74TH ANNUAL REPORT 2022/2023

Victorian Titles Feb 2023 Georgie Kerr, Katie Richardson, Domi Hart.

Portsea Nippers 29 Dec 2022.

## PORTSEA SURF LIFE SAVING CLUB LIMITED

It is with pleasure that we present

The 74th Annual Report and Financial Statement

For Season 2022 - 2023

To Be Presented At The

Annual General Meeting

On Tuesday 15th August 2023

Commencing at 7:00pm

At Toorak Bowling Club

Vigilance and Service

A.B.N. 69 006 114 727

*Our Club continued to have another very successful year in the 2022 - 2023 season.*

*The success of the summer season was highlighted by the involvement of 1,200 people in our training and registered surf lifesaving programs.*

*Our Club continues to grow in every direction with far-reaching community involvement. We are a great Surf Club and I am very proud to be your Patron.*

*The Reports from our Club President, Matt Mahon, and Club Captain, Jessica Lamb, capture the dedication, hard work, and wonderful success that the Club's activities and programs achieved in season 2022 - 2023.*

*Our Club is fortunate to have Matt & Jess, along with our general committee and all the other leadership committees and groups throughout the Club, who give so much of their time and effort to our Club.*

*The ethos of our Club volunteers is, by any measure, remarkable.*

*The community is very fortunate and blessed to know that they are safe when they visit the Portsea Back Beach and swim between the flags!*

*I'm in admiration of all active members of our Club.*

*On behalf of all who visit our beach and Clubhouse, a resounding thank you.*

**Rob Fildes AM**

## OFFICERS FOR SEASON 2022 - 2023

### COMMITTEE

President	Matthew Mahon
Deputy President and Junior Education Director	Brett Croft
Honorary Treasurer	Tony Martin
Club Secretary	Robert Mellor
Club Captain	Jessica Lamb
Director	Andrew May
Director	Sas McNamara
Director	Jacqui Hart
Director	Susan Crow
Director	Priscilla Brown
Director	James Nola

### LIFE SAVING VICTORIA REPRESENTATIVES

Council of Lifesaving Clubs	Matthew Mahon
Life Saving Operations Council	Sas McNamara

Aquatic Sport Council	Stephen Blewett (Delegate)
Membership & Leadership Development Council	Holly Hart
Member Protection Officers	Sam Paynter Sue Traynor

### SUB-COMMITTEES

#### Audit and Risk Subcommittee

Michael Woolrich (Chair)
Tony Martin
Beverley Thomas
Andrew Argyrou

#### COVID-19 Officer

Dr Natalie Hood

Judiciary Committee	Mark Grooby (Chair)
	Bill Gillies
	Brynne Allen
Member Protection Officers	Sue Traynor Sam Paynter

#### FACILITIES SUBCOMMITTEE

Martin Tissot (Chair)

## PRESIDENT'S FOREWORD

As I reflect on our Club's 74th season of lifesaving at Portsea Back Beach, I am taken aback by the at-times extraordinary achievements of our people. We are truly blessed to have such fine members, who again went above and beyond

for the community and for our club.

On the beach this season our people were kept very busy. Difficult conditions saw our patrol members rescue 30 people who, without us, may not have made it home. On top of that, our patrols recorded almost 3,000 preventative actions. We also tended to 5 major first aid incidents on patrol, most of which required ambulance transfer to hospital.

We had a particularly incident-packed few weeks from late December, with our members attending a tragic fire in the car park, a post-requal heart attack, our own minibus high speed crash (miraculously, no one was hurt), heart scares, snake bites, broken bones, and a range of other incidents which seemed to plague us! Our members were also called upon to assist in the tragic drowning at Gunnamatta on 6 January.

I could not have been prouder of our members as they responded to these challenges. Not only did they display amazing lifesaving and first aid skills, the support they offered one another was amazing to watch.

Additionally we delivered a record-breaking Nippers program to more than 650 nippers, and our SRC, Cadet, Bronze, Silver and other advanced lifesaving programs were again incredibly popular. We also introduced our new Platinum Camp held during winter for our 17/18+-year-old lifesavers, one of only two clubs to offer this program. Regardless of whether these lifesavers patrol for one season or twenty, we are hopeful that they take away from these programs skills that will be with them for life.

Our community education program also expanded beyond our much-loved Frankston High School Bronze and SRC program, to a much bigger offering to a further six schools across the Mornington Peninsula. More than 200 students were able to learn valuable lifesaving skills and we look forward to further expanding this initiative. Also new was our 'SNippers' or senior nippers program, aimed at grandparents of nippers, who were able to learn a range of lifesaving skills across three sessions in late January.

Our events were also able to operate without COVID-19 restrictions for the first time in three years. The Portsea Swim Classic and Pier to Perignon swims were fantastic events delivered without issue, and the Bay to Surf almost doubled in size in only its second year.

We can't do any of this without the support of our sponsors and partners. I'd like to particularly thank our Principal Club Sponsor United Energy, without whom our education offering would look significantly

less comprehensive, and our Gold Sponsors Balter, Grainshaker, LGT Crestone, Kay & Burton, Portsea Estate wines and RT Edgar.

We established an almost entirely new professional team, led by General Manager Rod Leonard and Food and Beverage Manager Sally Meaden. They hit the ground running and were able to introduce a number of new initiatives that proved popular. Please know that they are working hard to continue to offer an improved member service, and already we are seeing the benefits of this work. A big thank you to all of our professional team!

We may be professionally managed, however we remain volunteer-led, and I would like to extend a heartfelt thanks to everyone who contributed to our club.

We are fortunate to have Rob Fildes as our Patron, whose unwavering support and invaluable contributions have greatly influenced our achievements.

We are now Australia's largest lifesaving club, by a considerable margin, and this takes a lot of work. So, if you patrolled, helped at an event or around the Club, delivered an education program or contributed to one of our many subcommittees, I say a very big thank you.

To the Committee, I also extend a massive thanks. Your expertise and guidance have been instrumental in our Club's success. I'd particularly like to single out our Club Captain Jess Lamb who has indicated that this, her third year in the role, will be her last. Jess has been a pleasure to work with and a great contributor to our success. In a similar vein, we are also sad to farewell Rob Mellor from the role of Club Secretary, which he has held for the past eight seasons. Our longest-serving person on the Committee, Rob has been a great friend and has provided wise counsel throughout. Both Jess and Rob will be missed.

Lastly, I would like to extend my gratitude to all our members. Your enthusiasm, involvement, and unwavering belief in our purpose have been crucial to our ability to deliver another successful year.

There is a lot of exciting work being done behind the scenes, and I am truly looking forward to what our 75th season holds.

Thank you for your ongoing support.  
See you on the beach,

**MATT MAHON**  
President

Victorian Titles Feb 2023 Mackie Hunter, George Kerr, Domi Hart, Charlotte Mahon, Matt Mahon.

## CLUB CAPTAIN'S REPORT

What a season! As a team, we managed to accomplish some incredible feats both on and off the beach.

No fewer than 30 major rescues, 157 minor rescues and almost 3,000 preventative actions.

These numbers are indicative of the incredible response we saw from our members in the face of a huge surge of drowning incidents, both fatal and non-fatal, across Victorian beaches following two years of lockdown. If you stepped up as a Patrol Captain or Vice-Captain this season, please give yourself a hearty pat on the back. Feats such as these cannot be accomplished without impeccable leadership. I'd also like to shed light on our Lifesaving Director, Sas McNamara, for her fantastic efforts this season. She played a vital role in ensuring the safety of not only patrons at Portsea Back Beach, but beachgoers across the entire Mornington Peninsula in her roles at a state level. Finally, thank you to every single one of our patrollers, I hope you feel very proud of your efforts.

Likewise, our education team went above and beyond this season. The demand for our education programs in recent years has been unprecedented and our education teams have been hard at work, devising novel strategies with the intent of providing vital surf awareness and skills training to more and more members. This summer we managed to educate a record number of 650 Nippers, 5 Starfish Nippers and hundreds more through our Platinum, Silver, Bronze, Cadets, SRC and suite of advanced training programs. Thank you to all our Program Directors, subcommittee members, camp chiefs, trainers and assessors who made this possible.

Similarly, we reached a record number of participants across all our fundraising events. Thank you to every member who volunteered their time at the Swim Classic, Bay to Surf and Pier to Perignon. These events generate vital funds for our lifesaving operations, and all together provide over 4,000 competitors with a day of activity, fun and connection, and would not be possible without you.

As usual, in the competition arena, our competitors have been hard at work representing the Club at state and national events. I'd like to congratulate all our summer competition team members on their accomplishments this season, as well as wish our IRB competition team members luck as we head into winter.

Outside the water, our social calendar was jam-packed, offering our full suite of club social events for the first summer in three years. This season saw the revival of the Nipper Cocktail Party, as well as the introduction of several new events, one of the highlights being our new female networking event. Congratulations to our Events Director, Oscar Hunter, and Member Engagement Director, Holly Hart, who do a lot of work behind the scenes to make these engagement opportunities possible. Additionally, it was fantastic to have our new General Manager, Rod

Leonard, around to support our volunteers in the delivery of these events.

Lastly, on a more personal note, after three seasons as Club Captain, the time has come for me to pass the baton on. When I stepped into the role, our club was undergoing a period of rapid change due to the expansion of our membership base in conjunction with the new clubhouse. Consequently, my primary goal was to ensure that we provide a diversity of opportunities for all our members to engage with the Club. I'm proud to say that following untiring work across all our subcommittees, our number of active members, the size of our education programs and our number of member engagement opportunities are at an all-time high. This is something that I hope you can all take great pride in reflecting on with me.

Thank you to all the wonderful mentors I've had in this club over the years. I have received a tremendous amount of support from general committee members, Operational Committee members, and so many others. My favourite part of this club is the relationships you forge with members of all demographics. In particular, I would like to thank our Club President, Matt Mahon. Not only does Matt have his own bursting to-do list, but somehow, he always finds time to help others, especially me, with my suite of questions. I've learnt so much from him over the years, from how to be a strong leader to how to treat other people in day-to-day encounters.

I'm really excited about the future of our club. We are so fortunate to have a wealth of passionate, clever, committed members in our ranks, one of whom will be nominated as our next Club Captain, Jacqui Hart. Anyone who knows Jacqui knows that she will be a fantastic leader and team player.

## GENERAL MANAGERS REPORT

What a season it has been, and what an experience I have had taking on the role of General Manager at the Portsea Surf Life Saving Club.

With my commencement in late September 2022, the ball was rolling from day one. Having limited time to get to know key stakeholders, members, procedures, processes and policies, I was thrown straight into the tide of a Portsea Summer at the Club, and it was

a case of getting moving quickly to keep up with the pace and being ready for the summer.

Early in my role, I was quick to recognise the need for a full-time Food and Beverage Manager and an Administration Manager at the Club, so we could create more structure around our service and deliver to all our members. By the end of November, we had appointed Sally Meaden as our full-time Food and Beverage Manager and Amanda Dyer as our Club Administration Manager. Sally and Amanda have done such a wonderful job in their respective roles after starting late in the year. They have committed themselves wholeheartedly to our club and have certainly made my transition into General Manager a lot easier.

The appointment of Amanda and Sally into these two key positions certainly played a key role in the Club being able to provide a consistent and ongoing service through the whole peak period, which was our main intention after the interrupted years COVID-19 has delivered.

Before we hit our peak season, I was lucky enough to witness the work of our Education Manager, Henry Kiss, and our volunteer education team comprising Jacqui Hart, Jack White and Andy May, run Silver and Bronze Camps at the Club. It was a great experience to witness in essence the main purpose of this club, education and lifesaving. It was inspiring to see our dedicated volunteers apply their surf lifesaving skills and knowledge to teach over 100 new lifesavers. This experience highlighted the culture, learnings and significant purpose of the Club that has been developed over many seasons of lifesaving at the Portsea Back Beach.

With this in mind, I was also very well aware of the service that we were about to provide to our whole member base as we entered the busy December, January and February period. We got to work inducting over 40 staff, mostly young members of the Club, to carry out our food and beverage services over the summer period. We see the opportunity of working at the Club as an important offering to our young members to gain valuable whole club and life experience.

Over the course of the summer, it was pleasing to see some excellent work completed by several of our young staff who took on leadership roles during their time working at the Club.

I would like to take this opportunity to thank all these staff members for their efforts over this extremely busy period.

Through December, January and February, the Club ran in excess of 40 events and functions, made possible with the help of a combination of volunteers and paid staff. Events varied from training programs for our education team, the weekly President's Club in January, the infamous Nipper Parents' Cocktail Party, which catered for 400 members and guests, to sponsor functions, member networking events and surfing contests.

I would like to particularly highlight three main events that our club's volunteer base brings together each year and which I felt really highlighted the efforts and coordination of hundreds of volunteers and a very small paid staff team. A real team collaboration: the Bay to Surf Run, the Grainshaker Portsea Swim Classic and the Pier to Perignon. With the Bay to Surf Run conducted on Friday 20 January, we saw over 700 runners and walkers tackle the 4.5km and 9km courses,

which started at Quarantine and finished at Portsea Back Beach in front of the surf club. Some great scenes at the finish line with competitors of multiple age brackets completing the distances. This, coupled with a schnitzel night and drinks back at the Club, combined fitness with some indulgence, and was a wonderful event.

Closely followed the next day was the Grainshaker Portsea Swim Classic. With its biggest field ever, over 2,700 competitors across a multitude of events - the Classic put on a perfect day with great conditions for its 37th consecutive year. This event is a logistical challenge that includes water safety, travel, coordination with Parks Victoria, first aid, sponsor coordination, food and beverage services and so much more. The Swim Classic could not be made successful without the dedication and commitment of well over 200 volunteers from our club. This year's event was a fantastic day with no incidents and one I am looking forward to experiencing again next year.

The Pier to Perignon was conducted on Sunday, 12 February. This event sold out with over 900 swimmers, and was another perfect day for a bay swim. As stated earlier, these events do not come together without the contribution of hundreds of volunteers.

However, there are key players who really drive these events and make them happen from a volunteer perspective. Jess Lamb pulled together the Bay to Surf run, with close help from Sue Crow and many other volunteers. Craig Evans managed the Portsea Swim Classic smoothly and produced a fantastic event. Finally, our P2P event saw Sam Paynter at the helm, directing the swim to one of its most successful years. These are key member events for the Club that continue to build and grow year on year.

Closer to the season's conclusion, I have certainly spent some time reflecting back on what has been a whirlwind initiation. There were many positives but also many areas of improvement from my own development and within the Club.

With this in mind, we conducted our first member survey through the early parts of April, and we have started working through the data and information gained from the exercise. With over 330 responses we have strong information to improve the delivery of our services to our whole membership.

Improving our services is a main goal for me in the role of General Manager. Continually improving our offerings to all our members is an integral aspect of improving our club. We may not get it right all the time, but we will continue to keep working towards fixing issues that need attention and improvement. I feel we have a strong base to work from, and the feedback provided from our members will lay a foundation for our planning moving forward in the 2023 - 2024 season, and beyond.

Personally, I would like to thank the following members of Portsea SLSC for the support and guidance they have shown me during my initial period in this role, Matt Mahon (President), Rob Mellor (Club Secretary), Wayne Stoll (Sponsorship Manager and former General Manager), Mark Grooby (Administration Support), Jess Lamb (Club Captain), James Nola (IT & Building Director) and Brett Croft (Deputy President). I will not individually list what each person has done to support me, but they have all gone beyond expectations to provide me with guidance to navigate my way through this initial phase of my role of Portsea SLSC General Manager, thank you.

From here I am looking forward to a fabulous 75th anniversary year at the Club in 2023 - 2024. Planning is already underway for some wonderful events and recognition of the 75th year patrolling Portsea Back Beach.

I look forward to what lies ahead, and if you are down at the Club, please pop in, say hello, and pass on any suggestions, as we are always looking at how we can continue to improve and tailor our services best to our membership.

**ROD LEONARD**  
General Manager

## CLUB SECRETARY'S REPORT

The 2022 - 2023 season was one of frenetic activity across the Club after we managed to emerge from the COVID-19 pandemic relatively unscathed. Member numbers continued to grow, and member services expanded

dramatically to meet the diverse interests of our members. Elsewhere in this annual report you will read about strong patrolling numbers, the record-breaking Nippers program, expanded education programs and a host of new events and activities for members. Importantly, you will notice that the number of volunteers involved in delivering these services is expanding, although more help is always welcome.

I am pleased to be able to report that again this year, the Club met all its compliance requirements on time and in full.

Club membership numbers grew at a rate consistent with last year, with a net increase of 7.5%, or about 400 members. Our total membership base now numbers around 5,630, making Portsea the largest surf lifesaving club in Australia.

A full review of the Club's membership policy and fee structure was carried out this year, as there have been no changes to the membership policy and fee structure since the 2017 - 2018 season. As a result of the review, the Committee determined that the existing membership policy and fee structure continues to serve the Club's needs well and resolved to leave the policy unchanged for the 2023 - 2024 membership year.

Delivery of appropriate administrative services for the Club has become a significantly more complex task as our member numbers and range of activities have grown. The Committee maintains its long-held position that we are a volunteer-led club and has restricted the employment of paid administration staff to areas which cannot feasibly be delivered by volunteers. In that capacity, Mark Grooby continued his valuable contribution as our Surfguard administrator and Amanda Dyer was welcomed to our team as a general club administrator. We bid a fond farewell to Pam Taverniti just prior to the start of the patrol season after two years of invaluable assistance. Of course, Rod Leonard's appointment as full-time General Manager has signified a major uplift in operational capability for the Club.

The IT Subcommittee has gone from strength to strength under the leadership of Michael Hill. This group is proving to be enormously valuable in managing the ever-expanding technology-related aspects of the Club's operations, which become more complex as the Club matures.

Our Member Protection Officers, Sue Traynor and Sam Paynter have continued to support our members with a range of questions and issues. Their wisdom and discretion are gratefully acknowledged.

I would like to acknowledge the ongoing generous support provided by Jeremy Smith as our honorary solicitor. His advice at critical times is highly valuable to the Club.

Dr Natalie Hood continued in her roles as Honorary Medical Officer and the Club's formal COVID-19 Officer. Natalie's dedication to the Club in whatever capacity she is invited to assist is highly appreciated.

Ian Campbell continued his pursuit of club memorabilia and historical artefacts has resulted in a valuable record of the Club's evolution. His continued work in publishing the Club's annual reports is also greatly appreciated.

This year the membership of the Committee was stable, with no changes introduced at the 2021-2022 AGM. Tony Martin's appointment as Honorary Treasurer was formalised at the AGM following his appointment to the casual vacancy left by Angelo Biviano's retirement at the end of our 2021-2022 financial year. This smooth transition is representative of the way the Committee intends to manage succession in future, with ample handover time and full support for incoming Committee members.

At the 2022 - 2023 AGM, several changes to Committee personnel will be proposed. Among the changes will be the nomination of a new Club Secretary, as after eight years in the role, I will be stepping down in favour of bringing in fresh blood to the Committee. My role as Club Secretary has been enormously personally rewarding and educational. Over a journey dominated by highs, there have been very few lows, and I am confident that I am leaving the Club in a strong position. I am grateful for the opportunity to contribute to the Club at such a transformational period in its history. In particular, I would like to thank the two Club Presidents I have worked with, in Matt Mahon and Stu Rayner, who have both delivered outstanding leadership to the Club in ways that usually go unnoticed, but which I have been in a privileged position to witness. I would also like to acknowledge all the Committee members I have worked with over that time, especially the Club Captains Jess Lamb, Matt Perrott and Sophie Tissot, along with all the other younger members of the Committee. Our Club stands by its method of providing leadership opportunities to younger members and there is no better example than the opportunities provided to younger members to serve on the Committee, which can be a formative experience for emerging leaders of the Club. I wish the incoming Club Secretary all the best in taking on the role.

**ROB MELLOR**  
Club Secretary

## HISTORIAN'S REPORT

### LSV Assistance

Work on the digitisation of over 150 VHS tapes held in the LSV archive has progressed well, with some interesting subjects being discovered.

### Video Highlights

Work on copying VHS tapes of Aussie

Championships during the 1990s and 2000s was completed and edited during the year, and the results were provided to the Club for display on video screens in the Clubhouse.

Compilation of historical footage dating as far back as the 1920s into a single video was also completed this year. This 'snippets' file includes:

- Portsea 1921 rescue and resuscitation demonstration;
- Fred Matear surfboat launch in season 1952 - 1953;
- WA Deutscher Christmas party including more Fred Matear launch footage at the Portsea Back Beach season 1952/1953;
- Century of Lifesaving footage;
- Portsea Clubhouse Rebuild Opening 1986 following the disastrous storm;
- Presentation Night 2014 singalong;
- Portsea Swim Classic cancellation after a storm front hit the Front Beach in February 1986.

## Curated Collections

Copies of Annual Reports, selected Boomer magazines, and a video display of historical photos from the 1960s through to the 1980s were collected and displayed at the Life Members annual lunch held at the Clubhouse on 22 January 2023.

## IAN CAMPBELL

Club Historian

English Chanel Crossing 1st August 2022  
Damien Honan (Support) and Nick Martin.

Bronze Camp December 2022.

## LIFE SAVING DIRECTOR'S REPORT

Thank you and congratulations to every single active patroller this season for once again ensuring we had a successful patrolling season at Portsea SLSC. We were faced with hot weather, huge swells and large crowd numbers, yet the commitment of Portsea's patrollers in ensuring every beachgoer had a great time and safely left the beach never wavered.

The season began on 26 November with the Patrol Captains, Vice Captains and Mentors coming together for a leadership and pre-season discussion and then hitting the beach to put the flags up for the very first time this season.

The season finished with our patrollers having given up almost 9,000 hours of their time, conducting 30 rescues, providing minor first aid to 157 beachgoers, and major first aid to 5 beachgoers, and carrying out 2,963 preventative actions for the 18,000 beachgoers who visited Portsea Back Beach during patrol hours.

As always, I am extremely grateful for the amazing leadership team that I was surrounded by this season. A big thank you to Charlie Flockart for his help as Deputy Lifesaving Director. Charlie is an incredibly gifted waterman and has a huge passion for the Lifesaving service. Thank you for being by my side through all the problems and fun we faced this season.

I would also like to say a huge thanks to the Patrol Captains, Patrol Vice Captains and Mentors from each patrol group. These Patrol Leaders accounted for

2,963 preventative actions, which is 2,963 possible rescues or injuries that would have occurred if these patrols were not there, and is an increase of 200 over last season.

I would also like to thank the Expert Lifesavers In the Training (ELIT) Team, consisting of Flora Gillies, Emile Stigter, Nick Flockart and Spencer Thomas. These keen beans have elite lifesaving knowledge and skills. Watch this space as they continue their ELIT journey through your patrols!

## SAS MCNAMARA Lifesaving Director

## COMPETITION TEAM REPORT

The Portsea Competition Team continued to be a focal point of skill development and engagement. From our enthusiastic under 8 youngsters through to our over 70 years masters, competition events bring members, their families and supporters together, racing on the sand, in the ocean, in the IRB boats, surf boats, and this year also in the pool.

### IRB Racing Team

The 2022 IRB racing season was incredibly successful for Portsea. We achieved fantastic results across the season in the suite of Victorian carnivals, and the team rounded off the season admirably with an incredible performance from a small group of elite racers representing both Portsea and the Victorian Racing team in the Australian Championships. These athletes achieved 1st place in the U23 Male Tube and 2nd Place in the Open Women Tube. I congratulate Andrew May, Sas McNamara, Finn Nicholas and Sophie Courtney for attaining these results.

The 2023 Winter Carnival season started on 16 April, when the IRB Racing Team competed at Point Leo for Round 1. Whilst the weather was nothing to be admired, with a 35kmh onshore wind and patchy rain all day, we performed excellently. The racing team attained first place in the Female Open Tube event and second in the Open Male Tube event. Given such a strong start for Round 1, we are very excited for what this season might bring.

The 2022, 2023 Portsea SLSC Presentation night marked the introduction of the first IRB Competition Award: the IRB Racer of the Season. The criteria for this award include season performance, positive contributions to team dynamic, willingness to support team members, and attendance and presence in training. Furthermore, a member cannot receive this award more than once. I was pleased to present this year's award to Finn Nicholas.

I am thrilled to race alongside our squadron for the 2023 racing season and look forward to overseeing the continual development of Portsea's IRB Racing Team. Please reach out if you would like to join or support the IRB Racing team, new members and officials will always be welcomed.

**BLAIR NUSKE**  
IRB Racing Captain

Portsea Swim Classic Jan 2023.

Portsea Swim Classic Jan 2023 - Water Safety.

## JUNIOR DEVELOPMENT DIRECTOR'S REPORT

After over twelve months of planning dominated by COVID related scenario analysis, we were extremely pleased that the United Energy Portsea Nippers program (incorporating the inaugural Starfish Nippers Program) was able to be delivered this summer. Whilst it was disappointing to have to cancel the final planned session and competition day due to the extended COVID outbreak on the Mornington Peninsula, the feedback we received from our Nipper parents was overwhelmingly positive on what we were able to achieve. As was the case last year, we were not quite sure where we would be by Christmas, but after enduring several lock-downs and knowing of the widespread cancellation of junior sport, we were incredibly focussed on the need to provide all of our Nippers with the best experience possible over the summer. Our ability to deliver on this goal was testament to the huge (and sustained) efforts of the Nippers Committee, including Ben Grodski (Back Beach Manager), Julian Sallabank (Front Beach Manager), Claire Whitbread, Glennis Winnett, Jodi Lancaster, Jo Robertson, Kristen Sagar, Anita Zanchetta and Bridget Smith, together with our Starfish Nippers Leaders Andrew Argyrou and Alexandra Madden as well as our Nippers Water Safety Officers Sophie Pedder, Spencer Thomas and Jessica Lim, all of our valued Age Managers, COVID Officers, Parent Helpers, Set-Up/Pack-Down Teams, Medical Teams, Administration Officers, Communications Team, Merchandise Team and Water Safety personnel. The smiles on the faces of all of our Nippers continue to make all of this hard work worthwhile and drives us to further innovate and improve the program. It was also pleasing to see the continued acceptance of parents and guardians to the social distancing and operational protocols we implemented last year. Once again, thank-you for your support and for the trust you put in us to develop the skills of your children. Also thank-you to LSV, Parks Victoria and the Mornington Peninsula Shire Council who were very supportive and accommodating to what we were able to achieve this year, in particular LSV for paying us a visit with the Westpac Rescue Helicopter, and Parks Victoria and the Mornington Peninsula Shire Council for their valued support of our inaugural Starfish Nippers Program.

A program such as ours is not possible without the generosity of our sponsors, led by United Energy who are incredibly engaged in what we are trying to achieve as a club and how we are developing our people and members of the community on the Mornington Peninsula, as well as Porsche Centre Brighton, Linfox, TGI Fridays, EY, Winnett Specialist Group, Boag Financial Group, RT Edgar, Backbeach Pizza, My Plan Manager and LAWD amongst others. Please continue support those who support our club. If you are interested in sponsorship opportunities, please reach out to me...it is a great investment to make in our community. What this year has taught all of us is the benefits that come from hard work, teamwork, commitment and perseverance but more importantly how we can collectively positively impact the physical and mental development of our younger members. The experiences this year of the 615 Nippers who

undertook the United Energy Portsea Nippers program (incorporating the inaugural Starfish Nippers Program) are a crucial part of developing their surf awareness, but also to their understanding of the coastal environment and, most importantly, who they are and what they can achieve. They are an amazing group of young people, we are proud to have them (and their families) as members of our Club and we look forward to seeing them back on the beach and ready to hit the water again later this year.

Junior Development Director

Portsea Silver Camp 2023.

Golden Flipper Bronze Camp 2022.

## JUNIOR COMPETITION TEAM

The Junior Competition Team came together over January, training both at the Back Beach and at Quarantine under the guidance of our club coaches, led by Tom Regan. The team attended carnivals at Mt Martha and the Point Leo state qualifying carnival.

Portsea SLSC fielded a small but strong team of under-9 to under-13 athletes at the Victorian Junior State Champion-

ships. Twenty Portsea junior members were up against 700 young Victorian athletes at Warrnambool beach over the March long weekend. Learning new surf skills, teamwork and how to cope with the challenges of rules and racing, celebrating with teammates who do well and supporting each other when things don't go to plan are all part of the journey!

### Portsea Juniors who represented our Club were:

- U10: Boston Brandi, Sasha Robertson, Bobby Preston, James Hall, Hudson Spiegel.
- U11: Camilla Klein, Scarlett Lancaster.
- U12: Sophie Hall, Lachlan Wills, Cooper Robertson, Jimmy McNamara, Edward Barnaby, Hunter Spiegel.
- U13: Sophia Barnaby, Freya Regan, Isla Morris, Ruby Lancaster, Monty Tucker, Ted McNamara and Harley Lancaster.

Portsea finished 14th overall out of 24 Victorian Surf Life Saving Clubs. A great result considering most Victorian SLS clubs are made up of predominantly local residents, unlike Portsea. Congratulations to all our athletes who made finals, especially to our medallists and State Champions.

### Congratulations to our medallists shown in the table below.

#### Gold Medallists and State Champions

Sophie Hall: U12 girls long run  
Sophie Hall: U12 girls surf race  
Sophie Hall: U13 girls surf teams  
Isla Morris: U13 girls surf teams  
Freya Regan: U13 girls surf teams  
Sophie Barnaby: U13 girls surf teams

#### Silver Medallists

Sofia Barnaby: U13 girls surf race  
Monty Tucker: U13 boys beach relay team  
Ted McNamara: U13 boys beach relay team

#### Bronze Medallists

Edward Barnaby: U12 boys long run  
Ted McNamara: U13 boys surf race

The highlight of competition was seeing our graduating U13 Nippers competitors do so well. Ted McNamara and Sophia Barnaby both finished sixth overall in their respective U13 age groups for all water events; and our U13 girls (with Sophie Hall U12) won gold in the Surf Teams swimming race. This group of young lifesavers are all future patrolling members at Portsea. Our beach will be in safe hands as our graduating junior squad members complete their SRC and Bronze Medallions over the next few years.

Thank you to all parents who took on duties supporting the team, in logistics roles, and acting as officials, water safety, age managers and supporters both over January and the summer carnival season.

### Club Championships

The weather was glorious for our 2023 Portsea Club Champs, with flat conditions that might have suited all the pool swimmers, but lacked the excitement Portsea is renowned for when the racing back-markers dial a wave from nowhere to glory. Thirty participants

turned up on the day, across all our defined age groups, to race their mates and have a bit of fun.

First up we had the Open Surf Race, where all competitors, regardless of age and gender, front up to the line for a race to the can and back. Male and Female winners are rewarded with the Yencken Cup and Nat Hood Cup respectively. In the male category, distance swimming specialist Harvey Larke took line honours, and in the female race, Mackie Hunter stormed home to get her name on the cup for the second year in a row.

In the Board Race we saw our cohort of Portsea Lifeguards keen to show their prowess as they grabbed their pet craft and placed a front foot on the line. Despite the small surf, there was a display of skills and tactics with some choosing to take the longer route into the eastern surf zone. In a zip down the face of a wave, and run up the beach, one of our more experienced lifeguards, Nik Rathmayr took the title and boasting rights to go with it.

The women volunteered to line up first in the Iron, insisting on the same course distance as the men. Mia Horskins sat hot on the tail of Mackie Hunter, both making the most of the beautiful race conditions. The men's Iron was in the starter's hands as Griff Mitchell ran down the beach having battled the summer traffic back from work at Gunnamatta. Fresh arms and legs weren't quite enough to hold off Ned Betts, who took first place, with Griff a close second behind.

The glorious beach conditions saw some of our ocean lovers disappear back into the water, but they were replaced by a group of beachies. First up was the long run where Griff Mitchell sat on the heels of Oscar Hunter, only to put on the afterburners and sprint away in the last 50m. Masters competitor Peter 'Pickle' Wilson used the same race plan against Jim Unkles. The women's race was never in doubt with long-distance runner Bev Thomas streaking the field.

Sprints and beach flags became the deciding events in a couple of our age group categories. Some were encouraged onto the line to try their hand. Others willingly jumped in for some serious fun.

Club champion honours go to those who do the most races, accumulating points across all six events. A shout-out goes to Maggie Betts, the only entrant on the day to enter the full sweep of events. As such, Maggie became our Open Female Club Champion. Henry Walters in the U17 category, and Mia Horskins in the U15s both competed in five of the six events, each winning four, to take out their respective age group Club Championships.

The Open Male Club Championship went to Griff Mitchell, who despite missing the first two events, excelled in the last four.

Thanks to our officials, water safety and event organisers, and to the weather gods for such a beautiful day.

Australian Masters WA 2023.

## 2022 - 2023 CLUB CHAMPIONS:

U14/15 Male Equal 1st -	Josh Wills and Patrick Benson
U14/15 Female	Mia Horskins
U17 Male	Henry Walters
U17 Female	Mackie Hunter
U19 Male	Harvey Larke
U19 Female	Steph Hunter
Open Male	Griffin Mitchell
Open Female	Maggie Betts
Masters Male	Jim Unkles
Masters Female	Bev Thomas

### Pool Lifesaving

Touring as the doctor for the Australian Life Saving Team competing at the 2022 World Life Saving Championships in Riccione, Italy, our club medical officer Natalie Hood was lucky enough to be poolside watching the best in the world, including Australian swimming superstar Lani Pallister, competing in a whole new lifesaving competition arena that Portsea members had yet to embrace. Known as 'pool lifesaving' by the Royal Life Saving Society, and 'pool rescue' by the Surf Life Saving Association, the competition events are the same, and governed by International Lifesaving Federation Rules of Competition.

Back home, Life Saving Victoria was calling for swimmers to come and try pool lifesaving for the upcoming Australian Pool Life Saving Championships that were to be held in Melbourne in January 2023. Five of our best swimmers attended Sunday training sessions at MSAC, with Campbell Wilson Moran being selected in the LSV Victorian Team to compete at the National Championships. It was a three-month long, steep learning curve - diving for and towing manikins, throwing ropes, donning a tube and fins at lightning-fast speeds and swimming under barriers, plus CPR and mock search and rescue scenarios. The races are technical and require precision skills. Disqualifications are common among novice racers. Campbell has come through our Portsea Junior Competition team and recently attained his Bronze on our December Camp. He was already a national backstroke champion in the pool, which set him up to race fast. At the end of the three-day national lifesaving competition, he found himself on the podium multiple times, and as five-time National Champion.

GOLD	Men's U16 200m Obstacles
GOLD	Mixed U19 4x50m Obstacle Relay
GOLD	Men's U16 100m Manikin Carry
GOLD	Mixed U16 4x25m Manikin Carry Relay
GOLD	Men's U16 100m CPR
SILVER	Men's U16 200m Superlifesaver (pool equivalent of the ironman race)
BRONZE	Mixed U19 4x25m Manikin Carry Relay
BRONZE	Men's U16 50m Manikin Carry

Success in pool lifesaving rescue events is a pathway onto an Australian Lifesaving Team and we wish Campbell well in his swimming and lifesaving endeavours.

### DR NATALIE HOOD

Competition Team Administrator

## MASTERS COMPETITION TEAM

A small but extremely talented group of clubbies trekked to Lorne for the annual Masters weekend. Once again, the weekend was split with water events on Saturday and beach events on Sunday.

For the first time in a few years, we were able to field a women's Taplin - great result! Chloe Hardman, Sue Crow and debutant Alice Miliani had a very successful carnival, in both individual and team events, sweeping home with multiple medals-mainly gold!

The gents had a smaller team than previous years but made up for it with a distinct lack of injuries and an increased amount of optimism. Young-old bull Unkles came away with surf race, board race and board rescue golds. Michael 'Whippy' Wilson was in fine form once again, being the fittest 77 year old on the planet, winning golds in the surf race, board race, ski race and ironman, with a medal in the taplin as well! Rob Mellor took gold in the surf race plus gold in the surf teams with Tom Kennan and Phil Harford.

Sunday saw the continuation of the Masters competition, this time with beach events. Our athletes swapped bathers for shorts and running shoes and hit the firm sand. The first event saw the 2km run take place over 4 laps of 500m. On a beach containing land mines of seaweed and soft pockets, Chloe Hardman, Alice Miliani, Michael 'Whippy' Wilson, Matt Mahon, Brett Croft, Henry Kiss, Jim Unkles and Nick Tissot stepped up onto the line. In typical Portsea fashion, club banter was high, with encouragement and friendly fire being thrown around as laps of the 500m course were run. Congratulations to Alice for winning the 30-34 Women's, Chloe Hardman for winning the 50-54 Women's, Matt Mahon for placing 2nd in the 50-54 Men's, Brett Croft for placing 2nd in the 50-54 Men's, Michael 'Whippy' Wilson for placing 2nd in the 75+ Men's, Jim Unkles for placing 2nd in the 30-34 Men's and Nick Tissot for placing 3rd in the 30-34 Men - all with calves intact!!

After the light warm up of the 2km run, competitors turned their slow twitch muscle fibres up a few notches to fast twitch for the 70m beach sprints. On a track length perfect for Masters - not too long and not too short, Portsea, as always, showed impressive speed skills on the hard sand. It was the luck of the draw with lower lanes closer to the water's edge digging starting blocks in pools of water and higher lanes battling softer sand edges, but our competitors raced strongly. We had numerous top three positions, with Alice Miliani and Henry Kiss winning gold!

The most anticipated event of the weekend had finally arrived, the Men's 170+ Beach Relay (at least for Henry, Brett, Jim and Nick, who considered themselves clear favourites and the team to beat). An aura of energy and excitement surrounded the Portsea team as they practised baton changes and marshalled. Leading the first leg, Brett shot out of the blocks, placing the team in a strong 2nd position, handing over to Nick, as the pair slightly fumbled the baton but recovered. Nick pinned the baton to his chest, passing through to Jim, still in 2nd place. Jim put on a show and levelled the race to equal first before Henry, running quicker than in his glory days, stormed home for a first-place win.

A crowd favourite, beach flags were next. Supporters surrounded the two flag pits to watch competitors battle it out. Alice Miliani, in fine form, continued her winning streak, taking out another first-place finish. Brett Croft ran strongly, taking out 2nd place against Mount Martha, Jim Unkles finished in a very respectable 4th place and Nick Tissot finished with a 2nd place against Black Rock.

Thank you to Chloe Hardman who assisted with marshalling duties in between racing, and to Jim Unkles and Nick Tissot who volunteered for IRB duties on Sunday afternoon.

Overall the weekend was a terrific success with Portsea's refined but fiercely competitive team achieving 94 points overall and finishing in 5th place.

We look forward to growing the team and seeing more Masters athletes racing next year.

## NICK TISSOT AND JIM UNKLES Masters Co-Captains

Vic Masters Lorne 2023 Jim Unkles, Brett Croft, Henry Kiss, Nick Tissot.

Victorian Titles Feb 2023 Georgie Kerr, Domi Hart, Mackie Hunter, Charlotte Mahon,

## YOUTH & OPEN COMPETITION TEAMS

Our youth/open team members had been doing the miles over winter, swimming and paddling, some as members of the LSV winter development and high-performance programs. Xavier Purcell and Gabe Cornwell were selected as members of the Victorian Open Team, along with beach sprinter Cooper Stanley, a patrolling member of Portsea who competes for Anglesea. Sophie Jacka

was selected in the Victorian Youth Pathway Team. The Victorian teams competed in Sydney in January, gaining much sought-after, high standard, racing experience.

Our team's strength in ocean swimming stems from years of open water training sessions held at the Portsea Pier. This season saw our athletes truly shine in the summer open water events, including the Portsea Swim Classic, Lorne Pier to Pub, and then at the Swimming Australia Open Water Nationals in Busselton WA, where Logan Brandi and Sophie Jacka won silver medals in the 5km events and Mackie Hunter bronze and silver in the 7.5km and 5km events. Campbell Wilson-Moran won the Point Leo swim, and Domi Hart the Bass swim. We encourage others to take the opportunity to join in summer training next year with our open water specialists.

The 2023 Victorian Youth/Senior Lifesaving Championships were hosted by the Ocean Grove SLSC on the last weekend in February and the timing of the event saw a return of the red and white team to the beach.

The weekend kicked off on Friday afternoon with the rescue events. Mia Horskins won a gold medal in the U15 women's tube race and Mackie Hunter bronze in the U17 tube race. Combinations of Domi Hart, Steph Hunter, Charlotte Mahon, Mackie Hunter and Georgie Kerr won silver and bronze in the open and U19 women's rescue tube rescue events. The tide was high which made for long tough swims. The 'patient' Mackie Hunter, raced to the cans and signalled, the 'tube swimmer', Steph and Domi, who raced into the water with a tube and fins, sprinted to the can, then towed the patient back to shore. After a gruelling effort, the patient was handed over in the shallows to 'the rescuers' Georgie and Charlotte for the drag across the finish line.

Saturday started with the March Past, where Domi Hart volunteered for the honour of representing our team, marching at the opening ceremony with our Portsea pennant. In the water arenas, surf races and ski races kicked. Successes went to Charlie Cornwell with gold in the U17 ski, a result he has dreamed of all year and set him up well for the upcoming Kayak Nationals in WA. Big brother Gabe took gold in his U19 ski, and the two paired up to take gold in the U19 double ski. Xavier Purcell could only afford one day off year 12 studies, but made it count with some outstanding performances to win gold in the U19 iron, followed by Gabe Cornwell with bronze, the U19 swim gold, again with Gabe in bronze place and the U19 taplin gold with teammates Gabe Cornwell and Logan Brandi. Gabe Cornwell won bronze in the U19 board on his way to his medal haul that totalled 6 gold and 3 bronze and 4th in the open iron and open board.

Down in the youth arena, we were represented by our stalwart U15 women's cohort. Sophie Jacka and Mia Horskins won gold and bronze in the U15 surf race, then teamed up with Amber Larke and Annabelle Mahon to take silver and bronze in the surf teams and Cameron relay races respectively. Sophie showed her strength across disciplines, with a second gold in the U15 iron event.

The men's surf teams races were a pre-planned strategic success story. Our goal was to win all three age groups of the event, using our six U17 and U19 competitors, with each individual only being allowed to swim in two of the three events. First up in U17 were Archer Larke,

Hamish Robson, Logan Brandi and Charlie Cornwell, silver! Next up were Xavier Purcell, Gabe Cornwell, Archer Larke and Charlie Cornwell in Under 19, gold! But the best was saved for last, the open men's surf teams race, our Portsea youngsters, two U17 and two U19, all bottom age, swimmers, up against the experienced Half Moon Bay open men's team that included 2020 Olympic 400 IM bronze medallist Brendan Smith, plus one of the most experienced ocean swimmers, Sam Shepherd, and another national level swimmer. Xavier Purcell stunned the crowd by out-surfing the Olympic gun to take line honours! As the young Portsea men kept coming out of the water, they alternated with Half Moon Bay, to have all four Portsea swimmers across the line in the top eight. We ended up tied on points for first place. The tie-break looks at the placing of the fourth swimmer, to see which team, in its entirety, was out of the water first. Portsea's fourth swimmer was eighth and the HMB swimmer was tenth meaning our young top guns had snatched the GOLD from the star-studded team, truly outstanding, and a team effort to be proud of!!

Sunday racing saw the appearance of our traditional rescue craft, the surf boats. There is no better way to warm up than with a race, that being the opening leg of the lifesaver relay. The lifesaver relay is a traditional event, held at Aussies, and comprises a surf boat, swimmer, board paddler, ski paddler and runner. The team must have four men and four women, and an U17 and U19 competitor. Our Portsea boat crew of Scarlett Blewett, Amanda Rukuwai, Alex Hagan, Em Von Moger and sweep Stephen Blewett hit the beach in first place. The results came over the radio, triggering the start of the swim leg with Logan Brandi racing into the water, then followed by the Cornwell brothers Charlie and Gabe extending our lead in the craft legs. The final glory of the run across the line was left to Archer Larke. What a way to start the final day of racing with another gold medal in a team event and automatic qualification to represent the state at Aussies. Back in the surf boat arena our rowers progressed on through the boat race rounds to take silver in the open women's boat race.

The last races of the day were the belt races, another traditional event that requires long tough swimming towing lines, and skilled team work to manage the reel and safety of the belt swimmers. Mackie Hunter and Domi Hart were our swimmers and teamed up with the experienced line crew of Matt Mahon, Charlotte Mahon and Georgie Kerr, who are previous belt crew finalists from Aussies. Mack's team took gold and Domi's bronze to top off a successful weekend of racing.

Off the beach, team spirit prevailed, and this is what makes the training and travel all worthwhile, not just for the competitors, but all those who support them. There was a Friday night pizza, pasta, cheese and wine team 'Gath' at the cabin park, followed Saturday night by a team dinner at the Barwon Heads Hotel. Officials, duties were required by Matt Mahon, Nat Hood, Sam Horskins and Chloe Hardman. Team managers Stu Larke, Marni Jacka, James Cornwell and Cam Hunter saw our athletes get the most out of themselves and their racing. The arduous logistics of trailer loading, unloading and towing were performed by Anthony Purcell and Chloe Hardman, whilst Marni Jacka took on social event coordination.

When the overall results were published, Portsea placed in 9th spot overall. We look to building our team next year, hoping to once again field a beach team, an area where we have previously shone. There are more opportunities to recruit, and we are hoping for a return of competitors who have taken time out for studies.

cont,

### AUSSIETEAM 2023

The Portsea Competition team continued with its commitment to send athlete representation to Aussies, which this year was held in Perth. Despite the distance to be travelled and the logistics required to get gear and our surf boat across the Nullarbor, we had representation at the Youth, Open and Masters Aussies, plus the ocean swim events.

Youth competitors Mia Horskins and Annabelle Mahon competed for Portsea over two days of competition against 150 under 15 girls. On the first day, they both raced in the board, surf race and iron events, with their best results in the surf race: Mia making the semi-final, and Annabelle missing by just one place. On the second day of competition, they both had great swims in the 2km ocean swim, with Mia finishing 11th and Annabelle 17th. Their weekend finished with the team event, board rescue. Both girls loved the racing and the highlight of the end of season Aussies experience.

Next up was the Masters Aussies, starting with Sue Crow who took silver in both the 66-69 year old 2km ocean swim, and the surf race, not a bad result! Down in the beach arena, Portsea had lots of finals action on the sand. Henry Kiss placed 6th in the 55-59 years beach sprint, with Nick Tissot 6th and Jim Unkles 7th in the 30-34 years age group sprint. Brett Croft joined Nick, Jim and Henry in the 170+ beach relay final, placing 4th. Beach flags the following day saw Henry Kiss up first in the 55-59 years dash for the flag, placing 6th in the final. On his Masters debut, Nick Tissot impressed, doing the red and white proud with a bronze medal in the 30-34 years beach flags.

As the sun set on the Masters Aussies, the Open Aussies and surf boat racing kicked off. Portsea's open women's boat crew of Scarlett Blewett, Alex Hagan, Em von Moger and Amanda Rukuwai, swept by Stephen Blewett, showed exceptional promise with first and second placings in their round robin prelim races. The crew moved into the semi-finals the next day ranked 5th. Rowing hard in their semi, the crew narrowly missed a finals berth but didn't let the disappointment stop them from enjoying the moment, the camaraderie, and the whole Aussies experience.

In summary, a big thanks to all who have raced and helped over the summer competition season. Enjoy the break and we hope to see you all back next year. New Comp Team members welcome and wanted, come and join us in 2024!

### DR NATALIE HOOD Competition Team Administrator

Victorian Titles Feb 2023 Mackie Hunter, Domi Hart.

Portsea Swim Classic Jan 2023 - Around The Can.

## EDUCATION DIRECTOR'S REPORT

This year we had an amazing season of education programs, and I would like to start with a massive thank you to all our Chiefs, Instructors, Water Safety, Trainers and Assessors who were involved in education at Portsea this year. All

these contributors are essential in successfully running these education programs. We are all so grateful for your considerable contributions!

Over winter this year we held our first-ever Platinum Camp, led by Jack White. The camp was run to give our young members an opportunity to develop advanced lifesaving skills after completing their Silver Camp. The camp was a great success, and we are excited to announce that we will run this program again next season.

We then kicked off the season with another successful part-time Bronze Camp, led by the amazing Henry Kiss and Josh Nilsen. The program saw 25 candidates successfully attain their Bronze Medallion award. Congratulations to all candidates on obtaining their award and thank you to Henry Kiss and Josh Nilsen for running another great course!

Excitingly, we were able to run our normal Silver Camp in the September school holidays this year. Steph Mahon and Andrew Argyrou did a great job of organising the camp, where we were able to offer First Aid, Advanced Resuscitation Techniques and IRB crew awards to 40 eager participants, as well as a great start to the season with a few days of fun in the surf!

We had another amazing Bronze Camp this year with 80 candidates living in at the surf club. Despite some bad weather, the camp ran smoothly thanks to our amazing Bronze Chiefs, Instructors and Water Safety, as well as a great group of candidates. We were lucky to be visited by the Westpac helicopter on camp, with their new crew member Sas McNamara - it was awesome for the candidates to be able to see one of the different opportunities that exists after attaining your Bronze! It was overall an awesome week, with participants enjoying spending time at the beach with friends and obtaining their Bronze Medallion! A massive congrats and thank you to Andrew May and Sam Lindeman for their amazing leadership.

Next up was the SRC program, which was in such high demand that we had to run two separate camps! Chiefs, Charlotte Mahon, Cormac O'Callaghan, Milla Richardson and Spencer Thomas did an incredible job of organising and managing this program, which resulted in a wave of inspired 13 year-olds eager to patrol the beach.

To ring in the New Year was Cadet Camp, whose leadership team of Tom Scalzo and Nick Flockart provided a great opportunity for last year's SRCs to develop their surf lifesaving skills both in and out of the water, including improving their board handling skills and enhancing their first-aid and CPR knowledge.

Thanks again to everyone involved for enabling a great season of education. A special thank you to the Deputy Education Director, Jack White, for his amazing support over the season. Education is a massive portfolio, and your support was essential in making everything we achieved this season possible!

## JACQUI HART Education Director

Portsea Platinum Camp Camp 2023 Jack White (Rear Right) with the squad.

Primary Schools Beach Education Program.

## JUNIOR DEVELOPMENT DIRECTOR'S REPORT

What an amazing season we have just completed for the 2022 - 2023 United Energy Portsea Nippers program (incorporating the Starfish Nippers Program). We had our largest ever cohort undertake the program this year with 650 excited participants hitting the water with determination to learn all-important surf lifesaving skills from some of our most experienced members and a large number of our best and brightest younger members. Our program is undoubtedly the leading program of its nature and it can only occur with the dedication and support of the Nippers Committee, including retiring members Glennis Winnett and Claire Whitbread who have both been amazing with their contribution of time, skill and commitment to the program, as well as Jodi (the new 'Hoff') Lancaster (Back Beach Manager), Julian Sallabank (Front Beach Manager), Jo Robertson, Kristen Sagar, Anita Zanchetta and Bridget Smith, together with our Starfish Nippers Leaders, Andrew Argyrou and Alexandra Madden, as well as our Nippers Water Safety Officers and emerging leaders Arabella Mitchell, Jack De Fraga and Alice Molnar, all of our valued Age Managers, Parent Helpers, Set-Up/Pack-Down Teams, Medical Teams, Administration Officers, Communications Team, Merchandise Team and all-important Water Safety personnel. You were all fantastic to work with and I hope that you feel the same way as I do when I say that the smiles on the faces of all our Nippers continue to make all this hard work worthwhile.

Once again, thank you to all Nipper parents for your support and for the trust you put in us to develop the skills of your children. Their eagerness and desire to learn surf lifesaving skills will keep them safe and will equip them well as they grow and develop into the next generation of lifesavers on the Portsea Back Beach.

Also, thank you to LSV, Parks Victoria and the Mornington Peninsula Shire Council who were very supportive and accommodating with what we wanted to achieve this year with our increased numbers, and to the Victoria Police for the fantastic fly-by of the Police Helicopter (a highlight of the program for many of our nippers).

A program such as ours is not possible without the generosity of our sponsors, led by United Energy who are incredibly engaged in what we seek to achieve as a club and how we are developing our people and members of the community on the Mornington Peninsula, as well as EY, Linfox, TGI Fridays, RT Edgar, BackBeach Pizza, My Plan Manager, Top Gear Prestige and LAWD amongst others. Please continue to support those who support our club. If you are interested in sponsorship opportunities, please reach out to the Club leaders. It is a great investment to make in the development of the younger members of our community.

As a final note, the season just past represents my final year as Junior Development Director after being involved in the Nippers program in various roles over the past ten years. I have thoroughly enjoyed my involvement and I look forward to seeing the

continued evolution of the program under Julian Sallabank. I was asked recently what it was that I found the most enjoyable aspect of being involved, and the answer was simple: seeing the development of our Nippers, graduating from excited squeals of delight from when they catch their first wave at the Back Beach through to seeing the very same nippers all grown up and confidently leading patrols and protecting the beach going public. It really is a thing of beauty and immense pride. Our Nippers are, and have always been, an amazing group of young people, and we are proud to have them (and their families) as members of our Club.

Stay safe and look out for each other on and off the beach.

**BRETT CROFT**  
Junior Development Director

Portsea Bay To Surf 2023.

## STARFISH NIPPERS REPORT

Portsea Surf Life Saving Club ran its successful Starfish Nippers program for the second year over the 2022 - 2023 season. The Starfish Nippers program is a modified Nippers program for children and young adults with a disability including autism, attention deficit disorder, Down's syndrome, Asperger's Syndrome, physical and intellectual disabilities, learning difficulties and psychological issues such as anxiety.

The Starfish program is run on the same dates and times as our larger Nippers program and many families have children in both programs. The Starfish sessions are held on the beach and in the water at Point Nepean front beach and we also have one session at the Clubhouse.

This year's Starfish program included five participants ranging from 6 to 15 years old. Most of our participants had returned after enjoying the previous year's program. Importantly, the feedback received from parents and participants was very positive again. Feedback from parents included:

"This is our first experience of Portsea SLSC, and we are so impressed and grateful. The program promoted a healthy, joyful, and inclusive experience for our son and family".

"Our daughter had a wonderful time. She loved interacting with her carers and going on the boards in the water".

"The Starfish Nippers program has been amazing for our son. As well as learning about water safety, the social and group aspects have been very beneficial for him. The staff and volunteers are kind and take the time to interact and nurture all the different needs of the children in their care".

Several parents said that their children loved being able to wear the nipper gear and go off to nippers for the morning, just like their siblings and friends. That positive feedback gives us great confidence that our program is ready to grow.

The program was led by Alex Madden and Andrew Argyrou again, along with many enthusiastic helpers, including those with specialised skills and experiences working with people with a disability. We believe everyone deserves access to Nippers and are keen to grow the number of participants this coming summer.

Please watch out for news about the upcoming 2023 - 2024 program and mention it to others around the Club. If you have any questions regarding the Starfish program, please contact: [alexandra.madden@portseasurf.com.au](mailto:alexandra.madden@portseasurf.com.au).

## MEMBER ENGAGEMENT DIRECTOR'S REPORT

This year, the Member Engagement team held a variety of events and initiatives that provided our members with a diverse range of opportunities to get involved and further develop the engagement of our members.

Among the activities facilitated by the team were several member events hosted at the surf club. In November, Portsea was lucky enough to host a Mental Health Matters workshop run by the Emergency Services Foundation (ESF), a not-for-profit organisation that aims to address shared sector-wide mental health challenges. Members from our broader community attended from Southern Peninsula Rescue Squad and Sorrento SES. The workshop was invaluable and shed light on the importance of mental health awareness within our community.

Tribe, a community that aims to empower female participation within our club, evolved this season to host a variety of events to actively encourage and support our female membership and their involvement in the Club and our community. With the support of the 'Change our Game' grant, we hosted a female networking event and female surf upskilling sessions. 'Change our Game' is a Victorian government initiative that aims to increase the number of women and girls participating in sport and active recreation. Portsea held a female networking event with four keynote speakers. The panel of four women discussed gender equality issues from their own experiences and covered topics including empowerment, equity, barriers and challenges they had encountered, use of mentors, and advice for the audience. This event was well received and had positive feedback, such as, "I felt privileged to be part of such a wonderful group of women and really enjoyed meeting lots of other club members".

Club member Domi Hart hosted four female surf upskilling sessions that helped participants to improve their confidence in the Portsea surf. A special thank you to Sue Crow for her efforts towards the 'Change our Game' grant and Tribe events.

Our Member Engagement team also hosted a networking function where members met for nibbles and drinks to connect. It was a fantastic event and a great opportunity to meet new people. We also organised our annual raffle, showcasing the iconic Portsea SLSC custom surfboard created by legendary shaper Phil Grace. A thank you to Trawool Estate, Coastal living, Moonraker Dolphin Swims, Searoad Ferries and Peninsula Hot Springs for their donations towards the Raffle.

Aside from events for our members, the Membership Engagement team also facilitated the Club's participation in various LSV programs. For example, members Sue Crow and Sas McNamara were recognised at LSV's International Women's Day Breakfast for their outstanding contribution to lifesaving. We continued to celebrate International Women's Day at Pink Patrol, celebrating our female members' contribution to the Club, alongside our male champions of change. Portsea members engaged in the LSV youth development program with Emile Stigter attending UI8 Leadership development camp and Phoebe Wilson attending UI3 Leadership Development camp. Both representing Portsea SLSC, the camps focus on developing leadership, communication, and mentoring skills, whilst broadening participants' understanding of lifesaving.

Thank you to all our members who engaged in our events. It was a very fun summer, and we look forward to next season.

## HOLLY HART Member Engagement Director

P2P 30 Year Award 19 Feb 2023, Rob David Urquhart, Lauris Tyrell, David Whelan, Ted Baillieu.

P2P 19 Feb 2023 The winners with Rob Robertson, Liz Jensen, Ted Baillieu.

## CENTRE OF EXCELLENCE REPORT

It was a fantastic season of activities for the Portsea Centre of Excellence in season 2022 - 2023.

Frankston High School, Bronze/SRC camp was well attended in November. Forty three candidates either

completed a new award or requalified their current Lifesaving Certificate. Eight students even completed their IRBC award over the summer and another sixteen completed their Advanced Resuscitation and First Aid certifications. Patrol hours were up for this cohort and it was fantastic to see twenty four students arrive to paddle boards as water safety for the Pier to Perignon. Two students also completed their Training Officer Certificate so will be able to instruct on the next camp in November.

Schools, programs, the Portsea Centre of Excellence (CoE) ran a number of LSV-endorsed Beach Education programs for schools on the Peninsula. Students from Somers Primary School, St Joseph's Hastings, St Mary's Tyabb, Sorrento Primary School and St Joseph's Sorrento participated in events at Somers Beach, Pt Leo and Blairgowrie beaches. In all, over 400 students were involved in the programs and a dozen Portsea/Sorrento members were employed as casual instructors.

School Camps, Portsea has been invited to promote our schools, programs for camps at Lord Mayors Camp and through BayPlay for the coming summer. We have also been asked to schedule in some programs for Mentone Grammar School for their camp at Honeysuckle Point near Shoreham Beach. This is a tremendous opportunity for growth and to reach a broader population.

The inaugural Snippers Program happened in January! The 'Snippers' (seniors nippers) pilot program, aimed at Nipper Grandparents who might be left looking after the kids when the parents go back to work, was conducted over three sessions, involving water safety (waves and rips), CPR and Defibs, and a wet activity of rescues with everyday items. The pilot program had ten participants, and the next group will receive a 'Grey Medallion' certificate of participation endorsed by LSV.

Quarantine Defib, is now in its permanent location at the Campground at Quarantine. Thanks Simon 'Guv' Knight for bringing the skills with the drills.

Southern Peninsula Rescue Squad (SPRS), In February, Portsea ran a CPR course for the SPRS team at the boatshed in Blairgowrie. Sixteen Members of the team were able to renew their certificates.

Sorrento Men's Shed, Portsea was invited to do a Water Safety presentation to the gentlemen (and one lady!) at the Sorrento Men's Shed. Over twenty members were in attendance, and they have booked in a CPR/Defib familiarisation session for September.

The Portsea CoE is now endorsed by LSV to run Training Officer Certificate courses to members of Lifesaving Clubs and we expect to roll out the first weekend course in early October.

A huge thank you to United Energy for making these programs possible through their ongoing support.

## EQUIPMENT DIRECTOR'S REPORT

This season, the name of the game was safety. Over the past few seasons, we've been finding our footing in the new clubhouse, mainly focusing on getting the operational side of the equipment right, such as the storage, procedures, logistics

and ongoing maintenance of all our fantastic gear. This season we endeavoured to minimise risks to our members who volunteer hours of their own time for the safety and wellbeing of others.

With the equipment portfolio getting ever larger, and the prospect of some major projects and commitments over the summer period, I pooled together a group of capable gear-headed clubbies to assist. The mini equipment subcommittee consisted of Finn Nicholas (IRB motors), Blair Nuske (IRB hulls), Elliot Nicoll (trailers), Spencer Thomas (boards), Griffin Mitchell (ATVs) and Tom Nelson (maintenance). As a group, we recognised a few key areas of concern and determined long-term solutions, so that the risks are mitigated beyond our time.

Firstly, the polished concrete floor that existed in the equipment room was becoming a slipping hazard with the pooling of motor oils, water, sand and debris. As such, we engaged a contractor to coat the surface with a durable gritted polyurethane coating with high slip-ratings. The project was funded by a safety-oriented government grant known as the Victorian Emergency Services Equipment Program (VESEP), which matched our funding 2:1. Now, the risk of slipping in the room is remarkably lower, and we feel comfortable knowing kids, volunteers, paid-staff and alike can traverse the room safely.

Secondly, an annual third-party building assessment of our clubhouse concluded that manual handling and storage risks existed in the equipment room. As such, our group reorganised the storage and rack placement, with a focus on placing heavier or larger items at 'hip height', as well as ladders and tubs to store equipment more effectively. A new fuel cabinet was ordered, allowing the 20-kilogram fuel bladders to be stored individually at more appropriate heights. Various trolleys and jacks were purchased to ease transport of heavy goods, and we investigated solutions to make the movement of 60-kilogram IRB motors between racks, trailers and boats safer and more accessible.

Finally, we installed a compressed air system that offers an alternative to sticking one's hand next to a dangerous rotating metal flywheel during the process of drying washed IRB motors. The system has also been successful at preventing de-beading of ATV tires with inflation via a digital pressure regulator, as well as cleaning sandy first-aid and oxygen kits after usage on the beach.

Ultimately as a group we feel we've taken solid steps to mitigate key risks and will continue this process going forward. We hope that the volunteers appreciate the often unnoticed work we do in the 'gear-shed', whilst they carry out the enormous task of saving lives on the beach. For next season, we're looking into improving the radio system with the assistance of Life Saving Victoria, as well as the relocation of bins and clutter outside the front of the Clubhouse! If anyone has any recommendations regarding safety, or the equipment portfolio more generally, we always welcome suggestions and feedback!

On a personal note, I'd like to say an enormous thank you to Hamish McKendrick (the previous Equipment Director), who still mentors me and provides a point of contact for the intricacies of managing such a monumental equipment portfolio. Similarly, to all the volunteers who have assisted me with projects such as the floor resurfacing project, and to volunteers in the Water Safety contingent of the Swim Classic and Pier 2 Perignon events, thank you, I couldn't do it without you.

Wishing everyone a safe and pleasant off-season. It's only autumn and I can't wait for the summertime again!

### ANDREW MAY Equipment Director

Portsea Presentation Night June 2023 - Red Towel - Point Break Patrol.

Portsea Presentation Night June 2023 - Griffin Mitchell Open Club Champion.

## SUSTAINABILITY DIRECTOR'S REPORT

This season the Sustainability portfolio managed to complete some very exciting projects with even bigger and better things to come! We are very proud of the work of the Sustainability team and would like to extend a thank you to all our members who helped this season.

Continuing on from last year, sustainability education programs were delivered in all our summer Nipper and lifesaving programs. These programs were designed to be fun sessions that showcased the important facts about our Portsea environment we live in and how we can help preserve it.

A new initiative of ours was to implement the use of fully synthetic Biomarine Outboard Two Stroke Oil. The oil is a fully biodegradable, low smoke, clean burning oil with less environmental impact than conventional 2-stroke motor oils. We now run this oil in all our IRBs to ensure our impact is reduced and to protect the marine environment we love so much.

One of our big focuses for the season was around our continued effort to ensure our environment is clean for everyone to enjoy. The team, in conjunction with patrol captains, were able to undertake several beach-cleans. Thank you to everyone who came down to support our beach-cleans whether it be on patrol or some of our wonderful members who are always happy to help. The main items of rubbish collected this season were cans and plastic food containers. It's important to remember that Mt Levy Beach, and our club buildings, are housed in a national park, therefore it's vital that after a day at the beach, you take all rubbish home to dispose of correctly.

Last season, with the help of the Accommodation Director Nik Rathmayr, we were able to introduce a waste management system within high-traffic and communal areas. The introduction of recycling and general waste bins has been a success; however, we would like to remind everyone to check if their waste items are recyclable. The recycling and general waste bins have assisted in our goal to provide sustainable alternatives that are accessible to ensure we look after our environment.

2023 and 2024 are going to be very exciting times within the sustainability space with numerous projects in the works, so keep an eye out! If any of this excites you and you are looking for a way to get involved in the Club, the Sustainability Subcommittee is always open and welcoming to anyone willing to get involved. If this interests you, please contact Tom at: [tom.nelson@portseasurf.com.au](mailto:tom.nelson@portseasurf.com.au)

Finally, we would like to thank the Sustainability Subcommittee for their work over the past season, with the commitment and pride shown in their work being impeccable. We are very excited to see the continual growth of our team and our initiatives flourish. Thank you all for a wonderful 2022 - 2023 season.

**Tom Nelson & Finn Nicholas**  
Sustainability Co-Directors

Portsea Nippers Dec 2022

Portsea Presentation Night June 2023.

## MAJOR EVENTS

Throughout this summer season, Portsea SLSC was once again alive and well with a booming social calendar. For the first time in two years, the Club was able to successfully run all its social events at full capacity, without restrictions. This year we wanted to ensure that every demographic of our membership felt as though they had a tailored event put on for them to enjoy, and we can now say with confidence that this was well and truly achieved.

### Season Launch

Our season started off with two new events that worked to both showcase our amazing clubhouse and welcome members to the commencement of the new season. We kicked off the events this summer with the Club's Season Launch put on by our amazing General Manager Rod Leonard. The night was a great success and gave members a taste of what the Club's F&B service had to offer. Following this, we provided new members a chance to take a walking tour through our amazing clubhouse, showing them everything the facilities had to offer while providing an insight into how the Club operates.

### President's Clubs

The start of the New Year was brought in by the commencement of our much-beloved President's Club nights. Every Saturday over January, the deck was alive with awesome sunset tunes provided by our resident DJ Griffin Mitchell, and delicious finger food making the rounds. As a result, these nights were always ones to look forward to. A massive thanks to Georgina Hemmings who pioneered the introduction and facilitation of the new Kid's Activities that took place downstairs, ensuring that the whole family was well entertained.

### Nipper Events

As mentioned previously, no demographic was left out this season, and as a result, we saw both the nippers and their parents dancing the night away this summer. The Nipper parents Cocktail Night saw the deck covered in white attire, with a live band and open bar offering an amazing night for parents to let their hair down. Next, the Nippers swapped out the wine and canapes for juice and lolly bags, with the Nipper Disco making its first return in years. A big thanks goes out to Kristen Sagar and Claire Whitbread, as well as their whole team for putting on these events and making them such memorable nights for the whole Nipper community.

### All Star Golf Day

The Portsea All Star Golf Day saw some of the Club's finest take to the greens at Portsea Golf Course, beautiful weather, music blasting from the ninth hole, and a celebrity appearance from Ricky Ponting making for a very memorable few rounds of golf. Thank you to Balter and GrainShaker for sponsoring the event, and to Wayne Stoll for organising such an awesome day out.

## Portsea Classic Weekend

Finally, the biggest party of the year rolled around with the Portsea Classic after party, which saw the efforts of members involved with the Bay to Surf and Swim Classic rewarded with an absolutely electric night of celebrations. Once again, our resident DJ, Griff, put on an amazing show behind the decks that saw members of all ages having an absolute blast long into the night.

### Captain's Barrel

The crescendo of the social calendar came with this year's Captain's Barrel, where we farewelled our Club Captain, Jess Lamb. The combination of delicious paella and a live rock-out performance from band 'The Geezers' made for an amazing night to send off the social season.

Overall, the 2022 - 2023 season was a great success for our social calendar. Our events were well-attended, and we received positive feedback from our members. We look forward to continuing to organise fun and engaging social events that promote a sense of community and teamwork among our members.

## OSCAR HUNTER Events Director

Portsea Swim Classic Dom Hart in Centre.

## PORTSEA SWIM CLASSIC

After so many years of having to consistently worry about our ability to stage the event at all due to the ravages of the COVID-19 pandemic, January 21, 2023 delivered for us! A magnificent day at Quarantine enabled us to showcase the

beautifully pristine waters and other spectacles that the Pt Nepean National Park delivers. This, along with a fast-flowing current, helped all the swimmers enjoy the various races over the 500m, 1500m and 2500m courses.

With the restrictions that the race has endured due to COVID-19 over the previous three years now behind us, we were able to enjoy an unrestricted environment, allowing for the return of the jumping castle for children, race sponsors, tent and the Dash for Cash event. The lifting of the requirement for mandatory mask-wearing also reduced the impact on swimmers. Without these restrictions, it was no surprise that the 2023 event saw a record number of swimmers take to the water.

This year marked the Portsea Swim Classic's 37th continuous year of the open water swimming event being staged. We are extremely proud of this achievement given that with careful planning and on-day controls we were never forced to resort to staging a virtual race format.

As has become a common occurrence over the years, I am consistently stopped by swimmers and members of the general public, who congratulate the Club on the professionalism and the way the day operates seamlessly. The Portsea Swim Classic is planned and run by Portsea SLSC volunteers, which means that the Club gains the maximum financial benefit from the day. This can only be achieved through the unwavering dedication of the area heads of the Portsea Swim Classic and those in the greater Portsea SLSC community who work so hard prior to and on the day, to enable the event to run. This is something that we should be extremely proud of.

Standing back and watching the Portsea SLSC volunteers efficiently undertaking all of the duties required ensuring that when issues arose, they were quickly resolved without fanfare or disruption to the event, is a very humbling experience. These moments and the joy, banter and camaraderie that you see as swimmers cross the line are the things that help make this such a wonderful event and spectacle.

These events, and the money they raise, are important to Portsea SLSC as they ensure our training programs and other initiatives can be delivered.

We cannot thank the sponsors of the event enough. Their commitment and belief in what we could achieve was critical in allowing us to move forward with the confidence required to effectively deliver the event. In 2023, we had a changing of the guard with Grainshaker stepping into the coveted position of major event sponsor.

## Major Event Sponsors:

Grainshaker

## Gold Sponsors

LGT Crestone,  
RT Edgar Mornington Peninsula

## Silver Sponsors

People4Ocean

## Event Partners

Orca, Dry Ears, Funky Trunks, Funkita, Engine, Spli-trock, Tiro and World Series Swims

For the second year, a massive thank you must also go to the team from RT Edgar, who supported Graham Wells and took control of the main event microphone, and, as in 2022, delivered the day's information, interspersed with a lot of entertainment and banter.

Across all areas required to run a successful event: bag packing, car park, registration, start and finish line, merchandise tent, general helpers and finally the water safety and first aid teams, I think I speak for everyone when I say, 'Thank you, to all the volunteers who selflessly gave up their day, and to the countless others helping in the lead up to the event.

I would like to make a special mention to the core group of people, but certainly not the only people, who once again came together to control specific areas and to support me: Christine Walton, Andrew May, Darren 'Spot' Kerr, Richard 'Tricky' Fischer, Andrew Cox, Tim Adams, Brett Croft, James Nola, Mark Grooby, Matt Mahon, Tony Castricum, Angelo Biviano, Steve Walsh, Mark 'Boohead' Grimshaw, Jenny Nola, Wayne Stoll, Jack White, Natalie Hood, Jason and Glennis Winnett.

The other groups helping us deliver on the day, deserving of a massive thank you, are: Parks Victoria and especially Rick Sissons, The Sorrento CFA, Oz timing and Outlook Communications. The day could not run the way it does without their assistance.

Without the dedication and commitment of these and all the people involved, this event would not have occurred. It was once again a challenging year, but in typical Portsea SLSC fashion, the event ran seamlessly and most importantly of all, the swimmers and spectators all enjoyed a glorious day at Pt Nepean.

Planning has already commenced for the 2024 Classic weekend with the Portsea Swim Classic to be held on Saturday 20th January and the Bay to Surf - Walk and Runs to be held on the evening of Friday 19th January.

Portsea SLSC members and friends who would like to become involved in the Swim Classic Weekend organisation and running, please do not hesitate to contact the Club and let us know. We appreciate any help you can provide to make these events happen.

For sponsorship opportunities please contact the Club. Stay safe and we look forward to seeing you again next year.

## CRAIG EVANS

Portsea Swim Classic Director

## PORTSEA BAY TO SURF

With the enormous success of the inaugural Portsea Bay to Surf event in 2022, we have made this fun run a permanent fixture on our club calendar. On 20th January 2023, 577 runners and walkers took to the start line of either the 9km or 4.5km event at Point Nepean National Park.

The feedback we received from competitors was overwhelmingly positive, so thank you very much to all the on-day volunteers who made this event possible. I would also like to extend a huge thank you to our Site Managers, Jacqui Hart, Sue Crow and James Nola, as well as our First Aid Manager, Jack White and our Administration Manager, Christine Walton. Thank you for going above and beyond to ensure the successful delivery of the event in my absence this year. We would also like to thank our major event sponsors, Brooks and Bared Footwear, who supported us for the second year in a row. Additionally, we would like to thank our event sponsor, Carman's, for their ongoing support. We look forward to working with all our existing sponsors, and new sponsors, in the years to come!

If you are yet to take part in the Bay to Surf, I would strongly encourage you to do so. It's a unique event, traversing through the picturesque landscape of Point Nepean National Park, finishing on the Portsea Back Beach at sunset. Additionally, the three separate races ensure there is something for everyone. Our 4.5km walk caters to families and individuals eager to explore the iconic scenery of the Mornington Peninsula. Our 4.5km run caters to those looking to make their debut into the running arena and our 9km run is designed for the athletes of our community to demonstrate their prowess across roads, trails, and beach.

We are working tirelessly to constantly improve and grow our new event. If you volunteered or competed on the day and have any suggestions for how we could enhance the day, please email me at: [jessica.lamb@portseasurf.com](mailto:jessica.lamb@portseasurf.com).

### JESS LAMB

**Bay to Surf Race Director**

## PIER TO PERIGNON

The Portsea SLSC recently hosted the 35th annual Pier to Perignon swim on a beautiful sunny day with perfect water conditions. The event is a highly anticipated open water swimming race from Sorrento pier to Portsea pier, spanning 4km, and is widely considered a prestigious event in the swimming community.

This year, the event attracted 980 swimmers, and the male and female winners in both the wetsuit and non-wetsuit categories were each awarded a bottle of Dom Perignon.

The Pier to Perignon swim is an event that was started by former Premier of Victoria, Ted Baillieu, and Robert Robertson 35 years ago, and has continued to regularly attract swimmers from all over the world. This year's event was highly successful, with a record number of swimmers competing, and the founders themselves racing each other once again.

The event began at Sorrento pier, and swimmers had to make their way, with a strong current behind them, 4km to reach the Portsea pier. The race was highly competitive, and participants had to battle it out against each other to win the coveted bottles of Dom Perignon. The top swimmers finished the race in just under an hour, with many others following closely behind.

The event was held on a beautiful day, with a light southerly breeze and sunny conditions. The water conditions were perfect, with clear blue waters that allowed swimmers to see the marine life below. The temperature was also ideal, at 22 degrees Celsius, making it a comfortable and enjoyable swim for all participants.

The success of the day was largely due to the hard work of the many volunteers who helped organise the event and ensure the safety of all participants. The Portsea SLSC's water safety crew did an excellent job, and their efforts were highly appreciated by all participants.

The event was also made possible thanks to the generous support of the sponsors, including Kay & Burton, who have been sponsoring the event for 32 years. Other sponsors included LGT Crestone, Tintuppa Landscape, Smith Builders, Light on Landscape and Cousins Travel. Their contributions helped make the event possible and added to its success.

Thank you to all those who helped out, and to those who swam. We look forward to seeing you all back for next year's race on Sunday 18 February 2024.

### SAM PAYNTER

**Pier to Perignon Race Director**

## PORTSEA ALL STARS GOLF DAY 23

After a year's layoff due to COVID-19, it was great to get the annual Portsea All Stars Golf Day back on the agenda for the second time. This year, the increased number of 120 players enjoyed a magic summer day at Portsea Golf Club.

After a light breakfast and quick briefing, a very enthusiastic crowd headed off around the course for a shotgun start. The course was scattered with prizes, which were generously provided by our event sponsors:

**Balter, Crestone, Grainshaker  
Elwood Bathers, TGI Friday's,  
Pedders Suspension & Brakes.**

A new addition to the event this year was the 19th hole shootout, a nearest-the-pin competition that was fiercely fought out on the par-3 7th hole after the completion of the 18-hole competition. Similar to the beer hole in LIV Golf, the crowd at the Balter Beer garden cheered on one nominated player from each playing group to take their chance. Our special guest on the day, James Tomkins OLY, showed that he's also no amateur on the golf course and could handle the intense pressure to finish about 1 meter from the pin, only to be outdone by Sorrento golfer Dave Roberts.

At the completion of the shootout, we all enjoyed lunch and few more Balters while Club President Matt Mahon put James to the test with a few tricky questions.

Overall, it was another great day and we look forward to Friday the 12 January 2024, when we return for the next round of the Portsea All Stars Golf Day.

### WAYNE STOLL

**Portsea All Stars Golf Day Event Director**

Portsea Bay to Surf Jan 2023

## RECOGNITION AND CONTRIBUTORS

### LSV Awards of Excellence

#### Victorian Club of the Year (Beaurepaire Shield)

The Beaurepaire Shield is presented annually by Life-saving Victoria in recognition of its Club of the Year. Portsea SLSC has been recognised in the following years:

2018	Portsea SLSC
2020	Portsea SLSC

#### John Wishart Medal for Life Saver of the Year

The Wishart Medal is named in memory of Portsea Club Captain John Wishart who tragically lost his life at the Portsea Back Beach in 1956 and is awarded to Victoria's Surf Life Saver of the Year. Previous Portsea Winners are:

1959	Peter Glenn
1974	Brian Hall
1979	Steve Reid
1988	Tim Hart
1990	Natalie Hood
2021	Chris Perrott

#### Youth Lifesaver of the Year

The Westpac Youth Lifesaver of the Year is one of LSV's major awards and is granted to someone who delivers on LSV's mission to prevent aquatic related death and injury by drowning in all Victorian communities. Portsea members who have been recipients of this award are:

2021	Andrew May
------	------------

#### Life Saving Victoria Life Members

The following members of Portsea SLSC have been awarded Life Membership of Life Saving Victoria for their services to lifesaving in this state.

1962	Mil Napthine (Deceased)
1981	Roy Boyce (Deceased)
2018	Natalie Hood

#### SLSA Awards

##### Australian Surf Lifesaver of the Year

The Australian Surf Lifesaver of the Year award is presented annually at the Australian Surf Life Saving Championships. Previous Portsea winners are:

1990	Natalie Hood
------	--------------

##### Life Saving Victoria President's Commendation

This award is made by the President of Life Saving Victoria to recognise outstanding service by a club member over an extended period of time.

2011	Ian Campbell
2016	Tim Hart

##### Surf Life Saving Australia

National Medical Advisor and Portsea Life Member Dr Natalie Hood continues to serve Surf Life Saving Australia through her involvement with our peak body as a member of the SLSA Medical Advisors Group and the International Life Saving Medical Committee.

##### Surf Life Saving Australia Life Members

The following members of Portsea SLSC have been awarded Life Membership of Surf Life Saving Australia for their services to lifesaving at a national level.

2019	Natalie Hood
------	--------------

cont,

### **SPONSORS**

The Portsea Surf Life Saving Club is supported by a large and diverse group of sponsors who contribute funds, equipment and services to the Club. We depend greatly on this support to ensure the community service we provide to the public using the beach is first class. Portsea SLSC gratefully acknowledges the generous support of our loyal partners and sponsors, most of whom have faithfully supported the Club, its operations and events for many years.

#### **Portsea SLSC Partner**

United Energy is the major club sponsor. Together with United Energy, the Club is delivering a range of educational programs over the course of this multi-year arrangement.

Inflatable Rescue Boat Crew	52	52	7	
Inflatable Rescue Boat Driver	10	13	3	153
Pain Management	15	-	-	
Resuscitation	36	2	11	
Side-by-Side Vehicle Operator Certificate	48	12	-	
Silver Medallion Aquatic Rescue	10	-	-	
Silver Medallion Patrol Captain	11	-	-	40
Surf Rescue Certificate	101	87	104	1,625
Training Officer Certificate	2	-	-	

Note 1: Records are incomplete for some awards due to changing award standards.

## MEMBERSHIP SUMMARY

### Membership numbers for the various categories for season 2022 - 2023 were:

MEMBERSHIP CATEGORY	2022 / 2023	2021 / 2122	2020 / 2021
Honorary Life	31	31	31
Active(1)	520	477	454
Active Reserve	0	0	2
Associate Life (2)	0	0	0
Active Family Memberships (3)(4)	726	603	531
Additional Active Family Members (5)	2,357	1,997	1,730
Associate Individual	487	539	385
Associate Family Memberships (3)(4)	536	546	526
Additional Associate Family Members (5)	1,195	1,266	1,408
Foundation (6)	123	123	123
Volunteer	5	3	1
Frankston High School (7)	44	0	0
Southern Peninsula Rescue (7)	25	0	0
Nipper	647	615	576
Bronze	75	75	94
Cadet	61	66	74
<b>TOTAL (8)</b>	<b>5,632</b>	<b>5,223</b>	<b>4,820</b>

#### Notes:

1. Active Members: includes all members who attended patrols this season. This number represents a degree of double-counting, as Active members may also be counted as part of an Active Family membership.
2. Associate Life Membership: is a category of membership that was reserved for a group of members who materially assisted with the formation of the Club in 1949. All these members have now passed away.
3. Family Memberships represent the number of family groups in the Club.
4. Families with at least one member actively participating in patrols, Nippers or education camps are eligible for Active Family membership. Other families are eligible for Associate Family membership. This distinction was introduced for the first time in the 2020 - 2021 season.
5. Additional Family Members: members who belong to a family membership, other than the primary family member.
6. Foundation: represents a group of members who were granted honorary family membership in the 1980s.

7. Frankston High School students have been involved in Club activities for many years. A separate category for student membership was introduced for the 2022 - 2023 year.

8. TOTAL: the membership numbers in the table include a degree of double-counting due to members being part of more than one group (e.g.: Nippers are also Additional Family Members; some life members are also Active patrolling members, etc.). The Total figure reported at the foot of the table excludes double-counting and represents the total number of current members of the Club.

#### DONATIONS

In addition to the donations received by the Club specifically in aid of the Clubhouse rebuild project, Portsea SLSC also gratefully acknowledges donations received in 2022/2023 from the following sources:

- The Portsea SLSC Foundation • Rotary Club of Sorrento
- Ritchies Stores Sorrento • Naphthine Fund.

## CLUB AWARDS

### LIFESAVING AWARDS

JR Wright Awarded to the male winner of the handicapped swim that is run throughout the season.  
Phil Harford

Lady Nelson Awarded to the female winner of the handicapped swim that is run throughout the season  
Mackie Hunter

### 50+ Hours

#### 50+ patrol hours in the season.

Jack White	85.83
Sas McNamara	78.81
Andrew May	71.77
Andrew Kiss	66.59
Hayley McKee	63.77
Nicholas Flockart	57.69
Eliza McNamara	57.6
Thomas Sagar	53.16
Heather Gould	52.76
Sophie Courtney	52.19
Tim Hart	51.99
Simon Knight	50.91

### 100+ Hours

#### 100+ patrols hours in the season.

**100% Patrol Attendance - Patrollers (Bronze)**  
Members who attended 100% of rostered patrols in the season.

Charlotte De Zoete	Heather Gould
Andrew Kiss	Alexander Prosser
Jacqui Hart	Peter Wilson
Julian Byrne	Kerri Hart
Janet Theodosi	Finnlay Gillson
Bec Gould	Nick Flockart
Sas McNamara	

#### 100% Patrol Attendance-Patrol Captains (Silver)

Patrol Captains who attended 100% of patrols and have excelled as a Captain.

Flynn Chable	Simon Knight
William Kift	Andrew May
Tim Hart	Jack White

#### 100% Patrol Attendance - 5 Years (Gold)

Members who attended 100% of rostered patrols for 5 consecutive years.

Justin McNamara

#### 100% Patrol Attendance - 10 Years (Platinum)

Members who attended 100% of rostered patrols for 10 consecutive years.

### Junior Patroller of the Year

A patroller under the age of 18 who has put in a high number of hours and has displayed leadership, commitment and a great attitude towards lifesaving.

Thomas Sagar

### Patroller of the Year

A patroller who has put in a high number of hours, and has displayed leadership, commitment and a great attitude towards lifesaving.

Simon Knight

### Gold Standard Patrol Award

Patrol achieved 100% in their patrol audit and did not default on any patrolling days.

### 50 Years of Patrolling

## COMPETITION AWARDS

### Most Improved Nipper Competitor

Nipper competitors who have shown the greatest improvement throughout the season.

Male: Edward Barnaby

Female: Isla Morris

### Charlie Schall Award

Recognises the best male and female team contributor, not necessarily the best athlete. Has shown determination, support of others, leadership, achievement, is team & club oriented, and is reliable & committed.

Male: Harley Lancaster

Female: Freya Regan

### Best Athlete, Nipper Competition

The leading athlete based on carnival results. Vic and Aussie titles are weighted double compared to regular carnivals.

Male: Ted McNamara

Female: Sophie Hall

### U14/15 Club Champion

Based on Championship points

Female: Mia Horskins

Male: Josh Wills &

Patrick Benson

### U17 Club Champion

Based on Championship points

Female: Mackie Hunter

Male: Henry Walters

### U19 Female Club Champion

Based on Championship points

Female: Steph Hunter

Male: Harvey Larke

### Open Club Champion

Based on Championship points

Female: Maggie Betts

Male: Griffin Mitchell

### Masters Club Champion

Based on Championship points

Female: Beverley Thomas

Male: Jim Unkles

### IRB Athlete of the Year

Based on season performance, positive contributions to team dynamic and willingness to support team members, and attendance and presence in training.

Finn Nicholas

### Yencken Cup

(Open Surf Race - Male)

Male Race Winner

Harvey Larke

### Nat Hood Cup

(Open Surf Race -Female)

Female Race Winner

Mackie Hunter

### Competition Directors Award

Competition Team Member who the Director believes has provided outstanding support to the team

Stephen Blewett

### Competitor of the Year

Best Overall Summer or Pool Competition competitor. Based on season's performance.

Campbell Wilson-Moran

cont,

**CLUB AWARDS**

**Pier to Perignon Director's award**

Greatest assistance to the P2P Director in the planning and execution of the P2P event.

Tony Castricum

**Bay to Surf Director's award**

Greatest assistance to the B2S Director in the planning and execution of the B2S event.

Sue Crow

**Portsea Swim Classic Director's award**

Greatest assistance to the PSC Director in the planning and execution of the PSC event.

Darren Kerr

**Junior Development Manager's award**

Greatest assistance to the Junior Development Manager in the planning and execution of Nippers.

Claire Whitbread

**Richard Fisher Award**

Recognises the best contributor to training and assessment of lifesaving awards. Must hold TOC/ASC qualification.

Henry Kiss

**Education Director's award**

Greatest assistance to the Education Director in the planning and execution of training and education.

Nick Flockart

**Golden Shovel**

Awarded to the perpetrator of the most infamous deed during the season. Cannot ever be given to someone who either tries to win it or asks for the award.

WHO WON THIS

**Club Captain's Award**

Greatest assistance to the Club Captain in managing the operations of the Club.

Jack White

**Junior Wishart Award**

A person under the age of 18 who was the best junior contributor to the Club over the season.

Tom Scalzo

**President's Award**

Greatest assistance to the President over the season.

Josh Nilsen

**John Wishart Award**

The all-round best club person. Recommended Criteria: On Committee or Major Sub Committee, Significant Patrol Presence, Serious Competitor, Excellent Leader, very involved in Training, and Special Events, Should also be involved at State Centre Level

Andrew May

**Patrol of the Year (Red Towel)**

Points are tallied according to the Red Towel criteria, which includes patrol attendance, number of 100% patrollers, internal patrol inspections, cleaning duties performed and the number of new awards gained. Point Break

**Portsea SLSC Outstanding Achievement Award**

Awarded to individuals or subcommittees that have excelled in one or multiple areas of Portsea SLSC operations.

**Patrol of the Year (Red Towel)**

The Red Towel is awarded to the best performing patrol team of the season. For the 2022 - 2023 season, the Patrol of the Year award was won by Point Break captained by Alexandra Croft.

## VALE

### LAURIE COX AO

PSLSC recognises the passing of Foundation member and clubhouse rebuild supporter, Laurie Cox AO.

### RICHARD WRIGHT

Richard Wright was the eldest son of club supporter J.R (John) Wright, the sponsor of the weekly handicap surf race 'The JR Wright'. Richard gained his Bronze Medallion in season 1954 - 1955 in a squad trained by Mil Napthine. He served as Vice Club Captain for a number of seasons and was the coach of the Portsea Junior R&R team that won Gold in the Victorian State Titles in season 1959/1960. A great swimmer, he was also remembered for his 500-yard swim to rescue four swimmers swept out beyond the reef.

### ROLLO MOORE

Rollo Moore gained his Bronze Medallion in the season of 1958 - 1959 with luminaries of the early Portsea days in Norm Adams and Andy Wright. Rollo was a handy runner, winning the Club Championship's Beach Sprint in 1960. The committee and those who knew Rollo extend their sympathies to his family.

### REBUILD DONORS

Portsea SLSC wishes to gratefully acknowledge the donors whose generosity and ongoing support made the Clubhouse rebuild project possible. Donors stepped forward from all corners of the Portsea SLSC community and demonstrated a willingness to support the Club that has enabled the creation of an asset that will transform the Club.

As at the end of the Club's 2022 - 2023 financial year, almost all pledges made by donors to the rebuild project have been received. Again, the Club expresses its thanks to all donors who have stood by the Club throughout the rebuild project.

The Club also wishes to again acknowledge the tireless work of life member Nick Martin in managing the Club's rebuild donation campaign.

Portsea Nippers Dec 2022.

## Financial Report for the Year Ended 30 April 2023

### COMMITTEES' REPORT

Your Committee Members submit the financial report of Portsea Surf Lifesaving Club Inc for the financial year ended 30 April 2023.

#### Committee Members

The names of Committee Members during the year and to the date of this report are:

Matthew Mahon	—	President
Brett Croft	—	Deputy President
Tony Martin	—	Treasurer
Robert Mellor	—	Secretary
Jessica Lamb	—	Club Captain
Andrew May	—	Committee Member
Sas McNamara	—	Committee Member
Jacqui Hart	—	Committee Member
James Nola	—	Committee Member
Priscilla Brown	—	Committee Member
Sue Crow	—	Committee Member

#### Principal Activities

The principal activity of the Club during the financial year was as a Surf Life Saving Club.

No significant changes in the nature of the Club's activity occurred during the financial year.

#### Operating Results

The surplus of the Club for the financial year amounted to \$180,196 (2022: \$444,551)

#### Significant Changes in State of Affairs

No other significant changes in the Club's state of affairs occurred during the financial year.

#### Auditor's Independence Declaration

The lead auditor's independence declaration for the year ended 30 April 2023 has been received and can be found on page 2.

Signed in accordance with a resolution of the Members of the Committee.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

The financial report is for Portsea Surf Life Saving Club Inc as an individual entity. Portsea Surf Life Saving Club Inc is a Club incorporated in Victoria and operating pursuant to the *Associations Incorporation Reform Act 2012* and the *Australian Charities and Not-for-profits Commission Act 2012*.

### NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with *Australian Accounting Standards – AASB 1060: General Purpose Financial Statements Simplified Disclosures for For-Profit and Not-for-Profit Tier 2 Entities* of the Australian Accounting Standards Board (AASB) and the *Australian Charities and Not-for-profits Commission Act 2012*. The Club is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for the cash flow information, have been prepared on an accrual basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

#### Accounting Policies

##### a. Revenue

###### *Revenue Recognition*

###### *Operating Grants, Donations, Sponsorships and Bequests*

When the Club receives operating grant revenue, donations, sponsorships or bequests, it assesses whether the contract is enforceable and has sufficiently specific performance obligations in accordance to AASB 15: *Revenue from Contracts with Customers*.

When both these conditions are satisfied, the Club:

- identifies each performance obligation relating to the grant;
- recognises a contract liability for its obligations under the agreement; and
- recognises revenue as it satisfies its performance obligations.

Where the contract is not enforceable or does not have sufficient specific performance obligations, the Club:

- recognises the asset received in accordance with the recognition requirements of other applicable accounting standards (for example AASB 9: *Financial instruments*, AASB 16: *Leases*, AASB 116: *Property, plant and equipment* and AASB 138: *Intangible assets*);
- recognises related amounts (being contributions by Members, lease liability, financial instruments, provisions, revenue or contract liability arising from a contract with a customer, sponsor or funder); and
- recognises revenue immediately in profit or loss as the difference between the initial carrying amount of the asset and the related amount.

If a contract liability is recognised as a related amount above, the Club recognises revenue in profit or loss when or as it satisfies its obligations under the contract.

###### *Member Subscriptions*

Member subscriptions are recognised as income in the year to which they relate. When subscriptions are received that relate to subsequent financial year, the amount received as deferred income is classified as liability.

# Portsea Surf Life Saving Club Inc

ABN 69 006 114 727

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

### *Contributed Assets*

The Club receives assets from the government and other parties at nil or nominal consideration in order to further its objectives. These assets are recognised in accordance with the recognition requirements of other applicable accounting standards (for example AASB 9: *Financial instruments*, AASB 16: *Leases*, AASB 116: *Property, plant and equipment*).

On initial recognition of an asset, the Club recognises related amounts (being contributed by owners, lease liability, financial instruments, provisions, revenue or contract liability arising from a contract with a customer).

The Club recognises income immediately in profit or loss as the difference between initial carrying amounts of the asset and the related amount.

### *Income from sale of goods*

The Club sells merchandising products, and food and beverages to Members. Revenue is recognised when control of the products has transferred to the customer. For such transactions, this is when the products are delivered to the customers.

All revenue is stated net of the amount of goods and services tax.

### *Interest Income*

Interest income is recognised using the effective interest rate method.

## **b. Inventories**

Inventories held for sale are measured at the lower of cost and net realisable value.

Inventories acquired at no cost, or for nominal consideration, are valued at the current replacement cost as at the date of acquisition.

## **c. Property, Plant and Equipment**

Each class of property, plant and equipment is measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of property, plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised in profit or loss. A formal assessment of recoverable amount is made when impairment indicators are present (refer to Note 1(e) for details of impairment).

Plant and equipment that have been contributed at no cost or for nominal cost are valued and recognised at the fair value of the asset at the date it is acquired.

### *Depreciation*

The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a diminishing value basis over the asset's useful life to the Club commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

#### **Class of Fixed Asset    Average Depreciation Rate**

Buildings	2.5%
Fixture & Fittings	14%
Plant and Equipment	33%

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting period. Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the statement of comprehensive income in the period which they arise. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

**d. Financial Instruments**

*Initial Recognition and measurement*

Financial assets and financial liabilities are recognised when the Club becomes a party to the contractual provisions to the instrument. For financial assets, this is the date that the Club commits itself to either the purchase or sale of the asset (i.e. trade date accounting is adopted).

Financial instruments (except for trade receivables) are initially measured at fair value plus transaction costs, except where the instrument is classified "at fair value through profit or loss", in which case transaction costs are expensed to profit or loss immediately. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Trade receivables are initially measured at the transaction price if the trade receivables do not contain a significant financing component or if the practical expedient was applied as specified in AASB 15: *Revenue from Contracts with Customers*.

*Classification and subsequent measurement*

*Financial Liabilities*

Financial liabilities are subsequently measured at:

- amortised cost; or
- fair value through profit or loss.

A financial liability is measured at fair value through profit or loss if the financial liability is:

- a contingent consideration of an acquirer in a business combination to which AASB 3: *Business Combinations* applies;
- held for trading; or
- initially designated as at fair value through profit or loss.

All other financial liabilities are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest expense in profit or loss over the relevant period.

The effective interest rate is the internal rate of return of the financial asset or liability. That is, it is the rate that exactly discounts the estimated future cash flows through the expected life of the instrument to the net carrying amount at initial recognition.

A financial liability is held for trading if it is:

- incurred for the purpose of repurchasing or repaying in the near term;
- part of a portfolio where there is an actual pattern of short-term profit taking; or
- a derivative financial instrument (except for a derivative that is in a financial guarantee contract or a derivative that is in an effective hedging relationship).

Any gains or losses arising on changes in fair value are recognised in profit or loss to the extent that they are not part of a designated hedging relationship.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

The change in fair value of the financial liability attributable to changes in the issuer's credit risk is taken to other comprehensive income and is not subsequently reclassified to profit or loss. Instead, it is transferred to retained earnings upon derecognition of the financial liability.

If taking the change in credit risk in other comprehensive income enlarges or creates an accounting mismatch, then these gains or losses should be taken to profit or loss rather than other comprehensive income.

A financial liability cannot be reclassified.

*Financial assets*

Financial assets are subsequently measured at:

- amortised cost;
- fair value through other comprehensive income; or
- fair value through profit or loss.

Measurement is on the basis of two primary criteria:

- the contractual cash flow characteristics of the financial asset; and
- the business model for managing the financial assets.

A financial asset that meets the following conditions is subsequently measured at amortised cost:

- the financial asset is managed solely to collect contractual cash flows; and
- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates.

A financial asset that meets the following conditions is subsequently measured at fair value through other comprehensive income:

- the contractual terms within the financial asset give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding on specified dates; and
- the business model for managing the financial asset comprises both contractual cash flows collection and the selling of the financial asset.

By default, all other financial assets that do not meet the measurement conditions of amortised cost and fair value through other comprehensive income are subsequently measured at fair value through profit or loss.

The Club initially designates a financial instrument as measured at fair value through profit or loss if:

- it eliminates or significantly reduces a measurement or recognition inconsistency (often referred to as an "accounting mismatch") that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases;
- it is in accordance with the documented risk management or investment strategy and information about the grouping is documented appropriately, so the performance of the financial liability that is part of a group of financial liabilities or financial assets can be managed and evaluated consistently on a fair value basis; and
- it is a hybrid contract that contains an embedded derivative that significantly modifies the cash flows otherwise required by the contract.

The initial designation of the financial instruments to measure at fair value through profit or loss is a one-time option on initial classification and is irrevocable until the financial asset is derecognised.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

**Derecognition**

Derecognition refers to the removal of a previously recognised financial asset or financial liability from the statement of financial position.

*Derecognition of financial liabilities*

A liability is derecognised when it is extinguished (i.e. when the obligation in the contract is discharged, cancelled or expires). An exchange of an existing financial liability for a new one with substantially modified terms, or a substantial modification to the terms of a financial liability, is treated as an extinguishment of the existing liability and recognition of a new financial liability.

The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

*Derecognition of financial assets*

A financial asset is derecognised when the holder's contractual rights to its cash flows expires, or the asset is transferred in such a way that all the risks and rewards of ownership are substantially transferred.

All the following criteria need to be satisfied for the derecognition of a financial asset:

- the right to receive cash flows from the asset has expired or been transferred;
- all risk and rewards of ownership of the asset have been substantially transferred; and
- the Club no longer controls the asset (i.e. it has no practical ability to make unilateral decisions to sell the asset to a third party).

On derecognition of a financial asset measured at amortised cost, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognised in profit or loss.

On derecognition of a debt instrument classified as fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the investment revaluation reserve is reclassified to profit or loss.

On derecognition of an investment in equity which the Club elected to classify under fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the investments revaluation reserve is not reclassified to profit or loss, but is transferred to retained earnings.

**Impairment**

The Club recognises a loss allowance for expected credit losses on:

- financial assets that are measured at amortised cost or fair value through other comprehensive income;
- lease receivables;
- contract assets (e.g. amount due from customers under construction contracts);
- loan commitments that are not measured at fair value through profit or loss; and
- financial guarantee contracts that are not measured at fair value through profit or loss.

Loss allowance is not recognised for:

- financial assets measured at fair value through profit or loss; or
- equity instruments measured at fair value through other comprehensive income.

Expected credit losses are the probability-weighted estimate of credit losses over the expected life of a financial instrument. A credit loss is the difference between all contractual cash flows that are due and all cash flows expected to be received, all discounted at the original effective interest rate of the financial instrument.

The Club uses the following approaches to impairment, as applicable under AASB 9 *Financial Instruments* :

- the simplified approach;

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

*Simplified approach*

The simplified approach does not require tracking of changes in credit risk at every reporting period, but instead requires the recognition of lifetime expected credit loss at all times.

This approach is applicable to:

- trade receivables or contract assets that result from transactions that are within the scope of AASB 15: *Revenue from Contracts with Customers*, and which do not contain a significant financing component, and
- lease receivables.

In measuring the expected credit loss, a provision matrix for trade receivables is used taking into consideration various data to get to an expected credit loss (i.e. diversity of its customer base, appropriate groupings of its historical loss experience, etc).

For the year ended 30 April 2023 the Committee estimate the loss rate to be zero, therefore no expected credit loss allowance was recognised.

**e. Impairment of Assets**

At the end of each reporting period, the Club reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is recognised in profit or loss.

Where the assets are not held primarily for their ability to generate cash inflows – that is, they are specialised assets held for continuing use of their service capacity – the recoverable amounts are expected to be materially the same as fair value.

Where it is not possible to estimate the recoverable amount of an assets class, the Club estimates the recoverable amount of the cash-generating unit to which the class of assets belong.

Where an impairment loss on a revalued individual asset is identified, this is recognised against the revaluation surplus in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that same class of asset.

**f. Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, deposits held at call with banks.

**g. Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities, which are recoverable from or payable to the ATO, are presented as operating cash flows included in receipts from customers or payments to suppliers.

**h. Income Tax**

No provision for income tax has been raised as the Club a Public Benevolent Institution and is exempt from income tax under Division 50 of the *Income Tax Assessment Act 1997*.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

**i. Employee Benefits**

**Short-term employee benefits**

Provision is made for the Club's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries, annual leave and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Club's obligations for short-term employee benefits such as wages and salaries are recognised as part of trade and other payables in the statement of financial position. Contributions are made by the Club to an employee's superannuation fund and are charged as expenditure when incurred.

**j. Trade and Other Receivables**

Trade and other receivables include amounts due from sponsors, outstanding grant receipts and other miscellaneous debtors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment. Refer to Note 1 (d) for further discussion on the determination of impairment losses.

**k. Trade and Other Payables**

Trade and other payables represent the liabilities for goods and services received by the Club that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amount normally paid within 30 days of the recognition of the liability. Trade and other payables are initially measured at fair value and subsequently measured at amortised cost using the effective interest method.

**l. Provisions**

Provisions are recognised when the Club has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

**m. Comparative Figures**

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

**n. Critical Accounting Estimates and Judgments**

The Committee evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Club.

**Key Estimates & Judgements**

*(i) Impairment*

The Club assesses impairment at each reporting date by evaluation of conditions and events specific to the Club that may be indicative of impairment triggers.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

(ii) *Useful lives of property, plant and equipment*

As described in Note 1(c), the Club reviews the estimated useful lives of property, plant and equipment at the end of each annual reporting period.

(iii) *Property Lease*

The Club only has a lease of clubhouse land which is considered a peppercorn lease (lease significantly below-market terms and conditions principally to enable the Club to further its objectives) and the Club has not elected to measure this lease at fair value, the lease cost is considered a low-value lease and as such the Club has elected to apply the 'low-value' exemption in accordance with AASB 16: *Leases*.

(iv) *Performance obligations under AASB 15: Revenue from Contracts with Customers*

To identify a performance obligation under AASB 15, the promise must be sufficiently specific to be able to determine when the obligation is satisfied. The Committee exercises judgement to determine whether the promise is sufficiently specific by taking into account any conditions specified in the arrangement, explicit or implicit, regarding the promised goods or services. In making this assessment, Committee includes the nature/type, cost/value, quantity, and the period of transfer related to the goods or services promised.

(v) *Employee benefits*

For the purpose of measurement, AASB 119: *Employee Benefits* defines obligations for short-term employee benefits as obligations expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. The Committee believe that obligations for part of annual leave entitlements satisfy the definition of short-term employee benefits and are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

**o. New and Amended Accounting Standards Adopted by the Club**

**Initial adoption of AASB 1060: *General Purpose Financial Statements – Simplified Disclosures for For-Profit and Not-for-Profit Tier 2 Entities***

The Club has adopted AASB 1060: *General Purpose Financial Statements – Simplified Disclosures for For-Profit and Not-for-Profit Tier 2 Entities* for the first time this reporting period. The standard, which sets out a new separate disclosure Standard to be applied by all entities that are reporting under Tier 2 of the Differential Reporting Framework in AASB 1053: *Application of Tiers of Australian Accounting*, replaces the previous Reduced Disclosure Requirements (RDR) framework. The application of this standard has resulted in reductions in disclosures compared to RDR in Revenue, Leases and Financial Instruments; however has resulted in new and/or increased disclosures in areas such as Audit Fees and Related Parties.

The adoption of this standard did not have a material impact on the financial statements, hence comparative balances were not restated.

**p. New Accounting Standards and Amendments Not Yet Adopted by the Club**

New standards and amendments are not expected to have a material impact on the financial statements of the Club.

# Portsea Surf Life Saving Club Inc

ABN 69 006 114 727

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

### q. Going Concern

The Club made a surplus of \$180,196 during the year ended 30 April 2023 (for the year ended 30 April 2022: \$444,551), a net cash inflow from operating activities of \$400,782 (for the year ended 30 April 2022: \$998,820), and, as of that date, the Club's current assets exceeded its current liabilities by \$2,550,663 (as at 30 April 2022: \$2,325,237). In addition to generating sufficient cash flows and surpluses, the Club's ability to continue as a going concern and to meet its debts and commitments as they fall due are dependent on:

- The renewal of the crown land lease under which the clubhouse is built on
- The ongoing support of the Club's members

The crown land lease under which the clubhouse is built on expired on 31 December 2019 and remains in an overholding period ever since. The renewal of this lease is pivotal to the Club's ongoing operations and overall survivability. Administrative delays have hindered the timely renewal of the lease. Nevertheless, the Committee is in constant communication with the relevant government agency and expects the lease to be renewed in a similar form.

The Club is a membership based organisation and is reliant on the support of its members to generate sufficient cash flows and surpluses. Membership income remained steady over the past few years and based on the budget, the Committee expects membership income to grow over the coming years.

The Club's surplus and cash inflows from operating activities decreased in the current year primarily due to increased salaries and wages, cost of food and beverages and event costs. Nonetheless, based on the budget, the Committee expects the Club to continue to generate positive operating cash flows and surpluses for the foreseeable future.

Based on the above, The Committee believes that the Club will be able to discharge its debts and liabilities as and when they fall due. Therefore, the Club's financial statements have prepared on a going concern basis.

Should the Club be unable to continue as a going concern, it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts, or to the amount and classification of liabilities that might result should the Club be unable to continue as a going concern and meet its debts as and when they fall due.

The Club's auditors included an emphasis of matter paragraph in the 30 April 2023 Audit Report relating to the Club's ability to continue as a going concern.

<b>Total Trade and Other Payables</b>		<b>120,060</b>	<b>283,516</b>

<sup>1</sup> Trade Payables include an amount payable for a boat which is estimated to be complete in October 2023. The total cost of boat is \$31,060, of which \$12,000 has already been paid by the Club during the year.

**NOTE 9: EMPLOYEE BENEFIT PROVISIONS**

	Note	2023	2022
		\$	\$
Provision for Annual Leave Entitlements		18,657	2,133
<b>Total Employee Benefit Provisions</b>		<b>18,657</b>	<b>2,133</b>

*Movement of Employee Provisions:*

Balance at the Beginning of the Year		2,133	5,192
Provisions Raised		16,524	9,172
Provisions Used		-	(12,231)
<b>Balance at End of Year</b>		<b>18,657</b>	<b>2,133</b>

The provision for employee benefits represents amounts accrued for annual leave.

Based on past experience, the Club expects the full amount of the annual leave balance to be settled within the next 12 months. Further, these amounts must be classified as current liabilities since the Club does not have an unconditional right to defer the settlement of these amounts in the event employees wish to use their leave entitlements.

Walker Wayland Advantage Audit Partnership was engaged only for the provision of audit of financial report service for the year ended 30 April 2023 and not for any other services.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2023

**NOTE 13: RELATED PARTY TRANSACTIONS**

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated

**(a) Key Management Personnel**

Any person/s having authority and responsibility for planning, directing, and controlling the activities of the Club, directly or indirectly, including its Committee Members, is considered key management personnel.

For the 2023 & 2022 year, the totals of remunerations (including Superannuation) paid to Key Management Personnel of the Club is as follows:

	2023	2022
	\$	\$
Total Remuneration Paid	108,572	90,675

No Committee Member is entitled to any compensation in performing their duties as a Committee Member.

**(b) Other Related Parties**

Other related parties include close family members of Key Management Personnel and entities that are controlled or jointly controlled by those Key Management Personnel individually or collectively with their close family members.

For the 2023 and the 2022 financial year there were family members of various Key Management Personnel (amongst others) working in the food & beverage and/or administration area at the club on a casual basis throughout summer at commercial market rates, in addition to services and/or product provided to the value of under \$2,500 to a family member of a member of Key Management Personnel.

**NOTE 14: CONTINGENT LIABILITIES & ASSETS**

The Club does not have any contingent liabilities or assets as at 30 April 2023 other than those which have been disclosed elsewhere in the financial statements (30 April 2022: *Nil*)

**NOTE 15: COMMITMENTS**

The club redevelopment has been completed and there is no further commitment as at 30 April 2023 (30 April 2022: *Nil*).

**NOTE 16: EVENTS AFTER THE REPORTING PERIOD**

The Committee is not aware of any matters or circumstances that have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Club, the results of those operations, or the state of affairs of the Club in future financial years.

**NOTE 17: SEGMENT REPORTING**

The Club operates in one business & geographical segment being the provision of lifesaving services at Portsea Back Beach Mount Levy, Victoria.

COMMITTEE MEMBERS' DECLARATION

In accordance with a resolution of the Committee of Portsea Surf Life Saving Club Inc, the Committee of the Club declare that, in the Committee's opinion:

The financial statements and notes, as set out on pages 3 to 23, satisfy the requirements of the *Associations Incorporation Reform Act 2012* and *Australian Charities and Not-for-profits Commission Act 2012* and:

- (a) comply with *AASB 1060: General Purpose Financial Statements Simplified Disclosures for For-Profit and Not-for-Profit Tier 2 Entities*; and
- (b) give a true and fair view of the financial position of the Club as at 30 April 2023 and of its performance for the year ended on that date.

There are reasonable grounds to believe that the Club will be able to pay its debts as and when they become due and payable.

This declaration is signed in accordance with subs 60.15(2) of the *Australian Charities and Not-for-profits Commission Regulation 2022*.

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PORTSEA SURF LIFESAVING CLUB INC

We have audited the accompanying financial report of Portsea Surf Lifesaving Club Incorporated (the "Club"), which comprises the statement of financial position as at 30 April 2023, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the statement by the Committee.

In our opinion, the accompanying financial report of the Club is in accordance with *Division 60-40* of the *Australian Charities and Not-for-profits Commission Act 2012* (the "ACNC Act"), including:

- (i) giving a true and fair view of the Club's financial position as at 30 April 2023 and of its financial performance for the year ended on that date; and
- (ii) complying with *Australian Accounting Standards – AASB 1060: General Purpose Financial Statements - Simplified Disclosures for For-Profit and Not-for Profit Tier 2 Entities* and *Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2022*.

### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Club in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the "Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Emphasis of Matter – Going concern

We draw attention to Note 1(q) in the financial report, which indicates that the Club's ability to continue as a going concern is dependent on the renewal of the crown land lease under which the clubhouse is built on and the ongoing support of its members. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts, or to the amount and classification of liabilities that might result should the Club be unable to continue as a going concern and meet its debts as and when they fall due.

Our opinion is not modified in respect of this matter.

## **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PORTSEA SURF LIFESAVING CLUB INC (CONTINUED)**

### **Other Information**

The Committee are responsible for the other information. The other information comprises the information included in the annual report for the year ended 30 April 2023 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Committee's Responsibility for the Financial Report**

The Committee is responsible for the preparation of the financial report, which gives a true and fair view in accordance with *Australian Accounting Standards – AASB 1060: General Purpose Financial Statements - Simplified Disclosures for For-Profit and Not-for Profit Tier 2 Entities* and the ACNC Act, and for such internal control as the Committee and management determines is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee is responsible for assessing the Club's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Club or to cease operations, or has no realistic alternative but to do so.

### **Auditor's Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF PORTSEA SURF LIFESAVING CLUB INC (CONTINUED)**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Club's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee.
- Conclude on the appropriateness of the Committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Club's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Club to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
