# A WORD FROM THE PRES

Community. As I look back on the season just passed, my overwhelming reflection is one of feeling grateful about belonging to the community that is the Portsea Surf Life Saving Club. Communities like ours don't just happen. There is certainly some luck involved, but mostly it is a result of the hard work and passion that our members have given to the Club for almost 75 years. We saw it in spades this season.

Among our 5,300 members there are varying degrees of engagement and involvement in this community – and that's fine. We have some members who are completely immersed: they are at the club almost every weekend, patrolling, delivering education programs, cleaning, lugging gear or helping with the administration of the Club. Some drift in and out, some never leave, some make a ritual of helping at the swims as their annual contribution, and others just want to come down and sit on the deck three or four times a year and feel pleased to be a part of it, knowing that through their membership, they are contributing to the club. Every one of these people contributes.

Our 'Portsea community' stood up big time this year.

Our education team managed to safely execute 'live in' camps in December for the first time in two years. Unbelievable really when you consider what was to follow. Part time Bronze, and live in Bronze and Silver Medallion programs were all a success.

Our nippers, SRC and Cadets all got a start before arguably the biggest wave ever seen at Portsea (Omicron) swept through. Again, our team of volunteers did a superb job to battle through, showing an incredible commitment to deliver these important education programs in a safe, fun environment.

Behind the scenes, our COVID plans were put into action with great support and understanding from our members, who all played a part in keeping our activities as safe as we could. It was not an easy time.

Our member food and beverage service suffered, as like many, we struggled with available workforce. Those still standing adapted, changed plans, and pleasingly our members understood and supported what service we were able to offer.

As the white water of the wave settled, our events team dusted off COVIDsafe plans developed the year prior and we not only delivered our open water swims we added a run/walk. If the workload wasn't enough, the Pier to Perignon team did it twice, with the initial event date thwarted by a 40-knot northerly.

One constant was our patrols which ran from late November until 25th April, one of the longest seasons on record. Despite the challenges, our patrollers did not miss a beat. Our volunteers recorded a total of 7,682 hours of patrolling on Portsea Back Beach, in which they directly saved 7 lives in major rescues, recorded another 2,818 preventable actions. An amazing 462 members pulled on a red and yellow quartered cap to patrol.

Across the season there were some remarkable highs, and also some lows as our members dealt with various challenges thrown their way. As I look back undoubtedly my key takeout for the season was the extent to which that sense of community was on show. We worked together, we saved lives together, we learned together, we partied together, we grieved together, we laughed together and we supported one another in all that we did.

Thank you to the almost one hundred people that contribute across various committees and working groups, to our paid staff, and to all who have been part of the Portsea community this year. We couldn't do it without you.

I can't wait for next season already. See you on the beach!

**Matt Mahon**  
President

# CLUB CAPTAIN'S REPORT

This season has been a rollercoaster of unpredictability and yet another season of tremendous accomplishment. We managed to put a patrol on the beach every single weekend, despite the impact COVID-19 had on our active member base throughout the peak of the season. I would like to thank every single one of our patrolling members for making this possible. In particular, I would like to thank our Patrol Captains, Vice-Captains and our brand-new Lifesaving Director, Sas McNamara. It was amazing to see the way everyone rallied together to keep our beaches safe and support one another under some really trying conditions. Together, we recorded upwards of 6000 patrol hours, performed over 2500 preventative actions and 10 major rescues. This is an incredible feat.

Not only did we manage to excel in the lifesaving arena, but our education team also defied the odds, delivering surf lifesaving education to upwards of 1000 members. Our Nipper Program provided vital surf safety lessons and instilled water confidence in over 600 young members, including 5 Starfish Nippers in the height of the pandemic. I would like to both thank and congratulate the Nipper Subcommittee, led by Brett Croft for providing our youngest beachgoers with the opportunity to enhance their physical and mental wellbeing after 18 months of social isolation and

restrictions on accessing pools and waterways. Similarly, Alex Madden and Andrew Argyrou did an incredible job to introduce Starfish Nippers to Portsea SLSC, which is a program centred around providing lifesaving education to children with disabilities. In addition to our Nipper Program, Jacqui Hart, our Education Director, led the charge to deliver development opportunities to an additional 80 SRCs, 70 Cadets, 90 Bronzies across our live-in and part-time programs and 45 Silver candidates. Thank you to all the instructors, water safety and in particular camp chiefs who made this possible.

Furthermore, not only did we manage to deliver our two major swims this season, but we also introduced a brand-new major event to our club calendar – the Bay to Surf adventure run. The event saw 450 competitors take to the start line at Quarantine station and finish at our very own surf club. This event was a massive success! It was great to see so many smiling faces running and walking along Portsea Back Beach against the backdrop of the picturesque sunset we all know and love. Thank you to all the volunteers who helped with the delivery of the day and in particular, Craig Evans. Craig's unconditional mentoring and support made this event possible. I'd like to conclude by shedding light on the Operational Committee. These

11 young members are the powerhouse of our club, managing our education programs, patrols, sustainability initiatives, events, competition, first aid, club communications, accommodation and IT systems. Thank you for your tireless efforts this season, I feel so lucky to be supported by such a strong, capable group of people.

I'm so excited for what next season has in store. We're looking forward to introducing a new education program, Portsea Platinum, which is designed to provide our Silver Camp graduates with the opportunity to practice search and rescue operations in a live-in camp setting. If you have any interest in becoming more involved in our club operations or have any ideas and/or initiatives that you'd like to see implemented, please reach out to me or any member of the Operational Committee. We're committed to continuing to grow and improve our lifesaving community. Have a great off-season, looking forward to seeing you on the beach next season!

**Jess Lamb**  
Club Captain

# GENERAL MANAGER'S REPORT

## A PERSONAL NOTE

I was 16 years old in 1985 when a school friend invited me down to Portsea for the weekend, and of course, we visited Portsea SLSC. At the time I didn't expect that weekend to change and shape my life the way it has over the past 37 years. I've made many incredible lifelong friendships and had many amazing experiences, from that one decision. The club has given so many of us the greatest life and it just keeps on giving.

Reflecting over the past three years, there have been so many highlights for me as General Manager. To be selected for this role three years ago was an honour and a privilege in the first place. To have the opportunity to help create and shape the bar and restaurant, build the F&B team, and work on many other projects, has been a highlight.

## THE CLUB – FOOD & BEVERAGE

This past summer, although stressful with the restrictions and implications of COVID, has been probably the most rewarding. Our team was stretched at times, but we seemed to get through and on the most part deliver a product and service we were proud of. The kitchen, under the guidance of Oliver, and supported by Jack and Caroline, was one of the most hardworking, energetic, caring, and eclectic bunch I've ever worked with. We also had some great support in the bar with

Patrick, Sam, Max, Oscar & Murdoch who all worked tirelessly over the summer giving up valuable surfing time to ensure we had cold drinks and coffees in our hands.

I was lucky enough to also have the amazing assistance of Pam Taverniti, in the role of Administrative Assistant. Pam's energy and positive attitude and ability to get things done helped me enormously this past summer and, moving forward, I'll really miss that in my week. Thanks Pam.

## BRAND UPDATE

Furthermore, over the winter months in 2021 we worked closely with Hayman Design to develop a new and refreshed brand style guide. The Portsea shield has undergone subtle changes that reflect the original shield from the 50's & 60's. The guide has introduced standard fonts and colours and provides a visual language and tone. Our new brand proposition, 'Leaders in Lifesaving, Leaders in Life', reinforces who we are and what we stand for as lifesavers, individuals and as a surf lifesaving club.

We also completely rewired and redesigned the Portsea SLSC website, enabling easier navigation to find what you're looking for. The website has a tablet and mobile friendly version that's far easier to use and more user friendly than our previous website. I'd like to

thank Josh Nilsen, our Communications Director, for taking the lead role on this project working closely with Mal Peter from Trilogy Web Solutions.

## EASTERN DECK

Additionally, we were lucky enough this season to see the addition of a brand-new space to the club, our eastern deck! The eastern deck adjoins the multipurpose room and was a great addition to the club this summer, providing our younger members a place to hang out and enjoy some privacy after patrol or a surf. The eastern deck currently sports two fantastic outdoor showers, with picturesque views of our Portsea Back Beach! When totally complete, the eastern deck will have a BBQ area and surfboard racks available for members to enjoy.

Finally, I'd just like to say another thankyou to all of you who have helped make my role as General Manager so enjoyable. I'm looking forward to coming back to the club next season as an active patrolling member and enjoying all of our hard work from the "beach side" of the bar. See you on the deck soon!

**Wayne Stoll**  
General Manager

# LIFESAVING REPORT

Firstly, I would like to thank every active patroller this season for another fantastic and successful season at Portsea Back Beach. The 2021-22 patrolling season was filled with COVID-19, a brand-new patrol, a tonne of preventative actions, rescues, Team App, major first aids, and loads of fun!

Leading into the season, we were ready for the combination of high beach attendance and large surf, however with the rise in COVID-19 cases and many patrollers falling ill, the fate of the Portsea patrolling season was uncertain. Nevertheless, and in very typical Portsea fashion, Portsea SLSC was still able to fill every patrol all season and fulfill our patrolling requirements. Not every club in the state can say the same! I want to say a huge thank you to every active patroller for their flexibility and willingness to help at other patrols when numbers were down.

Portsea was not only able to fulfill our own patrols this season, but we also assisted with fulfilling other clubs on the Peninsula's patrols. One of these clubs was Rosebud LSC. Thank you to all the Portsea members who went to the Rosebud and kept another stretch of beach safe. It was certainly a different patrolling experience on the bay!

Due to COVID-19, the state Lifeguard service was also struggling big time. As the Chief Lifeguard of the Mornington Peninsula, I was at times unable to fill lifeguard shifts due to Lifeguards falling ill or being close contacts. I put the message out to some of Portsea's most experienced and reliable patrollers if anyone would be willing and able to help the Lifeguard service. Sure enough, I had Dwight Harrison, Henry Kiss, Spot Kerr and Georgie Kerr raise their hands. They completed their mission (the lifeguard fitness test), had an interview with an LSV recruiter, and were handed their contracts all on the same day. LSV were extremely appreciative of the help these Portsea SLSC members provided to the service. On a personal note, I was so proud of our club and the people in it who were so willing to help me and contribute to the safety of the beach during their holidays.

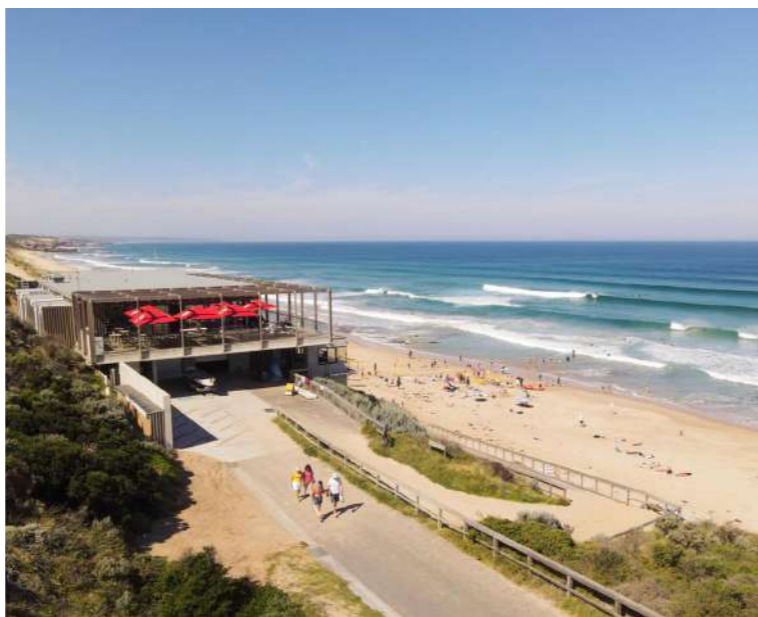

Of course, there is no way I could do all this without some help. I am extremely grateful for the amazing leadership team that I was surrounded by this season. A big thank you to Griffin Mitchell for your help as Deputy Lifesaving Director. You are one of the most enthusiastic people I know, and your energy always encouraged me to continue solving the problems that arose. I would also like to thank the

Patrol Captains, Patrol Vice Captains and Mentors from each patrol group. These Patrol Leaders accounted for 2767 preventative actions, this essentially equates to 2767 possible rescues or injuries that would have occurred if these patrols were not there.

I would also like to thank the Patrol Leadership group consisting of Chris Perrott, Stephanie Hunter, Sophie Courtney and Emile Stigter.

Thank you as well to our Portsea Lifeguard Development Coordinator, Nik Rathmayr, for running another very successful Portsea Lifeguard Development Camp and serving as an excellent leader in the Lifeguard community.

# EDUCATION REPORT

This year we had an amazing season of education programs, and I would like to start with a massive thank you to all our Chiefs, Instructors, Water Safety, Trainers and Assessors who were involved in education at Portsea this year and are essential in successfully running these education programs – we are all so grateful for your considerable contributions!

We kicked off the season with another successful part-time bronze, led by the amazing Henry Kiss and Josh Nilsen. The program saw 25 candidates successfully attain their Bronze Medallion award and we were lucky to be able to deliver a face-to-face program once again. Congrats to all candidates on obtaining their Bronze and thank you to Henry and Josh for running another great course!

Excitingly we were back with Silver Camp this year after not being able to run the program last year. Griffin Mitchell and Oscar Hunter did a great job of organising the camp, where we were able to offer the IRB crew award to 45 eager participants and a great start to everyone's season with a few days of fun in the surf!

It was amazing to be able to run a 'normal' Bronze Camp once again, with

65 candidates living in at the surf club. The camp ran smoothly thanks to our amazing Bronze Chiefs, Instructors and Water Safety, as well as a great group of candidates. We had some amazing weather for the camp and I think all participants enjoyed spending time at the beach with friends and obtaining their Bronze Medallion! A massive congrats and thank you to Andrew May and Alex Madden for their amazing leadership.

Next up was the SRC program where 75 participants gained their SRC award. Steph Mahon and Alex Croft did an incredible job of organising and managing this program, which was an amazing effort considering the program took place over the period of the Mornington Peninsula covid outbreak! This program resulted in a wave of inspired 13 year old's eager to patrol the beach.

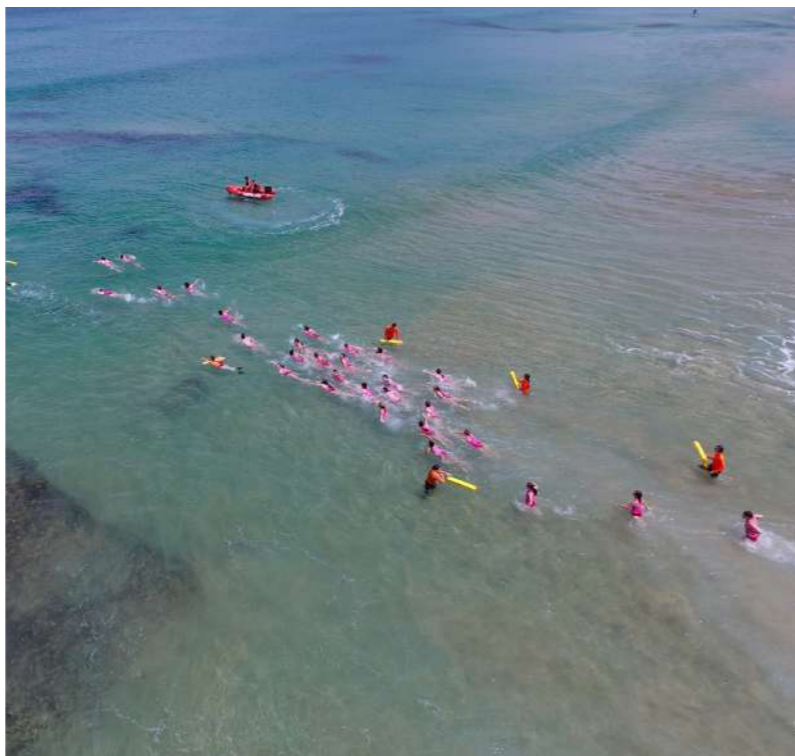

To ring in the new year was Cadet Camp with our leadership team of Jack White and Murdoch Hunter leading the program, who provided a great opportunity for last year's SRCs to develop their surf lifesaving skills both in and out of the water including improving their board handling skills and enhancing their first aid and CPR knowledge.

Additionally, Henry Kiss and Jack White put in an amazing effort to deliver advanced training programs to the club's active members – organising First Aid, Advanced Resuscitation, IRB Crew, IRB Drivers and Side-by-side Vehicle operates courses across the season – it was great to see so many of our members upskill through these courses.

Finally, I am excited to announce we will be introducing a new program this June – our Portsea Platinum Camp which will be aimed at our Silver Camp graduates and teach a variety of new skills including aquatic search and rescue. Keep your eyes peeled for more information through the eBoomer and our social media!

Thanks again to everyone involved and can't wait to get back into it next season!!

**Jacqui Hart**  
Education Director

# NIPPERS REPORT

## United Energy Portsea Nippers Program

After over twelve months of planning dominated by COVID related scenario analysis, we were extremely pleased that the United Energy Portsea Nippers program (incorporating the inaugural Starfish Nippers Program) was able to be delivered this summer. Whilst it was disappointing to have to cancel the final planned session and competition day due to the extended COVID outbreak on the Mornington Peninsula, the feedback we received from our Nipper parents was overwhelmingly positive on what we were able to achieve. As was the case last year, we were not quite sure where we would be by Christmas, but after enduring several lock-downs and knowing of the widespread cancellation of junior sport, we were incredibly focussed on the need to provide all of our Nippers with the best experience possible over the summer. Our ability to deliver on this goal was testament to the huge (and sustained) efforts of the Nippers Committee – including Ben Grodski (Back Beach Manager), Julian Sallabank (Front Beach Manager), Claire Whitbread, Glennis Winnett, Jodi Lancaster, Jo Robertson, Kristen Sagar, Anita Zanchetta and Bridget Smith, together with our Starfish Nippers Nipper Leaders Andrew Argyrou and Alexandra Madden as well as our Nippers Water Safety Officers Sophie Pedder, Spencer Thomas and Jessica Lim, all of our valued Age Managers, COVID Officers, Parent Helpers, Set-Up/Pack-Down Teams, Medical Teams, Administration Officers, Communications Team, Merchandise Team and Water Safety personnel. The smiles on the faces of all of our Nippers continue to make all of this hard work worthwhile and drives us to further innovate and improve the program. It was also pleasing to see the continued acceptance of parents and guardians to the social distancing and operational protocols we implemented last year

– once again, thank-you for your support and for the trust you put in us to develop the skills of your children. Also thank-you to LSV, Parks Victoria and the Mornington Peninsula Shire Council who were very supportive and accommodating to what we were able to achieve this year – in particular LSV for paying us a visit with the Westpac Rescue Helicopter and Parks Victoria and the Mornington Peninsula Shire Council for their valued support of our inaugural Starfish Nippers Program.

A program such as ours is not possible without the generosity of our sponsors – led by United Energy who are incredibly engaged in what we are trying to achieve as a club and how we are developing our people and members of the community on the Mornington Peninsula – as well as Porsche Centre Brighton, Linfox, TGI Fridays, EY, Winnett Specialist Group, Boag Financial Group, RT Edgar, Backbeach Pizza, My Plan Manager and LAWD amongst others. Please continue support those who support our club. If you are interested in sponsorship opportunities, please reach out to me... it is a great investment to make in our community.

What this year has taught all of us is the benefits that come from hard work, teamwork, commitment and perseverance but more importantly how we can collectively positively impact the physical and mental development of our younger members. The experiences this year of the 615 Nippers who undertook the United Energy Portsea Nippers program (incorporating the inaugural Starfish Nippers Program) are a crucial part of developing their surf awareness, but also to their understanding of the coastal environment and – most importantly – who they are and what they can achieve. They are an amazing group of young people – we are proud to have them (and their families) as members of our Club and we look forward to seeing them back on the beach and ready to hit the beach again later this year.

**Brett Croft**  
Vice President and Junior Development Director

# STARFISH NIPPERS REPORT

We are both very proud of the success of the inaugural Portsea Surf Life Saving Club Starfish Nippers program. We would like to thank everyone who helped us develop, organise, and implement the program. We are thankful for the mentoring and support that Brett Croft and the wider nipper community provided in the development and implementation of this program.

Starfish Nippers is a modified and structured Nippers Program, designed for young people with a disability, including physical and intellectual disabilities and learning difficulties. The program focuses on beach and water safety awareness and promotes inclusion and diversity.

This year we welcomed 5 Starfish Nippers and their families into the Portsea Nipper program, We would like to congratulate Annabelle, Xavier, Angus, Ivy and Reese on their successful completion of the program

this year. We all had so much fun meeting you all and we are thrilled with the beach and water safety skills and confidence you have developed during this program, all whilst having fun.

At the beginning of the program, we set a goal of delivering a fun, safe and inclusive program. We are proud to have achieved this goal with the help of our dedicated team of buddies, families and patrolling members who stepped up especially under trying COVID-19 conditions.

Thank you to our volunteers Issy McIndoe, Sara Argyrou, Charlie Lupson, Lucy Parsons, Chloe Dowling, Milly McDonald, Hunter Judge, Declined Li, Jack Cannon, Chloe Amling, Amy Gratton, Melie Johnson and Molly Tozer.

The planning and execution of the program could not have gone as smoothly without the help of Cathy Mellor, Kerri Harris and Andrew Molony who assisted us in the development of

our education curriculum. Your wealth of experience in the disability and health sector was invaluable. We are excited to announce that the Starfish Nippers Program will be running again this coming summer and we welcome new members to our Starfish team, please contact us if you would like to learn more about our program.

Thank you again to all our Starfish Nippers and buddies, we are so grateful for this opportunity and cannot wait to be back on the beach next season with more toys and smiles.

Thank You,

**Alexandra Madden and Andrew Argyrou**  
Starfish Nipper Program Coordinators

# END OF SEASON COMPETITION REPORT

The enthusiasm of the Portsea SLSC Competition Team athletes, coaches and supporters has shined this summer after last season was severely impacted by covid. Although we had come out of government enforced lockdowns, many of our team members were hit by covid themselves, or forced into isolation due to close contact rules meaning our competition team training and functions were marred by disruptions and loss of key leaders.

## JUNIOR COMPETITION TEAM

We had a wonderful cohort of junior competitors training on the beach after Nippers, with the highlight being the great sessions we had at Portsea Back Beach going for long paddles out behind the surf break, honing their surf skills, both on the board and body surfing. The benefits of our training and skills program has immediate impacts on the ability of the children in the water and this will flow through to their development at Nippers, SRC and as Bronzies. Over the past two seasons the Competition Team has implemented a plan for our Youth competitors to coach the Junior Team and special mention goes out to our coaches this season: Tom Regan; Steph Hunter; Emile Stigter; Harvey Larke and Luke Tucker.

The Junior Team competed at carnivals at Mt Martha, Mordialloc, Pt Leo and the Victorian Surf Lifesaving State Championships at Lorne, led by our Captains: Josh Wills, Abbey Hogg, Paige Guthridge, Amber Larke and Tilly Wilson, with 20-30 juniors competing at each carnival.

The Victorian Championships were held over three days, late February, in Lorne. It was a massive weekend of competition with the competitors doing water events on the Friday and Sunday in very challenging surf conditions, and beach events on the Saturday. Portsea's results were outstanding given the small size of our team this year. Our medallists were:

**U13 Girls Surf Teams Bronze** – Abbey Hogg, Paige Guthridge, Amber Larke and Tilly Wilson

**U13 Girls Long Run Bronze**  
Abbey Hogg

**U13 Girls Surf Race Bronze**  
Amber Larke

**U13 Girls Aqua Cameron Bronze**  
Abbey Hogg, Paige Guthridge, Amber Larke and Tilly Wilson

**U12 Girls Surf Teams Bronze**  
Sophia Barnaby, Milla Cohen, Isla Morris and Freya Regan

**U11 Girls Long Run Gold**  
Sophie Hall

**U9 Boys Long Run Gold**  
James Hall

**U9 Boys Beach Sprint Silver**  
James Hall

## CLUB CHAMPS

Club Champs saw an amazing turn out from competitors of all ages. In typical Portsea style the swell was big, and the sun was out for our competitors as they raced against their mates in beach and water events. Despite a few setbacks from members still in covid iso, and others recovering from illness, it was great to see age old rivalries come out, as well as stellar performances from the next generation of Portsea athletes.

The day started off with a shock victory by Luke Tucker in the 2km beach run over reigning champ and state gold medallist Griff Mitchell. Sixteen-year-old Luke would also go on to take out the Yencken Cup, open board and open iron. Competition legends Jim Unkles and Nick Tissot showed they've still got it, taking out the beach sprints and flags. When it came time to take on Portsea's notorious big swells Mackie Hunter set a high bar in the first board race, being the only girl to make it out

the back. She also showed her strength in the swim, winning this year's Nat Hood Cup.

As always, thank you to all those who helped organise and run the day and congratulations to all competitors, especially to the overall category winners:

**Junior Youth Male Club Champion:**  
Campbell Wilson-Moran

**Junior Youth Female Club Champion:**  
Maggie Betts

**Senior Youth Male Club Champion:**  
Ned Betts

**Senior Youth Female Club Champion:**  
Mackie Hunter

**Open Male Club Champion:**  
Luke Tucker

**Masters Male Club Champion:**  
Jim Unkles

**Masters Female Club Champion:**  
Sophie Tissot

**Yencken Cup Winner:**  
Luke Tucker

**Nat Hood Cup Winner:**  
Mackie Hunter

## MASTERS COMPETITION TEAM

The Portsea Masters team headed to Lorne for the Victorian Titles held the first weekend of February. The easterly winds on the Saturday, mixed with sloppy onshore swell with a very short period between waves made for challenging conditions - a real reward for the hard yards that the ski team have been putting in all year long to train for it.

The real winner of the Saturday was the alarming change in performances across the board - as there was no injuries! Not one member of the

# END OF SEASON COMPETITION REPORT

Portsea team required a wheelchair, ambulance, green whistle, sling or secretive drive home. Highlights included:

- Susan Crow, Chloe Hardman and Lyndall Willis dominating the women's team events in the water, with Chloe and Susan taking individual golds away in both board and swim events.

- Club President Matt Mahon with a single ski gold in a photo finish

- Medals galore in double ski and team events, of all colours with Charlie Schall, Tom Kennan and Eamonn Murphy all on fire!

- Michael 'Whippy' Wilson taking home swim, board, ski and taplin gold medals

- Cam Hunter and Anthony Purcell with extremely solid days, medalling in most events they touched!

Sunday brought the beach events, and some much kinder weather! Matt Mahon stepped up the fill the relay shoes of Darren 'Spot' Kerr who had moved to sunnier, covid free, climes up north. Henry Kiss stormed home with a blistering finish that saw the team running away with the gold again over Point Leo. Whippy Wilson tore a hamstring going for his 6th gold in the 1 km beach and beach flags saw the upset of the century with club vice president Brett Croft taking the gold over Henry. There were some good wins as well in the young-old bulls' arena with Jim Unkles gracefully crossing the beach sprint line to ensure there were more yellow medals heading back to Mt Levi.

Release of the club point scores saw Portsea third overall - our best ever Masters and we are on the hunt for next year!

# END OF SEASON COMPETITION REPORT

## YOUTH/OPEN COMPETITION TEAM

The opening event of the season was the Endurance State Champs, where Portsea members took a swag of medals, dominating in the swim events, with golds to Sophie Jacka U14, Logan Brandi U15 Xavier Purcell U17, Mackie Hunter U17, Amanda Benson Masters, plus many minor medals in the swim, ski events and running events, including a trifecta in the U17 2km swim.

December saw a string of carnivals at Ocean Grove, Jan Juc and Mt Martha attended by our core competitors, including the State Team Trials, that saw Xavier Purcell and Gabe Cornwell selected as swimmers for the Victorian State Lifesaving Team that toured to Sydney mid-January. Portsea had 25 youth/open members entered at the January Anglesea carnival, only to see it cancelled by LSV last minute as the organisation was hit by increasing covid cases amongst its staff and senior volunteers.

The Lorne carnival in early February saw a show of strength in the Youth Women's area, with the team of Maggie Betts, Sophie Jacka, Mia Horskins and Annabelle Mahon taking out the U15 Cameron event, Logan Brandi, Xavier Winnett and Charlie Cornwell going 1,2,3 in the U15 tube race plus Gabe Cornwell winning the Open Iron.

For years Portsea's Youth/Open team has shown its strength in the swimming arena. This year unfortunately saw a clash of lifesaving and pool swimming champs both at a state and national level that saw a number of our swimmers need to juggle the two and as such led to diminished numbers at the lifesaving states and Aussies.

Our small team that journeyed to Warrnambool for the Vic Champs were

rewarded for their efforts. Charlie Cornwell U15 and Mia Horskins U14 each won gold in their surf races. Bellsy Mahon joined Mia in a composite team to add to the point score in the beach relay, swim team and cameron relay, and Charlie Cornwell joined a composite team to take silver in the U15 cameron relay.

Down in the boat arena Portsea's Open Women's Crew, Amanda Rukuwai, Em von Moger, Scarlett Blewett, Alex Hagan and Stephen Blewett (sweep) was hard rowing! Although missing out on the medals, the crew showed that they have great boat speed when racing head to head with their competitors. The luck of the surf went against the crew who were beaten in two of the heats by teams coming in on waves from behind. Although they won the 4th heat, the team ended up 4th overall.

Without a doubt the stand out competitor at the Vics was Gabe Cornwell who took home a swag of medals including gold in U17 ski and iron, bronze in U17 surf race and then in a massive final effort took bronze in the Open Men's Iron.

## AUSSIES TEAM 2022

Over nine long days in April, 21 Portsea members competed in the Australian Surf Lifesaving Championships on the Gold Coast. First up was the Youth Champs, then the 2km Ocean Swims, The Masters and finally the Surf Boat and Open Events, with Portsea fielding entries across all of the Championship events.

Highlights included:

### U14/15:

- Charlie Cornwell, semi-final U15 surf race

- Mia Horskins, 5th 2km open water swim
- Annabelle Mahon, 12th 2km open water swim

### U17/Open/Surf Boats:

- Gabe Cornwell, finalist, U17 men's single ski
- Open Women's Surf Boat, semi-finalists (Scarlett Blewett, Alex Hagan, Amanda Rukuwai, Emily von Moger and Steve Blewett (now sporting a broken rib!))

### Masters:

- Sue Crow, Gold medal in Surf Race, silver medal in 2km open water swim
- Chloe Hardman, bronze medal ski race
- Brett Croft, bronze medal beach flags
- Beach relay (170 years) 6th place (Henry Kiss, Jim Unkles, Matt Mahon, Brett Croft)
- Surf teams (170 years) 7th place (Gerald Betts, Anthony Purcell, Cam Hunter)

- Double ski (50-55) 10th place (Tom Kennan/Matt Mahon)

- Nat Hood 13th in 2km swim (50-54years) – with both Achilles intact!!

## IRB RACING TEAM

Summer is the 'off season' for IRB racing, but the warmer months were used to recruit, train, improve on surf skills, and ensure team members were up to date with their awards. Blair Nuske stood up to take on the role of Team Manager while Sas McNamara

# END OF SEASON COMPETITION REPORT

and Andrew May undertook training to become SLSA Development Coaches for IRB racing.

The IRB first carnival was held at Mordialloc on the ANZAC day weekend – an opportunity to test out equipment and race techniques, learn the complexity of the rules and team up with your mates in the red and white colours.

The Portsea Competition Team is not all about racing. Friendships, personal development, surf skill development, fitness and leadership opportunities are all on offer. Through team dinners, group training, patrolling and travelling together, our team and its sub-facets work hard to both, do their best athletically, but also to develop strengths as long term members and leaders at our club.

Our parents, managers, coaches, administrators, water safety volunteers, logistics/equipment team and officials all have a role to play and reap the rewards of being part of our team. A special thanks goes out to all those who contributed. We hope you've all enjoyed the season and look forward to welcoming you all back into the Club's surf sports program for 2022/23.

**Natalie Hood**  
Competition Team Administrator

# COMPETITION AWARDS

**Most Improved Nipper Competitor (Male and Female)**

Male: Monty Tucker  
Female: Amber Larke

**Charlie Schall Award**

Male: Ted McNamara

# MEMBER ENGAGEMENT REPORT

Member engagement was an exciting and growing space at Portsea this season. We were able to provide our members with opportunities both within the club and with Life Saving Victoria (LSV). Firstly, I would like to recognise my subcommittee members for their amazing dedication and support this season. Jack White promoted LSV opportunities to our members. Emma Hall coordinated Tribe events including Bridge lessons, Yoga and the Launch event. Anita Siassios-Huntsman hosted our first Careers night and has plans for a series of networking events for next season.

## Season Recap

We had 3 of our members attend the LSV U13 Development Camp- Kaan Ong, Phoebe Wilson and Arabel Banhidy and 1 member attend the U15 Leadership Development Camp- Mia Horskins. Many of our members

attended LSV's Blue connections which is a series of networking events, a favourite was hearing from Ben Crowe who is a mindset coach. Furthermore, we celebrated the achievements of our female members with 8 representatives at LSV's International women's day Breakfast. Culminating in the nomination of Glennis Winnett and Alex Madden to be recognised by LSV for their outstanding contributions.

We helped to coordinate Tribe, which empowers female participation in order to foster an environment of equality and respect within the club. We organised the following events: Tribe celebration launch, Bridge, Yoga, PSLSC and Tribe Swim Classic. These events were an amazing opportunity to bring our members together. There were a number of people that helped make these events possible which showcased the supportive nature of our surf club

This season we also ran our first careers night as a part of a series of networking events we are launching at the club. We had three speakers - Sue Traynor, Simon Traynor and Holly Longmuir who all shared their interesting journeys through their careers to date.

It was a very busy season but we are already looking forward to planning many more member engagement activities and events!

**Holly Hart**  
Member Engagement Director

# SUSTAINABILITY REPORT

This season the Sustainability portfolio saw its biggest season of engagement thus far. I am very proud of the work of the Sustainability team and would like to extend a thank you to all of our members who helped this season.

Our Education team, led by Natarsha Madden and Finn Nicholas, saw our Sustainability education curriculums delivered in all of our summer education programs. These programs were designed by Natarsha and Finn to be engaging and showcase important facts about the environment we live in and how we can help preserve it .

With the success of our education programs delivery, we were able to gain keen interest from our younger members. As a result of this interest, we created the Junior Sustainability Subcommittee, which aims to meet the interest expressed by younger members in learning the club's leadership structure and working with the sustainability team. This team is chaired by Annabel Trivett and will work to provide key leadership skills training and mentorship opportunities to our emerging leaders. There are a few spots available on the team so please contact Annabel if you would like to know more; [annabel.trivett@portseasurf.com.au](mailto:annabel.trivett@portseasurf.com.au)

Our beach clean team, Flynn Chable, Finn Nicholas and Tom Nelson lead several successful beach cleans this summer. Thank you to patrol captains who led beach cleans during their patrol and assisted with our organized beach cleans. I would also like to extend a thank you to the families and members who turned out in support. We were able to collect rubbish across the whole beach. The main items of rubbish that were collected this season were cans and plastic food containers. It's important to remember that Mt Levy beach and our club is housed in a national park, therefore it's encouraged that you take all rubbish home with you to dispose of correctly.

I would like to extend a thank you to Accommodation Director, Nik

Rathmayr, who worked with Holly Hart, our Sustainability Communications Officer, to implement a waste management system in the bunk rooms and communal areas of the club. The recycling and general waste bins assisted in our goal of presenting sustainable alternatives in an accessible and achievable way to our members.

Holly Hart also worked on boosting our social media presence. Our Instagram page, @pslscsustainability, promotes sustainable alternatives, local events and updates on sustainability portfolio events and important news relating to the Hooded Plovers.

I would like to once again thank the Sustainability Subcommittee team for their dedication and innovation, their work has allowed this portfolio to grow and engage with many local groups, sustainable brands and our wider membership base. I am thrilled to announce that Tom Nelson will be taking over the directorship of this portfolio. Tom has been a member of the subcommittee since the beginning and has continuously shown a keen interest in sustainability and improving our club. I wish Tom all the best in this role and have no doubt he will be amazing.

Thank you to all of our members and subcommittee officers who have assisted me in growing this portfolio over the last three years. I am so proud of the work of our club in becoming more conscious and sustainable each season. I am excited to see how this portfolio grows in the future. Thank you for a terrific 2021-22 season, see you on the beach.

**Alexandra Madden**  
Sustainability Director

# PORTSEA SWIM CLASSIC REPORT

January 15, 2022, delivered us a glorious day, and one that once again enabled us to showcase the beautifully pristine waters and other spectacles that the Pt Nepean National Park delivers. This, along with a fast-flowing current, helped all the swimmers enjoy the various races over the 500m, 1500m and 2500m courses.

With the cloud of COVID-19, reinforced by the arrival of Omicron, the spectacle of the Swim Classic once again gave the swimmers the opportunity to have a break from the rigours of the world and to let the enjoyment of the day give their minds some much needed relief. We once again restricted the event numbers to approximately 2500 competitors to maintain the strict safety measure required and to ensure a safe and successful event could be delivered.

This year marked the Portsea Swim Classic's 36th continuous year of the open water swimming event being staged. The ability to achieve this, given the complexities experienced in 2021, and again this year with Omicron, cannot be over emphasized. The lessons that we had learnt, and the systems, processes and understanding that we had developed in 2021 came to the fore. Due to the unwavering dedication from our large group of dedicated volunteers, some of whom had only just recovered from the virus, we were able to effectively deliver the event again.

I can not emphasize the dedication of the area heads of the PSC and those in the greater PSLSC community who worked so hard prior and, on the day, to enable the 2022 PSC to occur. People continue to comment on the professionalism and the way the day operates seamlessly. Unlike many other events that have independent management groups running them, the PSC is planned, and run by PSLSC volunteers, which means

# PORTSEA SWIM CLASSIC REPORT

that the PSLSC gains the maximum financial outcome from the day. This is something that we all should not lose sight of and be extremely proud of. The excitement and mental relief that the 2021 PSC was able to deliver, to those competing, had been palpable. With the Pier to Pub, and many other swimming events again cancelling or moving to a virtual format the swimmers focus had once again moved to the 2022 PSC and the hope, and high expectation, that we could once again deliver on the day.

To maximize the potential for us to successfully deliver the 2022 PSC, the PSC sub-committee drew on all the lessons that we had learnt from the 2021 event. This process ensured that the necessary contingency planning was in place, and we were able to go into the day with the confidence and tools to deliver the event, in a COVID safe way. The strategies that had seen us successfully stage the 2021 event were once again implemented, but as with 2021, the realisation that the 2022 event may not proceed was always a real possibility.

It was another proud moment standing on the Quarantine oval, watching the PSLSC volunteers efficiently undertaking all the of the duties required and ensuring that when issues arose, they were quickly resolved, without fanfare or disruption to the event. I also had the great pleasure of watching one of our 70+ swimmers come across the line with his daughter this year after competing in the mixed class event. This was an inspiring and special moment, as only 12 months earlier he had had a life-threatening medical event on the finish line, where he was revived by the PSLSC team and later under-went heart surgery. These moments are the things that epitomize what we do as lifesavers and the importance of what we learn. These events, and the money they raise, are so important to all lifesaving clubs, not

just PSLSC, as they help ensure our training programs and other initiatives can be facilitated.

We cannot thank the sponsors of the event enough. Their commitment, and belief in what we could achieve, was critical in allowing us to move forward with the confidence required to effectively deliver the event.

## Gold Sponsors

Balzer, Crestone & Grainshaker

## Silver Sponsors

RT Edgar & People4Ocean

## Bronze Sponsor

Berwick Motor Group

## Event Partners

Orca, Dry Ears, Funky Trunks, Funkita, Therabody, Engine, Splitrock, Tiro & World Series Swims

Thanks must also go to a new look team from RT Edgar, who supported Geoff Wells and took control of the main event microphone, delivering the days information, interspersed with a lot of entertainment and banter.

Across all areas that are required from: bag packing, car park, registration, start and finish line, merchandise tent, general helpers and finally the water safety and first aid teams, I think I speak for all of you when I say, "Thank You" to all the volunteers who selflessly gave up there day to deliver such a fantastic event.

A special mention to the core group of people, but certainly not the only people, that once again came together to control specific areas and to support me. This started as soon as the PSC 2021 ended and didn't end until the final cleaning of PSC 2022 was completed:

Christine Walton, Andrew Argyrou, Jane Zhou, Andrew May, Darren "Spot" Kerr, Richard "Tricky Fischer, Andrew

Cox, Tim Adams, James Nola, Josh Nilsen, Jessica Lamb, Matt Mahon, Tony Castricum & Angelo Biviano.

Without the dedication and commitment from all these people, this event would not have occurred. It was once again an extremely challenging year, which I am proud to say, we once again overcame the odds and came out on top.

Planning has already commenced for the 2023 Portsea Classic weekend with the Portsea Swim Classic to be held on Saturday 21st January 2023 and the Bay to Surf – Adventure Run & Walk to be held on the evening of Friday 20th January 2023.

Stay safe and we look forward to seeing you again next year.

**Craig Evans**  
Portsea Swim Classic Director

# PORTSEA BAY TO SURF REPORT

On the 14th of January 2022 Portsea SLSC held the Inaugural Portsea Bay to Surf! The event saw 450 competitors walk and run through the picturesque landscape of Point Nepean National Park, tackling either the 9km endurance adventure run, 4.5km dash or 4.5km adventure walk. It was spectacular to see so many smiling faces take to the start lines at Jarman Oval, Quarantine Station. We are so proud that we were able to deliver this event in a COVIDsafe manner in the face of rising COVID case numbers across the Mornington Peninsula. We would like to thank all competitors who supported and trusted in our ability to deliver a safe, fun and memorable event. As well as all the volunteers who made this event a

possibility. We would also like to thank our major event sponsors Brooks and Bared Footwear who placed their faith in us to make this event a success, as well as our event partners Carman's and Therabody. It was a proud moment walking down the ramp at Portsea, watching all the competitors' stream across the finish line against the picturesque back drop of the sun setting behind the waves on Portsea Back Beach and hundreds of competitors who had already crossed the finish line enjoying a drink and a bite to eat on the Portsea SLSC deck. We really appreciate all the feedback we received and are excited to implement this into next year's event which is gearing up to be even bigger and better than the inaugural event! Please keep an eye out for registrations

for the Bay to Surf 2023 or consider putting your hand up to help with its implementation, as usual volunteer support lies at the core of what makes these major events possible, and we appreciate it greatly. I'm looking forward to watching this event expand, develop and prosper in future years as it becomes a permanent fixture on our club calendar!

**Jess Lamb**  
Bay to Surf Event Director

# PIER TO PÉRIGNON REPORT

All Smiles at the 34th Pier to Pérignon 4km Swim from Sorrento Pier to Portsea Pier. The P2P is a unique one wave open water swim with over 900 swimmers starting at the same time. It all began 34 years ago when Ted Baillieu and Robert Robertson raced for a bottle of Dom Pérignon.

It was 2nd time lucky on Sunday April 10th this year, with the swim cancelled in February due to high Northerly winds. Things got pretty choppy as the Northerly winds blew again. It has been described as the hardest P2P in history! Congratulations to all the swimmers for braving the tough conditions and thank you for your continued support of this wonderful event.

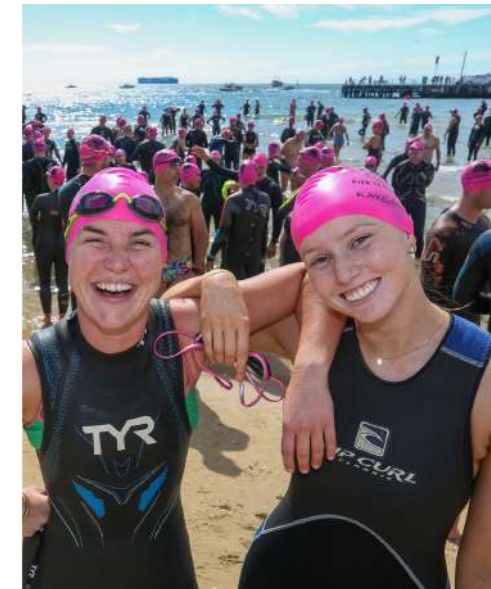

A big thank you to the team of over 150 volunteers from Portsea SLSC who pitched in to deliver a world class open water event. Hats off to the extraordinary Water Safety Crew.

These events simply don't happen without the support of Sponsors. Thank you to our Title Sponsor Kay & Burton, Gold Sponsor Crestone Wealth Management and our Bronze Sponsors Cousins Tours and Travel for the wonderful prize taking the winner to Dardanelles Swim in Turkey. Tintuppa Landscapes and Garden Maintenance, Smith Builders, Light On Landscape & the Balter Brewing Company.

Great to work with the team at "Portsea Camp" who support the end of race celebrations and presentations.

We are looking forward to P2P 2023.

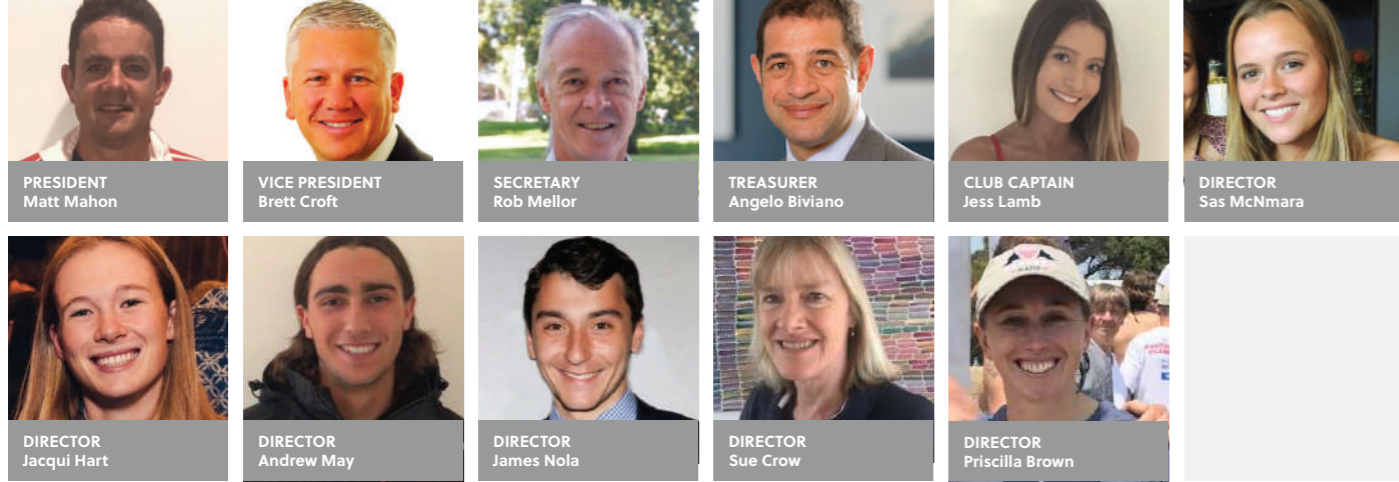

**Sam Paynter**
