	42,988
		386,501	42,988

Financial Risk Management Policies

The Association's treasurer is responsible for, among other issues, monitoring and managing financial risk exposures of the Association. The treasurer monitors the Association's transactions and reviews the effectiveness of controls relating to credit risk, financial risk, and interest rate risk. Discussions on monitoring and managing financial risk exposures are held monthly and minuted by the committee board.

The treasurer's overall risk management strategy seeks to ensure that the Association meets its financial targets, while minimising potential adverse effects of cash flow shortfalls.

Specific Financial Risk Exposures and Management

The main risks the Association is exposed to through its financial instruments are interest rate risk, liquidity risk, credit risk and equity price risk.

a. Interest rate risk

The Association is not exposed to any significant interest rate risk since cash balances are maintained at variable rates and borrowings of the Association are not considered significant.

b. Liquidity risk

Liquidity risk arises from the possibility that the Association might encounter difficulty in settling its debts or otherwise meeting its obligations related to financial liabilities. The Association manages this risk through the following mechanisms:

- preparing forward-looking cash flow analysis in relation to its operational, investing and financing activities;
- only investing surplus cash with major financial institutions; and
- proactively monitoring the recovery of unpaid subscriptions.

The tables below reflect an undiscounted contractual maturity analysis for financial liabilities.

Cash flows realised from financial assets reflect management's expectation as to the timing of realisation.

Actual timing may therefore differ from that disclosed. The timing of cash flows presented in the table to settle finance leases reflect the earliest contractual settlement dates.

Portsea Surf Life Saving Club Inc

ABN 69 006114 727

NOTE 9: FINANCIAL RISK MANAGEMENT (CONT'D)

Financial liability and financial assets maturity analysis

	Within 1 Year		1 to 5 Years		Over 5 Years		Total	
	2018	2017	2016	2015	2016	2015	2018	2017
	\$	\$	\$	\$	\$	\$	\$	\$
Financial liabilities due for payment								
Trade and other payables (excluding employee benefits)	386,501	42,988	-	-	-	-	386,501	42,988
Total expected outflows	386,501	42,988	-	-	-	-	386,501	42,988
Financial assets — cash flows realisable								
Cash and cash equivalents	4,536,733	3,468,592	-	-	-	-	4,536,733	3,468,592
Trade and other receivables	49,454	2,456	-	-	-	-	49,454	2,456
Total anticipated inflows	4,568,187	3,471,048	-	-	-	-	4,568,187	3,471,048

Financial assets pledged as collateral

No financial assets have been pledged as security for any financial liability.

c. **Foreign exchange risk**

The Association is not exposed to fluctuations in foreign currencies.

d. **Credit risk**

The maximum exposure to credit risk by class of recognised financial assets at the end of the reporting period is equivalent to the carrying value and classification of those financial assets (net of any provisions) as presented in the statement of financial position.

Trade and other receivables that are neither past due or impaired are considered to be of high credit quality. Aggregates of such amounts are as detailed at Note 6.

The Association has no significant concentration of credit risk exposure to any single counterparty or group of counterparties.

Credit risk related to balances with banks and other financial institutions is managed by the committee in accordance with approved Board policy. Surplus funds are only invested with counterparties with a Standard & Poor's rating of at least AA-. The following table provides information regarding the credit risk relating to cash and money market securities based on Standard & Poor's counterparty credit ratings.

	2018	2017
	\$	\$
Cash and cash equivalents		
- AA rated	4,536,733	3,468,592
	4,536,733	3,468,592

Risk is also minimised through investing surplus funds in financial institutions that maintain a high credit rating or in entities that the committee has otherwise cleared as being financially sound.

The accompanying notes form part of these financial statements

NOTE 9: FINANCIAL RISK MANAGEMENT (CONT'D)

e. Price risk

The Association is not exposed to any material commodity price risk.

Sensitivity analysis

The following table illustrates sensitivities to the Association's exposures to changes in interest rates. The table indicates the impact on how profit and equity values reported at balance date would have been affected by changes in the relevant risk variable that management considers to be reasonably possible. These sensitivities assume that the movement in a particular variable is independent of other variables.

	2018 \$	2017 \$
Change in profit		
+/- 1% in interest rates	+/- 11,572	+/- 27,109
Change in equity		
+/- 1% in interest rates	+/- 11,572	+/- 27,109

The above interest rate sensitivity analysis has been performed on the assumption that all other variables remain unchanged.

Net Fair Values

Fair value estimation

The fair values of financial assets and financial liabilities are presented in the following table and can be compared to their carrying values as presented in the statement of financial position. Fair values are those amounts at which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction. Areas of judgment and the assumptions used have been detailed below. Where possible, valuation information used to calculate fair value is extracted from the market, with more reliable information available from markets that are actively traded.

	Note	Footnote	2018		2017	
			Net Carrying Value \$	Net Carrying Value \$	Net Fair Value \$	Net Fair Value \$
Financial assets						
Cash and cash equivalents		(i)	4,536,733	4,536,733	3,468,592	3,468,592
Trade and other receivables		(i)	49,454	49,454	25,973	25,973
Total financial assets			<u>4,586,187</u>	<u>4,586,187</u>	<u>3,494,565</u>	<u>3,494,565</u>
Financial liabilities						
Trade and other payables		(i)	386,501	386,501	42,988	42,988
Total financial liabilities			<u>386,501</u>	<u>386,501</u>	<u>42,988</u>	<u>42,988</u>

The fair values disclosed in the above table have been determined based on the following methodologies:

- (i) Cash and cash equivalents, trade and other receivables and trade and other payables are short term instruments in nature whose carrying value is equivalent to fair value. Trade and other payables excludes amounts provided for relating to annual leave which is not considered a financial instrument.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF PORTSEA SURF LIFESAVING CLUB INC**

We have audited the accompanying financial report of Portsea Surf Lifesaving Club Incorporated, which comprises the statement of financial position as at 30 April 2018, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the statement by the Committee.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial report presents fairly the financial position of Portsea Surf Lifesaving Club Inc as at 30 April 2018, and of its financial performance for the year then ended in accordance with Australian Accounting Standards and *Associations Incorporation Reform Act 2012*.

Basis for Qualified Opinion

Donations and events income are a significant source of revenue for Portsea Surf Lifesaving Club Inc. Portsea Surf Lifesaving Club Inc has determined that it is impracticable to establish control over the collection of cash donations and cash events income prior to entry into its financial records. Accordingly, as the evidence available to us regarding revenue for this source was limited, our audit procedures with respect to cash donations and cash events income had to be restricted to the amounts recorded in the financial records. We therefore are unable to express an opinion on whether cash donations and cash events income the Portsea Surf Lifesaving Club Inc recorded are complete.

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF PORTSEA SURF LIFESAVING CLUB INC (Continued)**

Committee's Responsibility for the Financial Report

Management is responsible for the preparation of the financial report, which gives a true and fair view in accordance with Australian Accounting Standards and the Associations Incorporation Reform Act 2012 (VIC), and for such internal control as the committee and management determines is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Other Information

The committee are responsible for the other information. The other information comprises the information included in the annual report for the year ended 30 April 2018, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit.

**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF PORTSEA SURF LIFESAVING CLUB INC (Continued)**

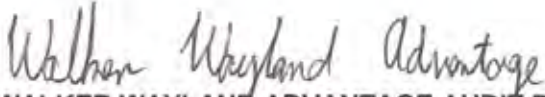

We identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

We evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

We conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
