## **PORTSEA SURF LIFE SAVING CLUB INC**

It is with pleasure that we present

The 70th Annual Report and Financial Statement

For Season 2018 - 2019

To be presented at the

Annual General Meeting

On Tuesday 13th August, 2019

Commencing 7:30pm

At the Toorak Bowls Club  
9 Mandeville Crescent Toorak

**Vigilance and Service**

A.B.N. 69 006 114 727

## WHAT A GREAT CLUB WE HAVE

*Now we have one of the best  
SLS Clubs in Australia with our  
new clubhouse.*

*The enormously generous funding  
support from the local community  
and also government for the new  
clubhouse has been a great success  
It is a wonderful privilege for  
all of us to be members of the  
Portsea SLS.*

*The dedication and enthusiasm  
demonstrated by our members  
throughout the entire club is  
simply marvellous.*

*Surf Lifesaving has two great  
features;*

*We are sporting clubs.*

*We save lives and protect our  
community, particularly at Portsea  
which is a rugged beach, as we know!*

*The courage, teamwork and  
commitment develops young girls  
and boys into fine young women  
and men in a family and safe  
atmosphere. This is the most precious  
part of Portsea and I am full of  
admiration for every member.*

*It is an honour for me to be  
Patron of our club.*

**ROB FILDES AM**

## OFFICERS FOR SEASON 2018/2019

### COMMITTEE

President	Stuart Rayner
Vice President	Matthew Mahon
Treasurer	Angelo Biviano
Secretary	Robert Mellor
Club Captain	Matthew Perrott
Director	Andrew Hewitt
Equipment Director	Hamish McKendrick
Lifesaving Director	Rebecca Gould
Membership & Leadership Director	Emily Mellor
Junior Education Director	Sam Paynter
Competition Director	Nick Tissot

### LIFE SAVING VICTORIA REPRESENTATIVES

Council of Lifesaving Clubs	Stuart Rayner
Facility Development Committee	Stuart Rayner
Life Saving Operations Council (Chair)	Simon Wilson
LSOC Powercraft Panel	Hamish McKendrick
Membership and Leadership Development	Emily Mellor
Aquatic Sports	
Executive member	Natalie Hood
Delegate	Nicholas Tissot
Grievances and Judiciary Panel	Bridget Pardy
Member Protection Officers	Sam Paynter Sue Traynor

### SUB-COMMITTEES

#### BUILDING SUB-COMMITTEE

Chair	Ash Murdoch Brett Croft Cameron Hunter Matthew Mahon Andrew Regan
-------	---

#### FACILITIES SUB-COMMITTEE

Andrew Hewitt Paul Hunter Matthew Mahon Wayne Stoll Nick Tissot Sophie Riddell
---

#### WALL OF FAME SUB-COMMITTEE

Tim Hart Rowan Cameron Charlie Schall
---

#### OPERATIONAL SUB-COMMITTEE

Club Captain	Matthew Perrott (Chair)
Education Director	Hunter Judge
M&LD Director	Emily Mellor
Social Director	Claire Tucker-Morrison
Life Saving Director	Rebecca Gould
Equipment Director	Hamish McKendrick
Competition Director	Nick Tissot
IT Director	James Nola
First Aid Director	Andrew May

## YOUTH/SENIOR COMPETITION

### SUB-COMMITTEE

Youth Aussies Team Manager	Andrew Regan
U14 Team Manager	Anthony Purcell
General Member	Meg Llewellyn
Coach	Julian Grainger
Coaching co-ordinator and Administrator	Natalie Hood
Masters Team Manager	Dwight Harrison
Boat Managers	Stephen Blewett Jackson McCaffrey Charlie Schall
Ski Captain	

### EDUCATION SUB-COMMITTEE

Education Director	Hunter Judge
Bronze Camp Chief Instructors	Andrew Theodosi Claire Tucker-Morrison
Silver Camp Chief Instructor	Jess Lamb
Cadet Camp Chief Instructors	Niklas Rathmayr Sophie Theodosi
Part Time Bronze Chief Instructor	Jim Unkles
Requalification Officer	Tim Gilham
U/14 Nipper Chief Instructors	Will Kift Angus Backwell
Nipper Officers	Ruby Richardson Chloe Rodgers
Camp Registration Officer	Janine McDonald
Junior training co-ordinator	Alexandra Madden
Merchandise Manager	Sharon Landy
Nipper Sub-Committee	Sam Paynter Brett Croft Andrew Cox Sarah Cox Sameana Kerr James Paynter

### NAPHTHINE FUND SUB-COMMITTEE

Richard Fisher Ian Campbell Brian Eva
---

### SPECIAL EVENT SUB-COMMITTEES

Portsea Swim Classic	Darren Kerr Deb Grooby Mark Grooby Christine Walton Craig Evans Dick Fisher Peter Wilson
Pier to Perignon	Andrew Perkins Ian Campbell David Flockart Hamish McKendrick Robert Robertson

Tom Regan Silver Medal  
U15 Surf Race.

Presentation Night May 2019.  
Simon Knight 50 Years Service Award.

Red Alert Anglesea Carnival  
2019 Matt Mahon.

## PRESIDENT'S FOREWORD

After such a fabulous season, there were pangs of disappointment at the Pullman Hotel on Saturday 27th July as Venus Bay's name was read out as the 2019 Victorian Life Saving Club of the Year (COTY), their third in 4 years, a remarkable effort for sure and our heartfelt

congratulations to Venus Bay for successfully executing on their strategy. However, reading the COTY submission that our Club Captain, Matt Perrott, pulled together, you really get a sense of all of the amazing work that so many people put in to make season 2018-19 such a success. It's a thought definitely worth reflecting on as you will find reading through this Annual Report. And despite not going "back-to-back" in the Club of the Year award, one can't help but feel a tremendous sense of pride in our achievements.

The highlight of the season came right at the end, with the unveiling and official opening of our spectacular new Clubhouse over the Easter long weekend. Over 1,000 members and special guests, including the Premier Daniel Andrews, Mornington Peninsula Mayor David Gill, Cornerstone and Community Donors and other key stakeholders shared in a pivotal moment for Portsea SLSC, marking the start of the next chapter in the 70 year history of our Club. It was a truly memorable day, sun shining, northerly wind with a 2m swell rolling ashore, made special watching the reactions of members, old and new, as they cast their eyes over our beautiful new facility for the first time, many overwhelmed by what we have achieved and the opportunities the new building represents.

The opening was our chance to say thank you, on behalf of all members, to all of those who have helped make our clubhouse a reality. Our financial backers, the project design and construction team and to those members who have invested thousands of volunteer hours over the last 7 years to guide the project through to delivery. As the Club prepares for its 70th anniversary celebrations next Summer, our new home is perhaps the best birthday present anyone could wish for and provides us with a fabulous footing for future growth and service.

Work on the building has continued over the winter months since the official opening, finalising the fit out, correcting the inevitable defects and completing the surrounding infrastructure and landscaping. All of this is expected to be fully complete by the end of August. Another team is feverishly working on the operational model for the new facility, planning and setting up the food and beverage offering, the accommodation wing and of course the operational area and first aid room, all in time for the approaching summer.

Enjoying a Portsea Summer with my family this past season allowed me to witness first hand all the other fabulous things going on around the Club, with our active lifesavers setting a new benchmark for patrols, with two perfect scores in our patrol inspections, the Swim Classic hosting a record number of swimmers, our Competitors raising the bar further with numerous accolades across Nipper, Senior, Masters and craft competition, including an Australian Silver Medal for Tom Regan and of course our Nipper program firmly ensconcing itself within the Point Nepean National Park. As a first time Nipper Parent myself, it was wonderful to experience the program

from a different perspective and to witness the smiles, enjoyment and sense of achievement our kids take away from participating as a Nipper.

The end of the season is also the time we thank the army of volunteers who invest countless hours making it all happen, from the Committee, to the multitude of sub-committees, to the on-day helpers at events such as Nippers, the Swim Classic and the Pier to Perignon. Importantly, our organisation chart keeps expanding, with over 50 individuals and four newly convened sub-committees, Facilities SC, Commercial & Sponsorships SC, Environment SC and Communications SC, helping to manage key tasks. However, change and renewal are critical to ensuring fresh ideas, energy and a sustainable organisation. Too often it's the same faces popping up. So don't be shy, if you feel you have something to offer or are interested in becoming more involved in lifesaving and your kids development, just sing out. If you're not sure who to ask, you can start with our affable Club Secretary, Rob Mellor, who can direct you to the right person to chat with. As with anything, you get out of it what you put into it! But it would be terrific to see some of our newer Nipper parents get more involved in this, our uniquely Australian surf life saving movement.

The Committee will experience undergo change at the upcoming AGM, with four of our number stepping down. I'd like to recognise and offer up my sincere thanks to:

Bec Gould who as Lifesaving Director for the last 8 years has worked tirelessly to improve our patrol attendance and proficiency, culminating in not one, but 2 perfect patrol inspections last season;

Sam Paynter who as Junior Development Director for the last 4 years has overseen the management of the Club's largest program. Sam will however maintain his important role as one of the Club's Member Protection Officers; and

Emily Mellor who over the last 3 years has served as both Education Director and Member Leadership & Development Director, developing the programs and pathways to leadership positions for our members.

Bec, Sam and Em have earned our heartfelt gratitude for their service to our club. I thank them, along with all members of the Committee, Sub-Committees and Working Groups who volunteer their time to ensure the smooth operation of our marvellous organisation.

This will be my final report to you as President, with my term coming to an end at our AGM. It's been a wonderful and rewarding journey and one I have been honoured and proud to share with so many of you. I look forward to watching from afar as a new team embarks on the next chapter in our fabulous new Clubhouse. I thank you all for your trust and support over the last 8 years and wish Portsea SLSC every success for the future.

### Stuart Rayner, President

Club Championships Jan 2019 - The Yencken Cup.

## CLUB CAPTAIN'S REPORT

I mentioned in the pre-season Boomer that this season was going to be about bringing it back to basics, ensuring that we have strong patrols and engaged patrollers. I can proudly say that this was indeed a season of exactly that. For the first time ever, Portsea

scored 100% on both of our patrol inspections.

Total patrol hours were up from the previous season and on average, members completed a larger proportion of their rostered patrols. This is a credit to our lifesaving director Bec Gould, the patrols working group who implemented a number of new initiatives, all patrol captains and active patrollers. Well done to everyone who stuck it out in the shipping containers for a season longer than expected!

The opening of the new Clubhouse was a wonderful celebration of many years of hard work from so many and the first taste of a new era for us. The opportunity this building provides for us, and the community, is immense. This is the opportunity to build on existing programs and establish new ones. It is very important that we do not lose our great culture. We are a lifesaving club and our primary purpose is to put patrols on the beach. As such, active members and our lifesaving training programs will always be the core focus of what we do.

I'm also very proud of the involvement of our younger members. It has always been difficult for us to maintain engagement from members in their late teens to early twenties. With the ever-rising pressure on those completing year 12, undertaking tertiary studies or seeking a first job and the expectation that young people must engage in a broad range of experiences, young people have to be very selective with their time. It has been a vital part of our strategy to position our surf club in the front of the minds of our young members as they are making these choices. We want members to be able to take on positions of responsibility that boost their life skills (and their resumes) without feeling like it's a burden or compromising other sports or studies. The level of engagement and the quality of the

members running our programs and taking on roles at the surf club is a strong indication that we are starting to achieve this goal.

As always, I owe a huge thank you to all the sub committee members who do a power of work and continue to drive our Club forward.

Thank you to every member who has engaged in our events and programs as we've worked through this transition period. A very special thank you must go to our outgoing President, Stu Rayner. Stu has steered our ship through high seas over the past eight years, committing a staggering number of hours to our Club. Not all decisions Stu has made over the years have been easy, but he has made all decisions with the Club's best interests at heart. I think we can all agree the Club is now in a fantastic position as a result of his leadership and for that, we thank him.

Stay warm throughout the winter and I look forward to seeing everyone down at the new Clubhouse again very shortly.

### Matt Perrott, Club Captain

Portsea Swim Classic Jan 2019 Finish Line Staff.

P2P 2019 The Finish.

Portsea IRB Team 2019.

## SECRETARY'S REPORT

Amid the excitement and disruption of the new clubhouse project, our club has continued to thrive. In fact, it seems that the hardship of running patrols from shipping containers may have brought the club closer together.

Certainly, searches for alternative venues for club social activities has brought us closer to the local community. We are now well placed to take full advantage of all the opportunities our new clubhouse offers.

Our Treasurer, Angelo Biviano, has continued to consolidate and improve our financial management procedures, while remaining a pleasure to work with. As you will see from the club's financial reports, the club is in a strong financial position despite the outflow of capital to fund the building project, largely thanks to the incredible community support the club has been able to muster for the project. Underlying operations have also continued to strengthen through activities such as Bronze Camp, the Swim Classic and Pier to Perignon and continued strong participation in the Nippers program.

However, it is important for members to be aware that the club has taken on debt to close the final funding gap for the building. We are still seeking support from members to help manage our debt obligations and you will see the club's fundraising efforts continue until the gap has been closed. The Committee is also conscious that the operating costs of the new clubhouse will hit after a hiatus while the building was out of action, so we will continue to monitor costs closely.

Interestingly, the clubhouse disruption has had minimal effect on our membership numbers. When the club embarked on the rebuild project, we anticipated a drop-off in membership numbers similar to that experienced by other clubs, but although the growth in member numbers stagnated during the rebuild, the net loss of members was small. Now that the new clubhouse has opened, we have seen an immediate increase in new membership enquiries. This increase in membership demand will help us financially and operationally, but prompts important questions for the club such as: How big do we want the club to become? If the club is to expand, how do we protect the vital element of the club's culture? How do we prevent any dilution of the club's focus on patrolling? How do we continue to improve the benefits available to members? These and similar questions have occupied the thoughts of the Committee and have generated discussion among our members.

The Committee's position is to support the increase of total membership numbers in a managed way, we have introduced a requirement for new members to be nominated by an existing club member (or a Committee member), we will be campaigning for

lapsed members to re-join the club, and all new members are advised of the club's lifesaving purpose and volunteering culture.

Various suggestions have been made by members recently about changing the club's membership arrangements, such as introducing changes to the current membership categories, making substantial increases in annual subscription fees and introduce joining fees or a building levy. The Committee has carefully considered these and other options and considers that, considering the full range of relevant factors, the current membership arrangements strike an appropriate balance to support the desired direction of the club. As a result, the Committee has determined to make no changes to membership arrangements for the upcoming membership year.

The Committee has continued to function in an organised and disciplined manner. Attendance at Committee meetings has been good, alternative views are encouraged and there is a strong sense of cooperation within the group. The club is compliant with all legislative and regulatory requirements. All our record-keeping is now electronic and up to date and we have introduced regular succession planning sessions. Matt Mahon has had an immediate impact on joining the Committee in the Deputy President role and we look forward to welcoming four new Committee members at this year's AGM.

I would like to recognise Ian Campbell for his contribution as our Club Historian. His persistence and dedication in locating and assembling the club's historical records has been incredible. I have also valued his generous advice on a range of matters where the depth of his knowledge of the club, its members and its history has been invaluable.

I would also like to acknowledge the support provided by club's honorary solicitor, Jeremy Smith, from Gaden's Lawyers, over the past year in helping us to work through several important issues.

Thank you also to our club administrator Emmaline Paterson, whose work behind the scenes keeps our records and administration in order.

Our plans for next year include taking a close look at upgrading some of our outdated technology and continuing to improve the internal management of the club through initiatives such as succession planning and updating our by laws, which has suffered a couple of false starts in recent times.

This year's AGM will see the end of the distinguished Committee career of Stu Rayner, the last 8 years as President. Stu has led the club through a period of rapid development, growth and change and he has brought vision, courage and conviction to the club through good times and some difficult ones. I congratulate Stu on his immense legacy, thank him for his leadership and wish him the best use of the many hours of life he will re-possess.

Golden Shovel Stephen Blewitt.

## HISTORIAN'S REPORT

### Boomer

No further Boomers have been located in the year past. A rumour that there may have been some in the Brighton Historical Society archive regrettably proved to be incorrect.

### Minutes of Club Committee Meetings

The identification and cataloguing of committee minutes continued during the year with the collection now spanning the period January 1983 through to April 2019. Committee minutes from June 2010 to the present date are stored electronically.

### Photographic Records

The collection of pictures on the club's web-based archive was created by Portsea member, the late Rick Berry. Work on identifying the subjects in many pictures stored on our website from the 1950's and 1960's eras continues with input from our Senior Life Members.

### Curated Collections

The Curated Collections initiative focuses on memorabilia displays in the clubhouse, but it was shelved for the past year as all of our functions held have been off-site from the clubhouse during the re-build effort. This initiative will recommence during the 2019/2020 season. A slide-show of photographs was created for the opening of the clubhouse however the video screens had not been installed by the opening date. This slide-show will be displayed on another occasion.

### Boomer Articles

Following the drowning at London Bridge on Sunday 4th February 2018, an article on the event was amalgamated with input from other members, and the piece published in the e-Boomer of 6th April 2018. An article on our newly inducted Life Member Sophie Riddell and the celebration held at the Portsea Golf Club was published in the eBoomer of 20th May 2018. To recognise the 50th anniversary of the famous Portsea Bronze Camp, information on the genesis of this great program was provided by past Active members Mike Schlesinger and Ian McEachern who reminisced about this training initiative. This article was published in the post season Boomer in August 2019.

### Surf Reels

An appeal urging past members to provide information on the missing surf reels resulted in the donation of a Portsea reel that was purchased from the club by past active member and beach sprint stalwart Rob Armstrong. Restoration of this reel will take place over the next couple of years. The appeal for other reels stands. If you have or know of any surf reels, the club would appreciate being informed.

## Memorabilia for the New Clubhouse

I spent a great deal of time consulting with the Building Sub Committee on the look & feel of various historical items for the new clubhouse. The new-look honour board of current and past Club Presidents and Club Captains hangs on display in the entry stairwell. In addition, a photo collage wraps an entire wall of the junior's activity room. These items are the start of a long process ahead.

I would like to acknowledge the contribution of Fiona McLean in managing our memorabilia.

## The Year Ahead

Sorting through the many uncatalogued boxes of memorabilia, located in the LSV archive, is the task for 2019/2020. This however will be drastically impacted by the unexpected news of a relocation of the archives from the current location in South Melbourne to LSV headquarters in Port Melbourne. The new premises will be much smaller than the current office so the initial few months will be spent settling our collection into LSV and off-site at a storage location in Carrum.

## Ian Campbell, Portsea SLSC Historian

LSV Masters 2019 Rob Mellor, Peter Bolton, Cam Hunter, Dwight Harrison.

Club Championships Jan 2019 - Board Race.

## LIFE SAVING DIRECTOR'S REPORT

Another summer with no clubhouse? No problem for Portsea. What a season! The 2018/2019 patrolling season has to be one of the best I've ever been a part of. Once again there were no lives lost on Portsea beach due to everyone's hard work and dedication to the club.

This season we had two external patrol inspections from LSV. I am happy to report that Portsea achieved perfect scores of 1000/1000 on both inspections, which is something we have never done before. Thank you and congratulations to the patrol members from The Green Room and Cruisers patrols who participated in these inspections.

We also introduced weekly Patrol MVP's. These were awarded by the patrol captains at the conclusion of each patrol to the member who stood as the most valuable patroller for that day. They were rewarded with a Mubble ice cream voucher.

I would like to recognise Jim Unkles who this year has achieved 10 consecutive years of 100% Patrol Attendance. This is no easy feat and I'm sure I speak on behalf of everyone at the club to say congratulations and thank you!

A big thank you to our Patrol Leadership Team of Captains, Vice Captains and Mentors, you have all done an excellent job this season and it wouldn't have been as great without you.

Congratulations to all the patrol award winners this season. Your achievements are acknowledged individually in the Club Awards section of this annual report.

**Bec Gould, Lifesaving Director**

P2P 2019 Hamish McKendrick, Matt Perrott.

Nippers 2019 (I).

Portsea Swim Classic Party 2019 Jan, Simon, Dwight, Tim, Tricky, Stephen.

LSV Endurance Championships.

## EDUCATION DIRECTOR'S REPORT

With the clubhouse completion on the horizon, the Education Sub-committee once again undertook the challenge of running the largest surf lifesaving education program in Victoria. Despite the numerous challenges associated with not

having a clubhouse, all of our camps ran spectacularly well thanks to the hard work of the camp leaders, instructors and club members.

### Part-Time Bronze

With Jim Unkles at the helm, this season's part-time bronze course was yet another year of continued success for the program. A contingent of candidates from a variety of age groups and backgrounds all finished the course as new Bronze Medallion holders. Assisting Jim we also had the likes of Jesse Faulkhead, Henry Kiss and many other club members to assist. Our thanks extend to them and we look forward to their participation again next year.

### Bronze Camp

In his final year as camp Chief Instructor, Andrew Theodosi, alongside of our new chief, Claire Tucker-Morrison, unsurprisingly pulled off an amazing week for our Bronzies. This was our biggest camp to date, supported by a huge number of camp staff and instructors. Continuing our Mildura LSC partnership we had a number of Bronzies and for the first time, instructors, who made the journey from Mildura to Portsea to attend the week long camp.

Thank you once again to our chief instructors, senior instructors and camp organisers for their help and ongoing perseverance during the challenges Bronze Camp has faced over our past two "clubhouseless" years.

### Silver Camp

This season delivered one of our most talented groups of Silver candidates since the camp's beginnings. Silver camp aims to reward those that have completed their bronze and assisted with all club-related activities, allowing them to progress and attain a number of awards. Our cohort of instructors, including the likes of Harry Paynter and Massimo Pallilo, demonstrated great skills and enthusiasm. We look forward to having them on camp next year.

Additionally, we wish to thank Jesse Faulkhead, who after assisting on multiple Silver Camps, will be heading overseas to pursue his paramedicine career. We wish him the best for his future endeavours.

### Cadet Camp

Nik Rathmayr and Sophie Theodosi, our Cadet camp chiefs, were once again presented with the unique challenge of running a camp in the unfamiliar Point Nepean. Despite the challenges this presented they followed in the footsteps of last year's leaders, holding a terrific camp for all those involved.

Cadet camp provides an opportunity for participants to develop their board skills, as well as preparing them for Bronze camp. All of our excellent participants passed with flying colours.

Thanks must be given to the experienced board riders, who took time out of their summer to help with the camp, alongside our talented up-and-coming instructors. We are excited to see where they progress in the future!

### U/14 SRC

Our U/14 nipper program was headed by our youngest, most enthusiastic leaders, Angus Backwell & Will Kift. This particular program has undergone major changes in recent seasons, with the addition of the SRC award providing a big step-up for both the Nippers and their instructors.

Helping these instructors and leaders was Craig Evans, who I must give special thanks for his level of assistance and contribution towards the running of this year's camp.

### Hunter Judge, Education Director

Silver Camp 2018 Students.

**FHS BRONZE CAMP AND ABERGOWRIE**

Many of our members are familiar with the Frankston High School (FHS) Bronze Camp which, for the past 20 years, has been organised by Life Member and FHS physical education teacher Rowan Cameron. The camp operates at the Lorne Surf Life Saving Club premises and has been the source of many valuable long-term members and competitors for Portsea SLSC.

This year, the program was been extended to include a group of 8 boys from St Teresa's College in Abergowrie, a remote Indigenous Boarding School in Far North Queensland. The FNQ connection is organised through Rowan's son James, who works as a teacher in FNQ. Local clubs for the St Teresa's students include Arcadia SLSC, Forest Beach SLSC and Picnic Bay SLSC. Alongside FHS camp participants at the Lorne camp, St Teresa's students work towards their Recreational Bronze Certificate. In this setting, students achieve qualifications and older students have the opportunity to mentor younger students. The focus is not only lifesaving. The camp also provides an opportunity to get to know the students, immerse camp participants in their culture and learn from them through activities such as dance, cooking and story-telling.

This year's camp was attended by Club Captain Matt Perrott and Membership and Leadership Development Director Em Mellor, who helped with instruction at the camp.

Portsea SLSC has provided support for the program in the form of complimentary club membership for the St Teresa's students and by donating items of club merchandise such as bathers and T-shirts in Portsea club colours. If you are traveling in FNQ near Magnetic Island, don't be surprised if you see Portsea colours on the beach.

The program has been enormously successful for FHS and St Teresa's and the club is proud to support Rowan's and James work in making it such a success.

**Rowan Cameron with Rob Mellor**

Club Championships Jan 2019.

Legends Patrol Bill Scott, Rowan Cameron, Tim Adams.

FHS 2018 Lorne Bronze Camp St Teresa Students with Club Captain Matt Perrott.

## JUNIOR DEVELOPMENT DIRECTOR'S REPORT

Who would have thought that a program for 600 nippers could run from a shipping container and a trailer! Thanks to our wonderful volunteers from 14 year old Cadets through to 70 year old life Members we got through without any major fuss nor thankfully, injury.

Our highly organised teams in the Quarantine at Point Nepean, and Portsea Back Beach, delivered an "A" grade program that was the highlight of our Nippers Summer Holidays. In total approximately 150 volunteers came together to deliver the 18/19 Nipper program.

The weather Gods were on our side and provided perfect conditions for our Nippers. Unfortunately, the tides worked against us this year and we were unable to run a Ripper Nipper day at the Back Beach. I am sure we will have one in the 19/20 program at the new Club House.

The highlights of the season were, as always, the beaming smiles of our very happy Nippers. For some, the special moment happens when they pluck-up enough courage to dive under their first wave, and for the bigger kids it may be their first swim around Huey's. I am sure many lifetime memories come from our famous Nipper program.

The Nipper Disco was a great success with over 400 attendees rocking the night away at Point Nepean. The Cocktail Party for Nipper Parents and Friends of the Club was also a great success with over 300 people "Dressed in White" enjoying the sunset at Portsea Golf Club, who have been incredibly supportive over the last two years during our club rebuild.

2018/19 was a wonderful season, which saw the best of our volunteers achieve great things in trying conditions without a club house. We are looking forward to the next season in our new home.

**Sam Paynter, Junior Development Director**

Nipper Cocktail Party Matt, Sam, Georgie, Coxy, Sarah, Craig.

## EQUIPMENT DIRECTOR'S REPORT

The 2018/19 season has been one full of excitement. With the rapid completion of the Club and extensive new equipment arriving at the beach, it has also been an extremely rewarding time for both myself and our members. This season

has seen ten new rescue boards, a new ATV, a new IRB, a new patrol trailer, a new IRB beach trailer and a significant amount of other equipment arrive to further assist our extensive lifesaving service.

The growth of our club over the past season has been tremendous with twelve Portsea lifeguards and hundreds of volunteering members patrolling our beach. It is a testament to the passion and drive that our members have towards the goal of keeping the beach safe.

As the season draws to a close, it's important to reflect on what we've achieved as a team, maintaining active patrols for the local community, whilst operating out of a 40ft shipping container and 12m portable office. No power, no refrigeration and minimal running water. Thank you to each and every member for their continued contribution. This has been a remarkable achievement, which everyone should be very proud of.

Operating out of a container has been extremely difficult in terms of adequately maintaining our equipment. However, moving forward, with the amazing facilities the new clubhouse will provide, we must ensure our equipment is handled with proper care. Without reliable equipment our service would quickly become paralysed.

Equipment Maintenance Guidelines will be formulated for the upcoming season. We will have new hoses, high pressure washers, engine tanks, proper racks and drying solutions in order to better maintain and look after our equipment. It is vital we all take responsibility for following these guidelines.

Over the coming months the operations team will fit-out the ground floor operations area of the clubhouse. Functional procedures will be streamlined with a key focus on efficiency, health and safety, and equipment maintenance. These will be outlined prior to the commencement of next season.

Over the past four years I have also had the privilege of being part of Lifesaving Victoria's Under 15 and Under 13 camps. These camps have been a fantastic opportunity for candidates to develop both teamwork and leadership skills. Portsea has seen a consistent contribution to these camps. I encourage any interested members considering these programs to speak with our M&LD director Emily Mellor.

One of our members, Nik Rathmayr, has been selected to participate in LSV's first ever RWC (jet ski) camp. This camp trains members in the skills and knowledge to operate rescue water craft in a lifesaving capacity. Congratulations Nik Rathmayr.

Moving forward, the Mornington Peninsula will have a drone based in the area. This drone forms part of the Westpac Lifesaver Rescue Drone Service and will work collaboratively with volunteers, lifeguards and the Westpac Helicopter to assist in situations of shark sightings, missing persons, hazard identification and beach statistics.

Five pilots, including myself, have been trained in their Remote Pilot's Licence. These aircraft aim to make a positive contribution to the lifesaving service and the community. The drones will be making an appearance at Portsea in the 2019/20 season and I will happily show anyone interested, how they work.

Finally thank you to all members for the tremendous work you do. Thank you to our committee and subcommittee members. It has been a hard but fantastic season and I look forward to the next.

**Hamish McKendrick, Equipment Director**

Portsea Swim Classic Jan 2019 Water Safety Team.

Nippers 2019 (5).

## SOCIAL DIRECTOR'S REPORT

What a season it has been! Despite patrolling out of a container and struggling due to the lack of a clubhouse, I think it's safe to say we have still managed to enjoy our 2018/19 season. We have had so many successful events over the last

few months - a testament to all members for remaining so positive over what has been a rather tumultuous period.

Our social season kicked off with Portsea Barefoot Cinema screening "Andy Irons, Kissed by God". Held at the stunning Commanding Officer's House, Point Nepean, our members enjoyed an extensive array of food trucks, a fully licensed bar and live music. Despite being a rather cold and windy evening, our members still enjoyed themselves with comfy bean bags and large glasses of Aperol. We are very excited to team up with Barefoot Cinema again in 2020.

Our first President's Club was held at the Sorrento Bowls Club, where our members enjoyed Barefoot Bowls and a BBQ dinner. On this particular night we were blessed with lovely weather, with our members enjoying a cold drink or two with their shoes off on the bowls green. Our second President's Club was held at the Sorrento-Portsea RSL. This fantastic venue boasts some of the best Thai food in Victoria. We'd like to thank the staff at both venues for being so accommodating to our members.

Our third President's Club, the Swim Classic After Party, was held at the Commanding Officer's House at Point Nepean. As always, this was an incredible night, with an even better cheese platter. We had live music, fairy lights and paella to celebrate both the swimmers and helpers. Congratulations to everyone who participated in the Swim Classic event. We can't wait to reward all our swimmers and clubbies again next year, with a great spread of food, drinks and good tunes.

We were extremely lucky to be able to host our annual Captain's Barrel at our wonderful new clubhouse. With picturesque views of the ocean beach and a live band, our members enjoyed oysters and champagne alongside a gorgeous sunset. We were thrilled with the success of the opening night and the unbelievable attendance. Thank you to all the members, donors and politicians who attended the event, we are so pleased you were able to join us.

The season was officially closed with our annual Presentation Night, held this year at Hobba in Prahran. It's always sad to end a season, but Presentation Night was a fantastic opportunity to reflect on the year that has passed and celebrate our achievements.

I would like to say a huge thank you to the Operational Committee members for their incredible support with the 2018/19 events. I would like to extend my thanks to our wonderful social officers, Harry Paynter and Mimi Tuddenham, for assisting me greatly with all event logistics. A special thank you also to Matt Perrott for all his assistance with the behind the scenes planning of our events. Matt has been a pillar of support for me and the OC, and we are forever grateful. I feel so lucky to have been able to work with such a committed and efficient team.

Finally, I'd like to personally thank you all for your enthusiasm and support over the last few years whilst our clubhouse was being rebuilt. We are all extremely excited about the amazing social events we will be able to host next season, at our very own clubhouse. We look forward to seeing you in a few months time and assure you there will be many more cheese platters to come.

**Claire Tucker-Morrison, Social Director**

Portsea AGM 2018 Incoming Committee.

## COMPETITION DIRECTOR'S REPORT

What an absolutely terrific year of competition for Portsea. Overall the 2018/2019 summer season saw continued growth in our youth area, refinement and development of our Surfboat teams and a robust display of skills

from our Masters. Our competitors represented Portsea SLSC by racing strongly at multiple local carnivals, the Endurance Championships, the Victorian State Championships and the Aussies (Australian Lifesaving Championships).

I strongly believe that active and continued participation in competition refines your beach and ocean awareness and makes you a better lifesaver. Understanding how to read surf conditions, enter the surf quickly, negotiate waves and return shore safely is paramount for both rescues and racing. For our younger athletes moving through the ranks, the lessons they learn from training, competing and patrolling our beaches will stay with them forever.

This can only be achieved with continued support and time volunteered by our team managers, coaches, parents and supporters. I would like to take this opportunity to personally thank everyone who has been involved over the past season and the journey Portsea competition has gone through to date.

I feel like every year I repeat myself, but I am already looking forward to the next coming season! The level of energy and positivity surrounding Portsea's competition team is nothing short of amazing. If you have any thoughts, questions or ideas, I'm here and happy to chat! See you out the back!

### Nick Tissot, Competition Director

Red Alert Anglesea Carnival 2019.  
The Boaties Punching Out.

LSV Masters 2019 Lyndall Willis, Bev Thomas.

## YOUTH/SENIOR COMPETITION REPORT

The Portsea Youth/Senior competition team received an injection of enthusiasm, and competitors, this year. In addition to the U15 group moving from nippers to seniors, an LSV restructure saw the addition of the U14 age group to the senior competition. This added to our team of older competitors in U17 through to Open and Masters, who competed at carnivals throughout the season, Victorian State Champs and at Nationals.

The first highlight of the season was the selection of three of our members to the LSV State Team, with Xavier Purcell, Steph Hunter and Tom Regan competing in Sydney on the Australia Day long weekend. Jackson McCaffrey added to our state team representation with his selection as manager of the Victorian Surfboat Rowing Team.

Next up was our fabulous turnout to the Red Alert Anglesea carnival, where we saw our red and white cap racing in beach events, swims, irons, board and ski in all age groups. First time competitors like Domi Hart, went over on the ferry to win pennants and enjoy the camaraderie that comes with growth in numbers and participation.

The Victorian Titles saw our largest team in recent years journey down to Warrnambool. On top of the thirteen U14/15 youth who came away with five individual and six team medals, we had three U17 girls who successfully buddied up with Mt Martha for team events to snatch two silver medals, three open competitors and four boat crews who won a gold and three bronze. In total we had 34 competitors and a stunning 30 of them went home with medals!! Final scores had Portsea finish on 95.5 points in 13th place, up from 26 points and equal 16th last year.

Following on from our success at states, our youth team and surf boat rowing team competed at Aussies. Portsea was one of only three Victorian clubs to field full youth male and female teams at Aussies. It is definitely the start of greater things to come, with much learnt by both our competitors and their managers about how these big surf carnivals run up north. The highlight of the Youth Aussies was without a doubt the Silver Medal won by Tom Regan in the U15 Surf Race. Tom has put in an enormous amount of training both in the pool and in the ocean and we are extremely proud of his well-deserved win.

With our large group of fifteen U13 Nippers to move into seniors next year, we predict an exciting future for our Youth/Senior Competition Team. Thank you to the club, our competitors, managers and parents who have made this season possible. We look forward to a bigger and better season next year.

### Natalie Hood, Youth Team Administrator

LSV Masters 2019 Peter Bolton

LSV State Titles 2019 Georgie Kerr, Holly Grainger, Charlotte Mahon, Steph Hunter Bronze Relay.

LSV State Titles - Harvey Larke Ironman.

## SURFBOAT COMPETITION REPORT

Portsea was represented by three crews at the recent Australian Championships conducted in very challenging seas at North Broadbeach on the Gold Coast, Queensland.

The Reserve Women and Under 23 Men narrowly missed out on proceeding to the Quarter Finals and the Open Women reached the Quarter Finals, at which stage they were narrowly eliminated.

The tough conditions presented unique challenges for each of the crews. In fact, safety protocols now enforced by SLSA and LSV preclude surfboats from competing and training in such conditions.

Conquering up to 3.5 meter waves in the Open Womens Quarter Final was a magnificent effort considering two crew members were carrying pre-existing injuries and a third crew member was new to surf rowing. No doubt SLSA will be undertaking extensive discussions regarding the application of current safety protocols prior to the competition program returning to the Gold Coast for next year's championships.

Our surfboat rowing season has been one of consolidation, with some outstanding results throughout the season, culminating in success at the Victorian State Titles, with every Portsea rower bringing home a medal. We look forward to further growth next year and welcome any new rowers who would like to join our team.

### Reserve Women

Sara McCaffrey, Anna Salmon, Lilley Skacej, Maddy Thomas and Jackson McCaffrey (sweep)

### Under 23 Men

Ben Taylor, Nick Waddell, Charlie Forbes, Hamish Molnar and Jackson McCaffrey (sweep)

### Open Women

Mel von Moger, Amanda Rukuwai, Alexandra Hagan, Em von Moger and Stephen Blewett (sweep)

## STEPHEN BLEWETT, SURFBOAT TEAM MANAGER

### IRB TEAM

Portsea SLSC did not field an IRB Team for winter racing. Whilst a number of members continue to be actively involved in IRB areas, the group as a whole has taken the opportunity to reset and re-evaluate team structuring for the coming years.

As veteran members of the group begin transitioning from leadership positions, we are excited to see fresh faces and new "young bulls" step up to continue the success established in past years. I would like to personally thank Jesse Faulkhead, Hamish McKendrick and Simon Wilson for their participation, knowledge and engagement throughout past seasons.

## NICK TISSOT, COMPETITION DIRECTOR

## MASTERS COMPETITION REPORT

Lorne produced consistent 2-3 foot surf all day. The weather was mixed in the morning but the sun shone all afternoon. The waves gave us an advantage with our surf skills and experience. Thirty four clubs saw 400+ competitors race in surf and beach events. Portsea placed 7th overall with great representation from our team of 21 Masters. An improvement on last year's overall ranking of 11th.

Our red & white caps made an appearance in most events. Representing our women were Lyndall Willis, Bev Thomas, Fiona McLean and Cathy Mellor, our largest female masters team to date. Together on a board for the first time Bev and Lyndall surfed home with bronze in the Board Rescue. An exciting moment for Lyndall to win her first LSV state medal. Bev won back to back titles in the 2km beach run with Cathy Mellor taking out the bronze. The results - smiles from ear to ear and a keenness to grow the women's team in readiness for even more fun next year. Thank you Sue Traynor for the women's board coaching. The men's superior surf skills dominated the water events with a significant medal tally in both individual and team events. Our new ski team did extremely well. Henry "Twinkle Toes" Kiss led the beach attack. Even with Brett Croft nursing a football sized corked calf after taking a hit in beach flags, the beach relay team won gold. Team morale was firing with the first events kicking off at 8am. Competition was fierce and banter was at its best with loud cheers of encouragement and support. A nine hour day of competition ending with great results from our Masters Team.

Rehydration was important at the completion of pack up and so, it was on to the deck of the Lorne Surf Club for discussion of injuries, near misses and medals as the drinks flowed. Many standout moments were replayed into the night as the team celebrated with dinner.

High praise for a superb team effort. A special thanks to Fiona McLean and Donna Thomas our team managers for the day who were kept busy recording results, Henry and Bec Kiss for officiating and assisting LSV, Jesse for again assisting LSV with water safety, Angelo and Tisso for photos and support throughout the day and the entire team for assistance with LSV set up and pack up.

Well done team, you all represented Portsea to the highest level. It's taken me four days to recover but I'm looking forward to racing again next year.

## DWIGHT HARRISON, MASTERS TEAM CAPTAIN

Portsea Presentation Night  
May 2019 Trophies.

LSV Masters 2019 Dwight Harrison.

LSV Masters 2019 - Michael Wilson.

## NIPPER COMPETITION REPORT

The Portsea Junior Competition Team Committee has always sought to encourage participation in junior competition because we genuinely believe it has a significant role to play in the development of the future leaders of our club and the broader community. The personal growth of our team members throughout the 2018/19 season has been self-evident. From growing levels of confidence in the skills critical to surf lifesaving through to the team's ability to support and encourage each other in competition and importantly, outside of the club.

The 2018/19 season saw 62 enthusiastic and energetic young members compete for Portsea, with many more joining in at a variety of training sessions held over the summer months. The team was led by an outstanding group of young Under 13 team members, Jess Haintz, Miles Regan and Charlie Dowling, supported by Mackie Hunter and Gemma Woolrich. Our team's saying, "you don't need a title to be a leader" was embraced by the entire leadership group. To see them articulate their passion for the club, their teammates and each other at our State Titles dinner was moving and for me, the highlight of the season.

It's important to recognise the many volunteers required in order for our young members to compete, including:

- The tireless work of our Junior Competition Team Committee - Sam Kerr, Darren Kerr, Natalie Hood, Matt Colston, Amanda Benson, Ashley Slee, Nick Tissot, Meg Dowling, Kate Richardson and Simon Wilson.
- The outstanding service provided by both Natalie Hood and Meg Dowling who retired from the Committee at the end of the season.
- The commitment of our coaching team led by Natalie Hood, Marni Jacka, Kate Richardson and Henry Kiss.
- The dedication of our Age Managers, Mike Haintz, Meg Dowling, Adam Deacon, Simon Wilson, Kate Richardson, Marni Jacka, Matt Colston, Amanda Benson, Stuart Larke, Ashley Slee, Fiona Lancaster & Kate Murchie.
- And each of the parents and/or siblings who acted as either officials or water safety at LSV carnivals or training, great to have you involved.

Without this level of volunteer support we simply couldn't put a team on the beach. Thank you for all that you do.

We are also fortunate to be supported by two generous sponsors, EY and Winnett, as well as the broader Portsea SLSC Committee. Their financial support, provided over many years, has enabled us to allocate boards to every member of our team and ensure that they have access to high quality infrastructure and specialist training.

Finally, I would like to thank each and every member of our team. From the (slightly crazy) Under 8s squealing with delight as they experience their first carnival to the parents who encourage, support and when needed, console members of our team as if they were their own. We have a great team and I encourage you all to support Matt and Amanda as they jointly take on the Team Manager responsibilities for the forthcoming season.

## BRETT CROFT NIPPER COMPETITION TEAM MANAGER

Nippers 2019 (2).

Portsea Swim Classic Jan 2019 Nipper Swimmers.

## MAJOR EVENTS

### Portsea Swim Classic

We are pleased to report that the Portsea Swim Classic continues to go from strength to strength, with the 2019 Portsea Swim Classic being the most successful event in the last 30 years. The 2019 event continued the steady growth in competitor numbers with 2000 total swimmers competing in the swim.

On the 19th January 2019 we were once again blessed with a perfect day, a temperature of 24° blue sky and virtually no wind. These conditions presented optimal conditions for competitors who lapped them up and had a thoroughly enjoyable swim, cementing the Portsea Swim Classic as an iconic event and what many believe to be the best swim on the summer swim calendar.

2019 was the fourth year in which we have run the Portsea Swim Classic gold event, being a 2.5 km swim from the east of the Portsea hotel into Quarantine Station. Once again Point Nepean's resident dolphins joined the swimmers making the swim that much more enjoyable. An experience not to be rivalled. Congratulations to Sam Sheppard and Dominique Hart for taking out the line honours in the gold races.

Further congratulations to Sam Sheppard and Kelly Stubbins for taking out line honours in the open age category of the Portsea Swim Classic 1.5 km race.

As usual, the highly anticipated Hahn Super Dry Da\$h 4 Ca\$h attracted a large crowd at the end of the day, eager to watch the best female and male sprint, swimmers battle it out in a frantic splash and dash to win \$1,000 cash each. Congratulations goes to Jess Hansen and Jordan Merrilees for taking out the female and male categories.

A big thank you must go out to all of our wonderful sponsors who make this event possible and ensure that much needed funds are raised for the continued operation of the Portsea Surf Life Saving Club. We would like to say a big thank you to our 2019 major sponsor Blazer clothing, Gold sponsor and Da\$h 4 Ca\$h sponsor Hahn Super Dry, Gold sponsors Gurner Saint Moritz and Lojac, Silver swimming cap sponsors Australian Skin Cancer Clinics and Swimming Australia, event sponsors and partners Orca, Split Rock Tiro, Australian Bananas, Bulla family dairy, Funky Trunks/Funkita, World Series Swims, Engine, Swim Seal, Stringers store, Harvest Box, and Core+.

A big, big thank you must go to the hundreds of tireless hours put in over the year by the Portsea Swim Classic Subcommittee. Deb Grooby, Christine Walton, Craig Evans, and Dick Fisher. Deb is stepping off the subcommittee following this event and I thank her for all of her hard work and dedication over the past couple of years.

A further thank you to Hamish McKendrick for his co-ordination of the very impressive event water safety team which is second to none, and Jesse Faulkhead and Eliza Allan for coordinating our first aid resources and response.

Thank you also to the many Portsea Surf Life Saving Club volunteers who are too numerous to mention by name, who gave their time not only on the day but also in the days, weeks and months leading up to the event. That hard work makes the day possible and without it we simply could not run such a huge event.

Feedback following the 2019 Portsea Swim Classic was overwhelmingly positive. I can honestly say that this year's event was the best Swim Classic I have been involved in over the last 30 years. We are truly lucky to be able to stage our open water swim event in the pristine waters of Point Nepean National Park and offer our competitors the opportunity of swimming in the most crystal clear water that they will ever experience.

We look forward to welcoming you to an exciting 2020 Portsea Swim Classic on Saturday 18th January 2020, which will mark my final year as event director and enable my successor to inject fresh ideas and enthusiasm to ensure that the Portsea Swim Classic remains Australia's greatest open water swim.

### Darren "Spot" Kerr Swim Classic Event Director

Portsea Swim Classic Jan 2019 Hahn Super Dry Da\$h For Cash winner.

Portsea Swim Classic Jan 2019 Junior Winners.

## PIER TO PERIGNON

The question this year is which was the better effort? Sam Sheppard wading ashore for his third P2P win or the achievement of Humble Founder Ted, following major back surgery in 2018, completing his 30th P2P? Each is a great story, and worthy of praise.

The conditions were ideal, definitely a little warm in the full morning sun as participants queued for their event t-shirt and timer, but wind and sea were promising a pleasant swim ahead.

Overall management of the P2P passed from Peter Wilson to Craig Evans, who had previously managed the registration area during Peter's four year reign in the role of event director.

This year saw a change of style in pre-event entertainment with the Rob Papp Trio belting out some rock favourites on the Sorrento pier, while busker Nathan Crosse later welcomed the swimmers onto the grassy knoll at Portsea with his Saxophone.

With the Sorrento ferry readying to cast off, a surprise fly-over by our favourite aviator Jim Wickham in his 1995 Russian Yak, flying out of Tyabb Airfield, amazed those waiting on the beach. After the dynamic aerial display the starter hooter sounded and we were on our way.

A short 34 minutes later the lead swimmers emerged at Portsea with Sam Sheppard crossing the line first to become a triple winner of the P2P, joining the past swimmers Nick Humphery and Shane Asbury. Second overall went to Robbe Dilissen and third to Portsea's own young-gun Tom Regan. A great effort by Sam Bennett saw her lead the female contingent to hit the beach in a time of 39:28 placing 18th overall, followed closely by Kirsteen Butler in 22nd place and Lore Ebeling in 23rd.

The list of 10 and 20 year swimmers grows as we move into this our 31st running of the swim. This year the recipients were:

### 10 Year Swimmers

Robert Adams	Peter Bolton	Joseph Butler
Paul Cootes	Caroline Cotton	Lucy Fairhall
Stephen Forsyth	Ross Kinnane	Robert Lenne
Claudia Mulder	Justin Rodda	Allan Saunders
Michael Sheppard	David Waters	John Syme
Andrew Hunt	Peter O'Shaunessy	

### 20 Year Swimmers

Hayley Birch	Colin Brumley	Chris Corrigan
Victoria C-Clough	Brett Davis	Mark Dunphy
Bill McHarg	Iain McLean	James Mighell
Rachael Nevins	Michael Urban	Alison Woodward
Peter Duggan	Peter Wischusen	

### 30 Year Swimmer

Humble Founder - Ted Baillieu

Portsea is always proud to have our sponsors attend on the day to support our great club and to supply food and drinks to the weary swimmers at the Portsea Pier on completion of the event. The support from Gerard Delaney and Lou Opie from Kay & Burton Real

Estate is especially appreciated with this their 15th year of involvement in the event, along with long-time supporters, Split Rock, Emma & Toms for their beautiful drinks, Baked in Portsea's Fruit Muffins and fresh fruit from Scicluna's of Sorrento. A special welcome also goes to our new sponsor SwimSeal, for water-free ears.

The event depends greatly on the volunteers from our club who were ably led by Water Safety Coordinator Hamish McKendrick, Registration Area Manager Fiona McLean and Finish Area Managers Andrew Regan and Henry Kiss, to ensure the swim runs smoothly. It was especially good to see the Sorrento CFA arrive with their fire truck to provide water power to clean the equipment at Quarantine Station and thankfully, a fire hose that makes washing 12 IRB's a breeze!

Finally, thank you to all our swimmers for the support they give by participating in this event. It certainly rates highly amongst the greatest swims in Australia.

## IAN CAMPBELL, P2P ADMINISTRATION

P2P 2019 10 Year Swimmers.

P2P 2019 20 Year Swimmers.

Portsea Pier to Pub June 2018.

## CLUBHOUSE OPENING

After seven long years of planning, designing, consulting and finally building, the Club celebrated the much-anticipated opening of our fabulous new Clubhouse on Easter Saturday this year. It was a wonderful day of celebrations, kicked off with the Official Opening ceremony on Easter Saturday morning. With Deputy President, Matt Mahon, acting as MC, Club Patron, Rob Fildes AM and Club President, Stuart Rayner addressed the invited guests and Life Members, before calling upon the Premier, The Hon Daniel Andrews MP and the Mayor of Mornington Peninsula Shire, Cr David Gill to officially unveil the commemorative brass plaque that will adorn the western wall of the new building. The official ceremony to thank those who had made the project possible through their generous financial support, The Victorian State Government, Mornington Peninsula Shire and our Cornerstone & Community Donors, was followed with canape's and a few bubbles as all present toured the building for a closer inspection. The weather gods smiled on us with a glorious sunny day and a light northerly breeze as Huey sent the most magnificent 2 metre sets rolling ashore.

With the Official Ceremony completed by lunch, our events team then quickly turned things around in preparation to welcome up to 800 of our members who had replied to the Members Opening Celebration. With the late afternoon sun painting a stunning backdrop, families began streaming down the ramp at 4 pm to finally get inside the building they have been patiently watching rise out of the dune over the previous 16 months. And from the looks on some of the faces, it was worth the wait! The new radio room, now at ground level to enable interaction with the public, still provides uninterrupted 180-degree views of our beach. Then, upon entering through the two large roller-doors into the new gear storage area, the 3.6m ceiling height gives an awesome sense of scale. With the first aid room on the left that enables an ambulance to back up right to the door, you proceed towards the eastern end of the building with beautifully appointed and clean change rooms, as well as the Multi-Purpose Room, which we envisage will become our youth "hang-out". Along with the beanbags and table tennis tables, a spectacular montage of photos showcasing our strong patrolling and competition history dominates this room.

Moving up the central stairs case, you find yourself looking into the amazing new Day Patrol room, which will provide a comfortable and highly functional base and shelter from the elements for our Active patrolling members. The Day Patrol Room separates the accommodation wing to the east, comprising 5 separate bunk rooms plus laundry, bathroom and locker room, from the main Club rooms to the west with southern and eastern glass walls and sliding doors showcasing one of the best views in the country. Off the main room sits the full commercial kitchen with servery and cool rooms, the main bar that opens onto the western deck and the main reception area with its office, amenities and lift, as well as the main staircase that leads down into the front entrance atrium.

Having completed the tour, guests then joined the rapidly growing group soaking up the last of the setting sun on the deck, whilst enjoying a drink and some fabulous food from Clover Culinary Projects with fellow members and friends. And while Easter plans reduced attendance a little, the space thankfully didn't feel crowded by the assembled throng. Club President, Stu Rayner welcomed members to our new home and thanked those responsible for delivering it. Club Captain Matt Perrott partied the night away to live music from The Wildermoths and later, the dance tunes from our resident DJs James Nola and Jesse Faulkhead testing the Club's new Sonos sound system. A very worthy celebration for our fabulous new facility.

Portsea Clubhouse Opening April 2019 - The Buccaneers.

Portsea Clubhouse Opening April 2019, Rob Fildes, Dan Andrews, David Gill, Stu Rayner.

Portsea Clubhouse Opening April 2019 - The Juniors Room.

Of course, none of this organised or occurred by itself. A tremendous amount of planning and literally thousands of volunteer hours have gone in to delivering our new Clubhouse and a huge thank goes to the following.

### The Building Sub-Committee

- Ash Murdoch, Chair of the BSC during the final construction phase, whose expertise in managing large projects was invaluable when overseeing the builder and the multitude of sub-contractors.

- Matt Mahon, the Club's Deputy President, Matt was responsible for Government and stakeholder relations, dealing with the State Government, Mornington Peninsula Shire, DELWP, Parks Victoria and a raft of other key suppliers, service providers and stakeholders.

- Andrew Regan, Nipper dad and project legal counsel who managed all of the project contract negotiations and disputes along the journey.

- Brett Croft, Nipper dad and project finance guy who liaised directly with Club Treasurer, Angelo Biviano, to maintain the project budget and keep tabs on all of the cash inflows and outflows.

- Cam Hunter, Life Member who, given his years of experience and history with our Club, has overseen lease negotiations with Parks Victoria and other discrete projects.

The BSC has gone through several iterations over the 7-year Rebuild journey and others who have made significant contributions along the way include.

- Craig Evans, Chaired the BSC for several years prior to Ash and was responsible for guiding the Project through the torturous design and consultation phase to get us to the start of construction.

- Fiona McLean - an architect herself, Fiona provided critical review of the architectural design throughout the process and was pivotal in the decisions around the final look and feel of the building we have today, working closely with architects Sadler and Carr to ensure a building we can all be proud of.

- Jodie Madden - with her background in construction, Jodie worked closely with Nick Martin in assessing several in-kind donation offers from donors looking to help with materials and services to reduce the overall project cost.

- Charlie Schall - the man who initially raised the state of the old change rooms and the case to renovate them. From that came a grant application for \$100K, before the recognition that a broader master plan for our club and our facility was required. Charlie subsequently chaired the inaugural BSC through the initial concept design phase.

There are many more members who sat on the BSC and assisted over the journey, not to mention Committee members who were called upon to assess proposals and make the hard decisions. At the risk of missing someone, I'd like to single out the following for their contributions.

- On the BSC, Sarah Curtis, Tim Clark, Andrew Cox, Tim Colquhoun, Andrew Doquile, Andrew Kiss, Ash Williams, Mark Morris, Julian Grainger, Simon Knight, Matt Perrott and Nick Tissot; and

- On the Committee, Tim Hart, David Paterson, Tim Adams, Sophie Riddell, Jesse Faulkhead, Hunter Judge, Stephen Daniel and Elena Parker.

### Fundraising

- Our Cornerstone and Community Donors, who have all answered the call and so generously supported our Rebuild Appeal to make this Project possible, along with the support of the Victorian Government and Mornington Peninsula Shire.

- Nicholas Martin, has been the driving force behind our Cornerstone and Community Donor efforts and has single-handedly managed a process that has generated well in excess of \$4.1m, over half the total project cost. As anyone who has ever tried it knows, asking people for money is a tough gig and Nick has done it with grace and most importantly, (almost) achieved his target. He has had the assistance of several of our key Cornerstone Donors including Club Patron Rob Fildes AM, Lindsay Fox AC, Denis Roche and John Higgins who generously opened their homes for fundraising events over the last few years. Nick continues to seek member assistance to close the final gap to avoid the Club having project debt post-completion.

## THE BUILD TEAM

- JW Sadler Architects, Club members Jim and Jacinda Sadler have been the Club's principal architects, with Jacinda answering the call for help very early in the process, way back in 2012. It was Jacinda who came up with the initial concept designs and slowly adapted those throughout a long consultation period with members, consultants and other key stakeholders. An early 3-storey design was rejected by PV early on, but after many hours trying to work out how to fit everything into the operational western end, they came up with the highly functional design we have today;

- Carr Design, joined the project team late in the design phase to work with the BSC and Sadler to design the beautiful external facade we have today in keeping with the aesthetic of the dune on which we are located;

- Bruce Henderson Architects, were brought in to design the interior palette and finishes, which I think we can all agree have hit the right note. Reviewing BHA's proposed finishes and furnishings were members Kim Hunter and Sophie Croft;

- Nash Management, our Project Managers who have managed the difficult task of keeping this highly complex project, with its many twists and turns, on track and on budget; and

- Ireland Brown Constructions, our builder who had the even more difficult task of actually building the Clubhouse in the shifting sands of the Portsea primary dune. Given the engineering work that has gone into the foundations deep below the dune, our new facility will surely stand the test of time, not to mention Mother Nature!

In addition to the primary Build Team, there are countless other consultants, too numerous to mention, who performed discrete tasks in their specific areas of expertise.

## OPENING ORGANISING COMMITTEE

A small group of members jumped in to plan and organise all the logistics that went into hosting two significant events on one day, the Official Opening Ceremony, followed by the Special Members Opening on Easter Saturday. They had to organise everything from the guest lists and RSVPs through food and beverage, to equipment hire including furniture, glassware, cutlery and crockery, entertainment, staffing, security, AV hire and set up, photography and of course cleaning up afterwards. Take a bow Fiona Wilson, Kim and Paul Hunter, Brett and Sophie Croft, Matt Perrott, Matt Mahon and Stu Rayner for delivering what were two highly professional and well-run events.

Over the winter months, work has continued through the customary defects period and fitting out the new building ahead of season 2019-20. One of the key pieces of work has been to define the operational model for the new building, including importantly, the food and beverage offering which will be critical to maximising our members utility of the fabulous space. Thanks to Wayne Stoll, Matt Mahon, Emily and Rob Mellor and Paul Hunter for working through the design and engaging with suitably qualified parties to help ensure its execution in time for summer.

Our new Clubhouse is a truly fabulous facility that will not only ensure an ongoing lifesaving presence at Portsea Back Beach, but importantly provides a modern, new hub for our members to socialise with one another, our kids to participate in valuable training and camps and our community to benefit from. I urge everyone to embrace this wonderful opportunity, respect it and look after it for the benefit of all.

## STUART RAYNER, PRESIDENT

## RECOGNITION AND CONTRIBUTORS

### Victorian Surf Lifesaver of the Year

The Wishart Medal is named in memory of Portsea Club Captain John Wishart who tragically lost his life at the Portsea Back Beach in 1956 and is awarded to Victoria's Surf Lifesaver of the Year. Portsea members who have been recipients of the Wishart Medal:

1959	Peter Glenn	1974	Brian Hall
1979	Steve Reid	1988	Tim Hart
1990	Natalie Hood		

### Australian Surf Lifesaver of the Year

The Australian Surf Lifesaver of the Year award is presented annually at the Australian Surf Life Saving Championships.

1990 Natalie Hood

### Life Saving Victoria President's Commendation

This award is made by the President of Life Saving Victoria to recognise outstanding service by a club member over an extended period of time.

2011 Ian Campbell 2016 Tim Hart

### Life Saving Victoria Life Members

The following members of Portsea SLSC have been awarded Life Membership of Life Saving Victoria for their services to lifesaving in this state.

Mil Napthine (Deceased) 1962

Roy Boyce (Deceased) 1981

Natalie Hood 2018

### Surf Life Saving Australia

National Medical Advisor and Portsea Life Member Dr Natalie Hood continues to serve Surf Life Saving through her involvement with our peak body as SLSA National Medical Advisor, SLSA representative on the Australian Resuscitation Council, International Life Saving Medical Committee member and International Liaison Committee on Resuscitation First Aid Task Force member.

Rebecca Gould was a participant of the SLSA National Leadership College.

## SPONSORS

The Portsea Surf Life Saving Club is supported by a large and diverse group of sponsors who contribute funds and equipment to the Club. We depend greatly on this support to ensure the community service we provide to the public using the beach is first class. Portsea SLSC gratefully acknowledges the generous support of our loyal partners and sponsors, most of whom have faithfully supported the club, its operations and events for many years.

### Rebuild Appeal

The club acknowledges our Cornerstone Donors and all those who have contributed to the Rebuild project. Formal recognition of donors will be provided in the final published annual report.

### Portsea Swim Classic

#### Gold Sponsor

Blazer Clothing

Hahn SuperDry (also sponsors the Da\$h for Ca\$h)

Lojac

St. Moritz

### Silver Sponsors

Australian Skin Cancer Clinics  
Swimming Australia

### Bronze Sponsors

Bulla Family Dairy  
Core-plus  
Costa Group  
Engin Swim  
Funky trunks/Funkita  
Harvest Box Horticulture  
Orca  
Splitrock Tiro  
Stringers Store  
Swim Seal

### Pier to Perignon

### Major Sponsor

Kay & Burton Real Estate

The club thanks major sponsor Kay & Burton Portsea for their support of the Pier to Perignon. Liz Jensen, Director of the Portsea - Sorrento branch of Kay & Burton real estate agents has been a major sponsor of this great event since 2004. The club values highly our sponsors, with the income derived from this event channelled into lifesaving equipment for the protection of swimmers on the iconic Portsea Back Beach.

### Event Partners

Thanks to the following sponsors for their continued support with post-race goodies and funding.

Local businesses supporting your lifesavers.

Baked in Portsea

Scicluna's of Sorrento

Splitrock Natural Spring Water

Emma & Tom's

SwimSeal

World Series Swims

### Portsea Nipper Sponsors

Baillieu Holst

Ernst & Young

The Fox Family Foundation

Fiametta Heating

Winnett Specialist Group

### Government & Association Grants

The club gratefully acknowledges the support from Australian Government, Surf Life Saving Australia, Life Saving Victoria, The Victorian State Government and the Mornington Peninsula Shire Council in providing support for our operations.

### Portsea Surf Lifesaving Foundation

The Club acknowledges the Trustees of the Portsea Surf Lifesaving Foundation for their ongoing and significant financial contributions towards the Club.

### Appreciation of Services & Assistance

The Club depends heavily on members, their family and friends in many areas of the Club's operation and extends thanks to these people who supported us during the year.

### RESCUE & AWARDS SUMMARY

#### Rescues performed by members at Portsea for season 2018 - 2019

RESCUE SUMMARY	2018/2019	2017/2018	2016/2017
Rescues unaided	6	0	3
Rescue tube	16	5	5
Ski	0	0	0
Rescue board	18	2	8
Inflatable Rescue Boat	2	1	2
Helicopter	0	0	0
<b>TOTAL</b>	<b>42</b>	<b>8</b>	<b>18</b>
<b>Preventative Actions</b>	<b>3,428</b>	<b>1,038</b>	<b>944</b>

## Totals of the major patrolling awards gained by Portsea since 1949.

### PATROLLING LIFESAVER AWARDS

	2018 / 2019	2017 / 2018	2016 / 2017	Total Since 1949
Surf Rescue Certificate	103	92	91	1297
Bronze Medallion	115	99	95	3044
Advanced Resuscitation Technique	45	33	33	582
Spinal Management Award	32	33	35	-
Gold Medallion (Advanced Lifesaving)	1	0	0	74
IRB Driver	1	1	3	122

### MEMBERSHIP SUMMARY

Membership numbers for the various categories for season 2018 / 2019 were:

MEMBERSHIP	2018 / 2019	2017 / 2018	2016 / 2017
Honorary Life	28	29	28
Active(1)	396	441	440
Active Reserve	2	1	0
Associate Life (2)	0	0	0
Associate	20	7	14
Family Memberships (3)	511	513	549
Additional Family Members (4)	1587	1,616	1,657
Foundation(5)	123	123	123
Nipper	567	599	601
Bronze	92	89	83
Cadet	89	81	78
<b>TOTAL(6)</b>	<b>2,387</b>	<b>2,447</b>	<b>2,489</b>

#### Notes:

- 1.Active Members: includes all members who have patrolled this season. Members who did not patrol are excluded.
- 2.Associate Life Membership: is a category of membership that was reserved for a group of members who materially assisted with the formation of the club in 1949. All these members have now passed away.
3. Family Memberships represent the number of family groups who are members of the club.
- 4.Additional Family Members: members who belong to a family membership, other than the primary family member.
5. Foundation: represents a group of members who were granted honorary family membership.
- 6.TOTAL: the membership numbers in the table include a degree of double-counting due to members being part of more than one group (e.g. Nippers are also Additional Family Members: some life members are also Active patrolling members, etc). The Total figure reported at the foot of the table excludes double-counting and represents the total number of current members of the Club.

#### DONATIONS

In addition to the donations received by the club specifically in aid of the clubhouse rebuild project, Portsea SLSC also gratefully acknowledges donations received in 2018/2019 from the following sources:

- Ritchies Stores Sorrento;
- Rotary Club of Sorrento;
- The Portsea SLSC Foundation;
- Gunnamatta Surf Life Saving Club.

## Portsea Surf Life Saving Club Inc

ABN 69 006114 727

The financial report is for Portsea Surf Life Saving Club Inc as an individual entity. Portsea Surf Life Saving Club Inc is an association incorporated in Victoria and operating pursuant to the Associations Incorporation Reform Act 2012.

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements of the Australian Accounting Standards Board, and the *Associations Incorporation Reform Act 2012*. The association is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the Australian Accounting Standards Board has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of the financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for the cash flow information, have been prepared on an accrual basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

#### Accounting Policies

##### a. Revenue

Revenue from the sale of goods is recognised upon the delivery of goods to customers.

Grant revenue is recognised in the statement of comprehensive income when the association obtains control of the grant and it is probable that the economic benefits gained from the grant will flow to the association and the amount of the grant can be measured reliably.

If conditions are attached to the grant which must be satisfied before it is eligible to receive the contribution, the recognition of the grant as revenue will be deferred until those conditions are satisfied.

When grant revenue is received whereby the association incurs an obligation to deliver economic value directly back to the contributor, this is considered a reciprocal transaction and the grant revenue is recognised in the statement of financial position as a liability until the service has been delivered to the contributor, otherwise the grant is recognised as income on receipt.

Portsea Surf Life Saving Club Inc receives non-reciprocal contributions of assets from the government and other parties for zero or a nominal value. These assets are recognised at fair value on the date of acquisition in the statement of financial position, with a corresponding amount of income recognised in the statement of comprehensive income.

Donations and bequests are recognised as revenue when received.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets is the rate inherent in the instrument.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

##### b. Inventories

Inventories are measured at the lower of cost and net realisable value.

Inventories acquired at no cost, or for nominal consideration are valued at the current replacement cost as at the date of acquisition.

##### c. Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair values as indicated, less, where applicable, accumulated depreciation and impairment losses.

#### Property, Plant and Equipment

Property, Plant and equipment are measured on the cost basis less depreciation and impairment losses.

The accompanying notes form part of these financial statements

## Portsea Surf Life Saving Club Inc

ABN 69 006114 727

The carrying amount of plant and equipment is reviewed annually by Committee to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the assets employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

Plant and equipment that have been contributed at no cost or for nominal cost are valued and recognised at the fair value of the asset at the date it is acquired.

### Depreciation

The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a straight line basis over the asset's useful life to the association commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Buildings	10%
Plant and equipment	33%

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each statement of financial position date.

Asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

### d. Financial Instruments

#### *Initial Recognition and measurement*

Financial assets and financial liabilities are recognised when the Association becomes a party to the contractual provisions to the instrument. For financial assets, this is the date that the Association commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments (except for trade receivables) are initially measured at fair value plus transaction costs, except where the instrument is classified "at fair value through profit or loss", in which case transaction costs are expensed to profit or loss immediately. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Trade receivables are initially measured at the transaction price if the trade receivables do not contain a significant financing component.

#### *Classification and subsequent measurement*

##### *Financial Liabilities*

Financial liabilities are subsequently measured at:

- amortised cost; or
- fair value through profit or loss.

A financial liability is measured at fair value through profit or loss if the financial liability is:

- a contingent consideration of an acquirer in a business combination to which AASB 3 :*Business Combinations* applies;
- held for trading; or
- initially designated as at fair value through profit or loss.

All other financial liabilities are subsequently measured at amortised cost using the effective interest method.

The accompanying notes form part of these financial statements

## Portsea Surf Life Saving Club Inc

ABN 69 006114 727

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest expense in profit or loss over the relevant period.

The effective interest rate is the internal rate of return of the financial asset or liability, that is, it is the rate that exactly discounts the estimated future cash flows through the expected life of the instrument to the net carrying amount at initial recognition.

A financial liability is held for trading if it is:

- incurred for the purpose of repurchasing or repaying in the near term;
- part of a portfolio where there is an actual pattern of short-term profit taking; or
- a derivative financial instrument (except for a derivative that is in a financial guarantee contract or a derivative that is in an effective hedging relationship).

Any gains or losses arising on changes in fair value are recognised in profit or loss to the extent that they are not part of a designated hedging relationship.

The change in fair value of the financial liability attributable to changes in the issuer's credit risk is taken to other comprehensive income and is not subsequently reclassified to profit or loss. Instead, it is transferred to retained earnings upon derecognition of the financial liability.

If taking the change in credit risk in other comprehensive income enlarges or creates an accounting mismatch, then these gains or losses should be taken to profit or loss rather than other comprehensive income.

A financial liability cannot be reclassified.

### *Financial guarantee contracts*

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantee contracts are initially measured at fair value (and if not designated as at fair value through profit or loss and do not arise from a transfer of a financial asset) and subsequently measured at the higher of:

- the amount of loss allowance determined in accordance to AASB 9.3.25.3; and
- the amount initially recognised less accumulative amount of income recognised in accordance with the revenue recognition policies.

### *Financial assets*

Financial assets are subsequently measured at:

- amortised cost;
- fair value through other comprehensive income; or
- fair value through profit or loss.

Measurement is on the basis of two primary criteria:

- the contractual cash flow characteristics of the financial asset; and
- the business model for managing the financial assets.

A financial asset that meets the following conditions is subsequently measured at amortised cost:

- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates; and
- the business model for managing the financial asset comprises both contractual cash flows collection and the selling of the financial asset.

By default, all other financial assets that do not meet the measurement conditions of amortised cost and fair value through other comprehensive income are subsequently measured at fair value through profit or loss.

The Association initially designates a financial instrument as measured at fair value through profit or loss if:

- it eliminates or significantly reduces a measurement or recognition inconsistency (often referred to as an "accounting mismatch") that would otherwise arise from measuring assets or liabilities or

The accompanying notes form part of these financial statements

## Portsea Surf Life Saving Club Inc

ABN 69 006114 727

recognising the gains and losses on them on different bases;

- it is in accordance with the documented risk management or investment strategy and information about the grouping is documented appropriately, so the performance of the financial liability that is part of a group of financial liabilities or financial assets can be managed and evaluated consistently on a fair value basis; and
- it is a hybrid contract that contains an embedded derivative that significantly modifies the cash flows otherwise required by the contract.

The initial designation of the financial instruments to measure at fair value through profit or loss is a one-time option on initial classification and is irrevocable until the financial asset is derecognised.

Regular way purchases and sales of financial assets are recognised and derecognised at settlement date in accordance with the Association's accounting policy.

### **Derecognition**

Derecognition refers to the removal of a previously recognised financial asset or financial liability from the statement of financial position.

#### *Derecognition of financial liabilities*

A liability is derecognised when it is extinguished (i.e. when the obligation in the contract is discharged, cancelled or expires). An exchange of an existing financial liability for a new one with substantially modified terms, or a substantial modification to the terms of a financial liability, is treated as an extinguishment of the existing liability and recognition of a new financial liability.

The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

#### *Derecognition of financial assets*

A financial asset is derecognised when the holder's contractual rights to its cash flows expires, or the asset is transferred in such a way that all the risks and rewards of ownership are substantially transferred.

All the following criteria need to be satisfied for the derecognition of a financial asset:

- the right to receive cash flows from the asset has expired or been transferred;
- all risk and rewards of ownership of the asset have been substantially transferred; and
- the Association no longer controls the asset (i.e. it has no practical ability to make unilateral decisions to sell the asset to a third party).

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

On derecognition of a debt instrument classified as fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the investment revaluation reserve is reclassified to profit or loss.

On derecognition of an investment in equity which the Association elected to classify under fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to profit or loss, but is transferred to retained earnings.

### **Impairment**

The Association recognises a loss allowance for expected credit losses on:

- financial assets that are measured at amortised cost or fair value through other comprehensive income;
- lease receivables;
- contract assets (e.g. amount due from customers under construction contracts);
- loan commitments that are not measured at fair value through profit or loss; and
- financial guarantee contracts that are not measured at fair value through profit or loss.

The accompanying notes form part of these financial statements

## Portsea Surf Life Saving Club Inc

ABN 69 006114 727

recognising the gains and losses on them on different bases;

- it is in accordance with the documented risk management or investment strategy and information about the grouping is documented appropriately, so the performance of the financial liability that is part of a group of financial liabilities or financial assets can be managed and evaluated consistently on a fair value basis; and
- it is a hybrid contract that contains an embedded derivative that significantly modifies the cash flows otherwise required by the contract.

The initial designation of the financial instruments to measure at fair value through profit or loss is a one-time option on initial classification and is irrevocable until the financial asset is derecognised.

Regular way purchases and sales of financial assets are recognised and derecognised at settlement date in accordance with the Association's accounting policy.

### **Derecognition**

Derecognition refers to the removal of a previously recognised financial asset or financial liability from the statement of financial position.

#### *Derecognition of financial liabilities*

A liability is derecognised when it is extinguished (i.e. when the obligation in the contract is discharged, cancelled or expires). An exchange of an existing financial liability for a new one with substantially modified terms, or a substantial modification to the terms of a financial liability, is treated as an extinguishment of the existing liability and recognition of a new financial liability.

The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

#### *Derecognition of financial assets*

A financial asset is derecognised when the holder's contractual rights to its cash flows expires, or the asset is transferred in such a way that all the risks and rewards of ownership are substantially transferred.

All the following criteria need to be satisfied for the derecognition of a financial asset:

- the right to receive cash flows from the asset has expired or been transferred;
- all risk and rewards of ownership of the asset have been substantially transferred; and
- the Association no longer controls the asset (i.e. it has no practical ability to make unilateral decisions to sell the asset to a third party).

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

On derecognition of a debt instrument classified as fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the investment revaluation reserve is reclassified to profit or loss.

On derecognition of an investment in equity which the Association elected to classify under fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to profit or loss, but is transferred to retained earnings.

### **Impairment**

The Association recognises a loss allowance for expected credit losses on:

- financial assets that are measured at amortised cost or fair value through other comprehensive income;
- lease receivables;
- contract assets (e.g. amount due from customers under construction contracts);
- loan commitments that are not measured at fair value through profit or loss; and
- financial guarantee contracts that are not measured at fair value through profit or loss.

The accompanying notes form part of these financial statements

## Portsea Surf Life Saving Club Inc

ABN 69 006114 727

Loss allowance is not recognised for:

- financial assets measured at fair value through profit or loss; or
- equity instruments measured at fair value through other comprehensive income.

Expected credit losses are the probability-weighted estimate of credit losses over the expected life of a financial instrument. A credit loss is the difference between all contractual cash flows that are due and all cash flows expected to be received, all discounted at the original effective interest rate of the financial instrument.

The Association uses the following approaches to impairment, as applicable under AASB 9 *Financial Instruments* :

- the simplified approach;

### *Simplified approach*

The simplified approach does not require tracking of changes in credit risk at every reporting period, but instead requires the recognition of lifetime expected credit loss at all times.

This approach is applicable to:

- trade receivables or contract assets that result from transactions that are within the scope of AASB 15: *Revenue from Contracts with Customers*, and which do not contain a significant financing component; and
- lease receivables.

In measuring the expected credit loss, a provision matrix for trade receivables is used taking into consideration various data to get to an expected credit loss (ie diversity of its customer base, appropriate groupings of its historical loss experience, etc).

### **e. Impairment of Assets**

At each reporting date, the association reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of comprehensive income.

Where the future economic benefits of the asset are not primarily dependent upon the asset's ability to generate net cash inflows and when the association would, if deprived of the asset, replace its remaining future economic benefits, value in use is determined as the depreciated replacement cost of an asset.

Where it is not possible to estimate the recoverable amount of an assets class, the association estimates the recoverable amount of the cash-generating unit to which the class of assets belong.

Where an impairment loss on a revalued asset is identified, this is debited against the revaluation reserve in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation reserve for that same class of asset.

### **f. Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

### **g. Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

Cash flows are presented in the cashflow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

### **h. Income Tax**

The accompanying notes form part of these financial statements

## Portsea Surf Life Saving Club Inc

ABN 69 006114 727

No provision for income tax has been raised as the association is exempt from income tax under Division 50 of the *Income Tax Assessment Act 1997*.

### i. Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at reporting date.

### j. Comparative Figures

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

### k. Critical Accounting Estimates and Judgments

The Committee evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the association.

#### Key Estimates

##### *Impairment*

The association assesses impairment at each reporting date by evaluation of conditions and events specific to the association that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

The buildings are on Crown land. The Portsea Surf life Saving Club Inc has entered into a lease for an initial 3 year term expiring 31 December 2019. The clubhouse has been used for over 60 years with no dispute of ownership over the building and in this time the clubhouse has been controlled, insured, modified and maintained by the club as if it were owned by the club. The Committee are of the opinion that the lease will be continued after this initial term expires and that the club will have a continuing right to use of the land and have applied this assumption in assessing the values of assets.

### l. Adoption of New and Revised Accounting Standards

#### New and Amended Accounting Standards Adopted by the Entity

##### Initial application of AASB 9: *Financial Instruments*

The entity has adopted AASB 9 with a date of initial application of 1 May 2018. As a result the entity has changed its financial instruments accounting policies as detailed in this note.

Considering the initial application of AASB 9 during the financial period, financial statement line items have been affected for the current and prior period. The following tables summarise the adjustments made to the affected financial statement line items.

AASB 9 requires retrospective application with some exemptions and exceptions (eg when applying the effective interest method, impairment measurement requirements, and hedge accounting in terms of the Standard).

There were no financial assets/liabilities which the entity had previously designated as at fair value through profit or loss under AASB 139: *Financial Instruments: Recognition and Measurement* that were subject to reclassification/elected reclassification upon the application of AASB 9. There were no financial assets/liabilities which the entity has elected to designate as at fair value through profit or loss at the date of initial application of AASB 9.

The entity applied AASB 9 (as revised in July 2014) and the related consequential amendments to other AASBs. New requirements were introduced for the classification and measurement of financial assets and financial liabilities as well as for impairment and general hedge accounting.

The date of initial application was 1 May 2018. The entity has applied AASB 9 to instruments that have not been derecognised as at 1 May 2018 and has not applied AASB 9 to instruments that have already been derecognised as at 1 May 2018. Comparative amounts in relation to instruments that have not been derecognised as at 1 May 2018 have been restated where appropriate.

The accompanying notes form part of these financial statements

## Portsea Surf Life Saving Club Inc

ABN 69 006114 727

Financial assets in terms of AASB 9 need to be measured subsequently at either amortised cost or fair value on the basis of the entity's business model and the cash flow characteristics of the financial assets:

- debt investments that are held within a business model whose goal is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal amount outstanding, are subsequently measured at amortised cost;
- debt investments that are held within a business model whose goal is both to collect contractual cash flows and to sell it, and that have contractual cash flows that are purely payments of principal and interest on the principal amount outstanding, are subsequently measured at fair value through other comprehensive income; and
- all other debt investments and equity investments are measured at fair value through profit or loss.

Despite the issues mentioned above, the entity may make an irrevocable election at initial recognition of a financial asset as follows:

- the entity may choose to present subsequent changes in fair value of an equity investment that is not held for trading and not a contingent consideration in a business combination in other comprehensive income; and
- the entity may choose to present a debt investment that meets the amortised cost or fair value through other comprehensive income criteria as measured at fair value through profit or loss if this choice significantly reduces an accounting mismatch.

When an equity investment at fair value through other comprehensive income has a gain or loss previously recognised in other comprehensive income, it is not reclassified to profit or loss. However, when a debt investment at fair value through other comprehensive income is derecognised, the gain or loss recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment.

Debt instruments that are subsequently measured at amortised cost or at fair value through other comprehensive income are subject to impairment.

The directors of the entity determined the existing financial assets as at 1 May 2018 based on the facts and circumstances that were present and determined that the initial application of AASB 9 had the following effect:

- Financial assets as held-to-maturity and loans and receivables that were measured at amortised cost continue to be measured at amortised cost under AASB 9, as they are held to collect contractual cash flows that consist solely of payments of principal and interest on the principal amount outstanding.

This note contains a table that shows the effect of classification of the financial assets upon initial application.

### *Impairment*

As per AASB 9 an expected credit loss model is applied and not an incurred credit loss model as per the previous Standard applicable (AASB 139). To reflect changes in credit risk this expected credit loss model requires the entity to account for expected credit losses since initial recognition.

AASB 9 also determines that a loss allowance for expected credit loss be recognised on debt investments subsequently measured at amortised cost or at fair value through other comprehensive income, lease receivables, contract assets, loan commitments and financial guarantee contracts as the impairment provision would apply to them.

If the credit risk on a financial instrument has not shown significant change since initial recognition, an expected credit loss amount equal to the 12-month expected credit loss is used. However, a loss allowance is recognised at an amount equal to the lifetime expected credit loss if the credit risk on that financial instrument has increased significantly since initial recognition, or if the instrument is an acquired credit-impaired financial asset.

A simple approach is followed in relation to trade receivables, as the loss allowance is measured at lifetime expected credit loss.

The entity reviewed and assessed the existing financial assets on 1 May 2018. The assessment was done to test the impairment of these financial assets using reasonable and supportable information that was available to determine the credit risk of the respective items at the date they were initially recognised. The assessment was compared to the credit risk as at 1 May 2017 and 1 May 2018. The assessment was done without undue cost or effort in accordance with AASB 9.

The entity has concluded that no additional credit loss allowance is required to be recognised as at 1 May 2018

## Portsea Surf Life Saving Club Inc

ABN 69 006114 727

or as at 1 May 2017.

### *Classification and measurement of financial liabilities*

AASB 9 determines that the measurement of financial liabilities and also the classification relates to changes in the fair value designated as fair value through profit or loss attributable to changes in the credit risk.

AASB 9 further states that the movement in the fair value of financial liabilities that is attributable to changes in the credit risk of that liability needs to be shown in other comprehensive income, unless the effect of the recognition constitutes accounting mismatch in profit or loss. Changes in fair value in relation to a financial liability's credit risk are transferred to retained earnings when the financial liability is derecognised and not reclassified through profit or loss. AASB 139 requires the fair value amount of the change of the financial liability designated as at fair value through profit or loss to be presented in profit or loss.

Apart from the above, the application of AASB 9 has had no impact on the classification and measurement of the company's financial liabilities.

On analysis there were no material financial impacts on adoption of AASB 9 at 1 May 2018.

The table below illustrates the classification and measurement of financial assets and liabilities under AASB 9 and AASB 139 at the date of initial application.

	Financial instrument category		Carrying amount		
	AASB 139 original	AASB 9 new	AASB 139 original	Remeasurements	AASB 9 new
<b>Financial assets</b>					
<b>Current and non-current</b>					
Trade and other receivables	Loans and receivables (amortised cost)	Financial assets at amortised cost	49,454	-	49,454
Cash and Cash Equivalents	Loans and receivables (amortised cost)	Financial assets at amortised cost	4,536,733	-	4,536,733
<b>Financial liabilities</b>					
<b>Current and non-current</b>					
Trade and other payables	Other financial liabilities	Other financial liabilities	386,501	-	386,501
Borrowings	Other financial liabilities	Other financial liabilities	-	-	-

The accompanying notes form part of these financial statements

### m. New Accounting Standards for Application in Future Periods

A number of Australian Accounting Standards and Interpretations are in issue but are not effective for the current year end. The reported results and position of the association will not change on adoption of these pronouncements as they do not result in any changes to the association's existing accounting policies. Adoption will, however, result in changes to information currently disclosed in the financial statements. The association does not intend to adopt any of these pronouncements before their effective dates.

Accounting Standards and Interpretations issued by the AASB that are not yet mandatorily applicable to the Company, together with an assessment of the potential impact of such pronouncements on the Company when adopted in future periods, are discussed below:

- AASB 15: Revenue from Contracts with Customers (applicable to annual reporting periods commencing on or after 1 January 2019).

When effective, this Standard will replace the current accounting requirements applicable to revenue with a single, principles-based model. Except for a limited number of exceptions, including leases, the new revenue model in AASB 15 will apply to all contracts with customers as well as non-monetary exchanges between entities in the same line of business to facilitate sales to customers and potential customers.

The core principle of the Standard is that an entity will recognise revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for the goods or services. To achieve this objective, AASB 15 provides the following five-step process:

- identify the contract(s) with a customer;
- identify the performance obligations in the contract(s);
- determine the transaction price;
- allocate the transaction price to the performance obligations in the contract(s); and
- recognise revenue when (or as) the performance obligations are satisfied.

This Standard will require retrospective restatement, as well as enhanced disclosures regarding revenue.

The directors do not anticipate that the adoption of AASB 15 may have an impact on the company's financial statements.

## Portsea Surf Life Saving Club Inc

ABN 69 006114 727

- **AASB 16: Leases** (applicable to annual reporting periods beginning on or after 1 January 2019).

When effective, this Standard will replace the current accounting requirements applicable to leases in AASB 117: Leases and related Interpretations. AASB 16 introduces a single lessee accounting model that eliminates the requirement for leases to be classified as operating or finance leases.

The main changes introduced by the new Standard are as follows:

- recognition of a right-of-use asset and liability for all leases (excluding short-term leases with less than 12 months of tenure and leases relating to low-value assets);
- depreciation of right-of-use assets in line with AASB 116: Property, Plant and Equipment in profit or loss and unwinding of the liability in principal and interest components;
- inclusion of variable lease payments that depend on an index or a rate in the initial measurement of the lease liability using the index or rate at the commencement date;
- application of a practical expedient to permit a lessee to elect not to separate non-lease components and instead account for all components as a lease; and
- inclusion of additional disclosure requirements.

The transitional provisions of AASB 16 allow a lessee to either retrospectively apply the Standard to comparatives in line with AASB 108: Accounting Policies, Changes in Accounting Estimates and Errors or recognise the cumulative effect of retrospective application as an adjustment to opening equity on the date of initial application.

Although the directors anticipate that the adoption of AASB 16 will impact the company's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

- **AASB 1058: Income of Not-for-Profit Entities** (applicable to annual reporting periods beginning on or after 1 January 2019).

This Standard is applicable to transactions that do not arise from enforceable contracts with customers involving performance obligations.

The significant accounting requirements of AASB 1058 are as follows:

- Income arising from an excess of the initial carrying amount of an asset over the related contributions by owners, increases in liabilities, decreases in assets and revenue should be immediately recognised in profit or loss. For this purpose, the assets, liabilities and revenue are to be measured in accordance with other applicable Standards.
- Liabilities should be recognised for the excess of the initial carrying amount of a financial asset (received in a transfer to enable the entity to acquire or construct a recognisable non-financial asset that is to be controlled by the entity) over any related amounts recognised in accordance with the applicable Standards. The liabilities must be amortised to profit or loss as income when the entity satisfies its obligations under the transfer.

An entity may elect to recognise volunteer services or a class of volunteer services as an accounting policy choice if the fair value of those services can be measured reliably, whether or not the services would have been purchased if they had not been donated. Recognised volunteer services should be measured at fair value and any excess over the related amounts (such as contributions by owners or revenue) immediately recognised as income in profit or loss.

The transitional provisions of this Standard permit an entity to either: restate the contracts that existed in each prior period presented in accordance with AASB 108 (subject to certain practical expedients); or recognise the cumulative effect of retrospective application to incomplete contracts on the date of initial application. For this purpose, a completed contract is a contract or transaction for which the entity has recognised all of the income in accordance with AASB 1004: Contributions.

Although the directors anticipate that the adoption of AASB 1058 may have an impact on the company's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

COMMITTEE MEMBERS' DECLARATION

In accordance with a resolution of the committee, the members of the committee declare that in their opinion:

- (a) there are reasonable grounds to believe that the Association is able to pay all of its debts, as and when they become due and payable; and
- (b) the financial statements and notes present a true and fair view of the financial position of the Association as at 30 April 2019 and its performance for the year ended on that date in accordance with Australian Accounting Standards – Reduced Disclosure Requirements of the Accounting Standards Board and the requirements of Associations Incorporation Reform Act 2012.

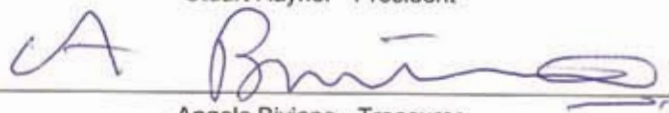

This statement is signed for and on behalf of the committee by:

President

Stuart Rayner - President

Treasurer

Angelo Biviano - Treasurer

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF PORTSEA SURF LIFESAVING CLUB INC**

We have audited the accompanying financial report of Portsea Surf Lifesaving Club Incorporated, which comprises the statement of financial position as at 30 April 2019, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the statement by the Committee.

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial report presents fairly the financial position of Portsea Surf Lifesaving Club Inc as at 30 April 2019, and of its financial performance for the year then ended in accordance with Australian Accounting Standards and *Associations Incorporation Reform Act 2012*

**Basis for Qualified Opinion**

Donations and events income are a significant source of revenue for Portsea Surf Lifesaving Club Inc. Portsea Surf Lifesaving Club Inc has determined that it is impracticable to establish control over the collection of cash donations and cash events income prior to entry into its financial records. Accordingly, as the evidence available to us regarding revenue for this source was limited, our audit procedures with respect to cash donations and cash events income had to be restricted to the amounts recorded in the financial records. We therefore are unable to express an opinion on whether cash donations and cash events income the Portsea Surf Lifesaving Club Inc recorded are complete.

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PORTSEA SURF LIFESAVING CLUB INC (Continued)**

### **Committee's Responsibility for the Financial Report**

Management is responsible for the preparation of the financial report, which gives a true and fair view in accordance with Australian Accounting Standards and the Associations Incorporation Reform Act 2012 (VIC), and for such internal control as the committee and management determines is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

### **Other Information**

The committee are responsible for the other information. The other information comprises the information included in the annual report for the year ended 30 April 2019 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Auditor's Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit.

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF PORTSEA SURF LIFESAVING CLUB INC (Continued)**

We identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

We obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

We evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

We conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
